STATEMENT OF PURPOSE & ELD VISION

The Green Dot Public School Master Plan for Emergent Bilinguals lays out the district's vision for equitably educating our culturally and linguistically diverse students.

The purpose of the Master Plan is to support all stakeholders in understanding and providing feedback on our Emergent Bilingual programs. The Master Plan provides information for school leaders to follow identification and placement procedures, programming options available for Emergent Bilingual students, resources for instructional leaders on how to implement and monitor integrated and designated instruction for those programs, and ideas for parent and community involvement. The content included in the Master Plan serves to ensure all schools within Green Dot Public Schools are in compliance and meeting state requirements while also fulfilling Green Dot's vision to foster the development of English Learners' identity as Emergent Bilingual students by valuing home language and life experiences. We will create equitable and rigorous instructional and school experiences for all EBs in order to prepare them for college, career, and the 21st century.

We will achieve this by...

- Enhancing instructional programs and professional development to ensure ELs are engaged in rigorous, intellectually rich, and challenging content.
- Valuing family and community members as partners, capitalizing on the language, skills, culture and experiences they bring to the table.
- Ensuring all stakeholders feel a sense of ownership and urgency to serve the needs of ELs.
- Empowering all teachers as Integrated ELD teachers in coordination with content curriculum teams and through professional development that focuses on our Integrated Instructional Principles.
- Ensuring all Integrated and Designated teachers know how to teach with the CA ELD Standards, ELA/ELD Framework and prepare students for the ELPAC.
- Helping schools use multiple data sources to accurately monitor, place and support ELs throughout their schooling.
- Providing schools with curriculum and PD that help English Learners build confidence and communication skills in order to advocate for themselves and take ownership of their learning.
- Ensuring that cultural and linguistic identities of English learners are affirmed in the curriculum.
- Encouraging and modeling the use of curriculum and texts that celebrate English Learner identities.
- Developing an EL Master Plan that effectively codifies supports and services for ELs as well as compliance to Title III requirements.
- Collaborating with the Sped department to support teachers to write and implement IEP ELD goals, prioritize ELs' language needs, and support the reclassification of ELs with IEPs.
- Supporting cross-departmental and school-wide conversations about the social-emotional needs of English Learners and ways to address them.

CHAPTER 1: IDENTIFICATION, ASSESSMENT & PLACEMENT

Green Dot Public School's process for initial identification and placement of students into an appropriate instructional program is shown in Table 1 and is explained in detail below. This process has been adopted to ensure that there is consistency in enrollment procedures, including assessment, information given to parents concerning program options, and placement of students in appropriate programs based on assessment results and parental choice. Student enrollment and assessment takes place at the school sites by trained staff members.

