

Vendor Questions and Green Dot Answers for RFP #17-01

Updated 12/2/2016

1. The document "Evaluation Standards" is mentioned as a required response for bidders. However, we have not been able to locate this document. Could you please clarify if this is meant to be the Evaluation Matrix within the RFP, or a separate document?

Answer:

Evaluation Standards is the Bid Evaluation Matrix contained within the RFP. It is not a separate document. The Bid Evaluation criteria below is copied directly from the RFP and is listed again for your convenience:

Item	Evaluation Weight
Eligible Price	40%
Technical Solution	20%
Transition Plan	20%
Experience with District	10%
References	10%

2. We have received a Bid Form A, B, C, and E. Is there a Bid Form D that is missing?

Answer:

Bid Form D was intentionally removed as it is not relevant to Green Dot Schools in Tennessee. You do not need to answer a Bid Form D.