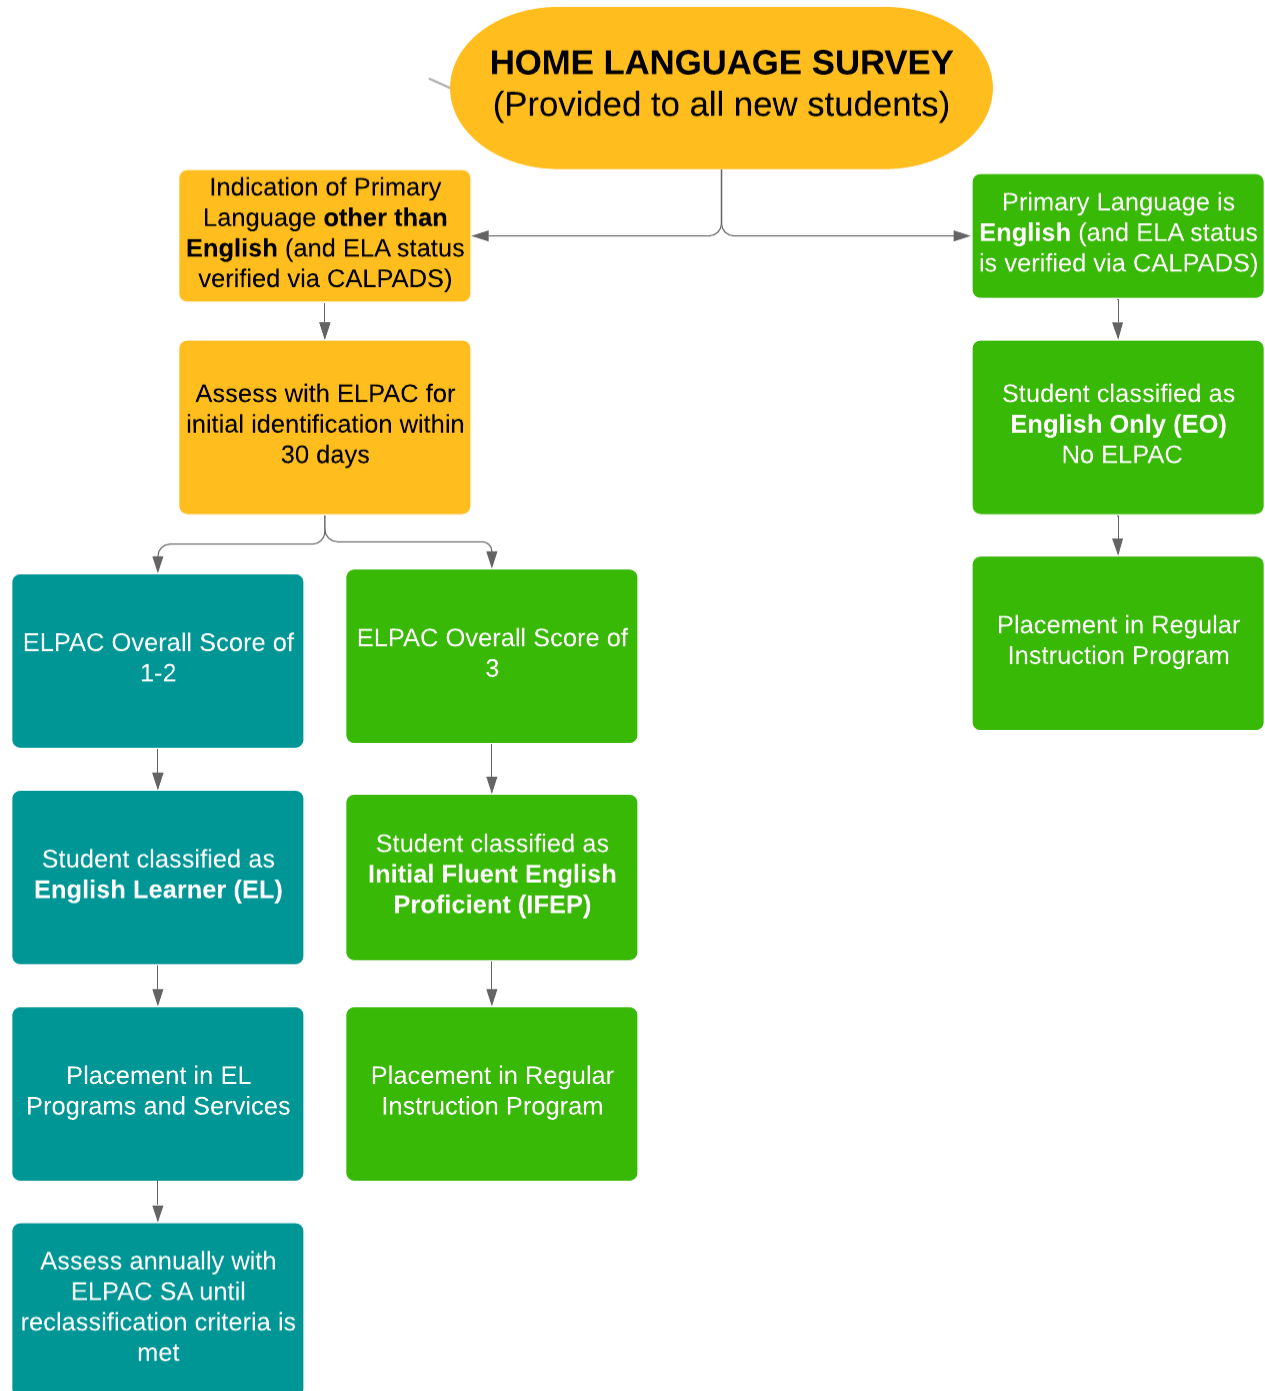

Step 1: Procedures For Initial Identification

- Parents complete a Home Language Survey at the time of first enrollment at a GD school. This survey consists of four questions pertaining to the home language of the family. As standard procedure, this form is to be included in the enrollment packet at all schools, and all four questions must be answered.
- All students (including migrant, special education, and continuation school students) with a language other than English on the Home Language Survey must be assessed for English language proficiency at the school site. If the Home Language Survey indicates another language other than English, the school site will administer the English Learner Proficiency Assessment for California Initial Assessment (ELPAC IA), a language proficiency assessment. The completed Home Language Survey in the parent's primary language must be kept on file in the student's permanent cumulative folder.
- Results of the Home Language Survey are coded on PowerSchool on the student language census page under "custom screens."

HOME LANGUAGE SURVEY/ENCUESTA DEL IDIOMA NATAL EN CASA:		
Public schools are required to determine the language(s) spoken in the home of all students. This information is very important for providing adequate instructional programs and services. Please answer the following questions with only one language per line/Las escuelas publica para determinar el idioma(s) hablado en el hogar de todos los estudiantes. Esta información es muy importante para poder proporcionar los programas y servicios adecuados a nuestros estudiantes. Por favor conteste las siguientes preguntas con solo un idioma por línea.		
75. What language did your child learn when he/she first began to talk (check one only)?/ ¿Qué idioma aprendió su hijo/a cuando él/ella comenzó a hablar (marque uno sólo)?	<input type="checkbox"/> English	<input type="checkbox"/> Spanish <input type="checkbox"/> Other: _____
76. What language does your child use most frequently at home (check one only)?/ ¿Qué idioma utiliza su hijo/a más frecuentemente en casa (marque uno sólo)?	<input type="checkbox"/> English	<input type="checkbox"/> Spanish <input type="checkbox"/> Other: _____

79. Has the student ever received any formal English language instruction in an "English as a second language" ("ESL") or "English language development" ("ELD") program?/¿Ha recibido el estudiante cualquier instrucción formal del idioma ingles en el programa de "ingles como segundo idioma" ("ESL") o "desarrollo del idioma ingles" ("ELD")?	<input type="checkbox"/> Yes/Sí <input type="checkbox"/> No	

Reasonable Doubt on Home Language Survey

If the parent's/guardian's response to the first three questions on the HLS is English, and the response to the fourth question is other than English, then reasonable doubt may exist as to the student's home language. The school's EL designee/administrator must research the student's home language background using the following indicators, as well as conduct consultation with the student's parent/guardian:

- The parent/guardian requires an interpreter to communicate in English.
- The parent/guardian speaks to their child in a language other than English.
- The HLS is completed in a language other than English (including spelling the word "English" in another language; e.g. inglés).
- The student initiates interaction with his or her parents/guardians in a language other than English.
- It is revealed that the child, while their parent/guardian is at work, is under the care of a person(s) who speaks a language other than English.
- The student, after having been enrolled in the Mainstream English Program designed for students with fluent-English proficiency for a reasonable length of time demonstrates a lack of comprehension regarding instruction and classroom/school routines conducted in English.

If there is evidence of significant non-English exposure, then the pupil must be administered the state English language proficiency assessment, ELPAC. The parent/guardian will be consulted by a certificated staff member regarding the need to administer the assessment, the results, and the subsequent program placement of the child.

Note: When reasonable doubt is established, the school must annotate the HLS to document the reasons for the administration of the Initial ELPAC.

Amending the Home Language Survey

The parent/guardian has the right to amend the HLS at any time. However, any changes to the HLS will need to be made by the parent/guardian prior to the ELPAC Summative Assessment window. If the parent/guardian amends the HLS prior to ELPAC Summative administration, the school must honor the changes made while continuing to take reasonable doubt into consideration. If there is no reasonable doubt as to the student's English language proficiency, the school must initiate the Language Classification Correction process.

[Return to Table of Contents](#)

Step 2: English Language Proficiency Assessment

- Within 30 calendar days of initial enrollment, the school site administers the ELPAC IA to all students based on the Home Language Survey for grades 6-12. The students' language classification is also verified in the California Longitudinal Pupil Achievement Data System (CALPADS) prior to assessment to ensure the student has not been previously classified as an English Learner in a former district. Based on results of the ELPAC, parents will be notified that their child has been identified as:
 - **English Learner (EL)** - minimally developed in English, recommended for Structured English Immersion (SEI) program placement
 - **English Learner (EL)** – somewhat or moderately developed in English and recommended for English Language Mainstream (ELM) program placement
 - **Initial Fluent English Proficient (IFEP)** recommended for the district's regular instructional program
 - **English Learner Students with Disabilities (EL SWDs)** - will be registered according to their Individualized Education Program (IEP)

Step 3: Parent Notification

Families of students whose primary language is not English will receive the following notifications:

- Not later than 30 calendar days after the beginning of the school year, each parent/guardian of a student participating in, or identified for participation in, a language instruction program supported by federal Title III funds shall receive notification of the assessment of his/her child's English proficiency. The notice shall include all of the following: (Education Code 440; 20 USC 6312)
 - The reason for the student's classification as English language learner
 - The level of English proficiency
 - Reclassification criteria
 - Graduation rate (high school only)
 - A description of the program for English language development instruction, including a description of all of the following:
 - The manner in which the program will meet the educational strengths and needs of the student
 - The manner in which the program will help the student develop his/her English proficiency and meet age-appropriate academic standards
 - The specific exit requirements for the program, the expected rate of transition from the program into classrooms not tailored for English language learner students, and the expected rate of graduation from secondary school if Title II funds are used for students in secondary schools
 - Where the student has been identified for special education, the manner in which the program meets the requirements of the student's IEP
 - Information regarding a parent/guardian's option to decline to allow the student to become enrolled in the program or to choose to allow the student to become enrolled in an alternative program.
 - Information designed to assist a parent/guardian in selecting among available programs, if more than one program is offered.

[Return to Table of Contents](#)

- Parent/guardians also shall be notified of the results of any reassessments. (Education Code 52164.3)
- Within 30 days of initial enrollment, parents of English Learners with an Individualized Education Program (IEP), will be informed by the school how the current program will meet the objectives of the IEP.

Initial ELPAC Computer-based Assessment

Directions: Adapt this letter by inserting school information where indicated in brackets.

[INSERT DATE MAILED]

Dear Parent/Guardian:

When registering your child for school, you listed that your child speaks a language other than English. In California public schools, all students entering school for the first time will be assessed with the Initial English Language Proficiency Assessments for California, or "Initial ELPAC," if their home language is not English.

The Initial ELPAC is a required test that will help identify students who need help learning English by determining whether the student is an English learner or is fluent in English. This is important so they can get the support they need to do well in all school subjects. Your child's voice is being recorded as part of the Speaking portion of the computer-based test. A small percentage of student responses will be used to validate the accuracy of scoring and will not be used for identification. All recorded responses will be destroyed after the scores are validated.

Based on the Home Language Survey results, your child will be assessed with the Initial ELPAC.

You are an important part of your child's education. To help your child get ready for the test, you can:

- Read to your child or have your child read to you on a regular basis.
- Use pictures and ask your child to tell you what they see, or what is happening in each picture.
- Provide your child with opportunities to use language outside of school.
- Talk with your child's teacher about your child's listening, speaking, reading, and writing skills to help support their progress.

To learn more about the ELPAC, go to the California Department of Education Parent Guides to Understanding web page at <https://www.cde.ca.gov/ta/tg/ca/parentguidetounderstand.asp>.

You also can review sample test questions on the practice tests, which can be found on the ELPAC Starting Smarter website at <https://elpac.startingsmarter.org/>.

If you have any questions about your child taking the ELPAC, please contact **[insert name of school contact]** at **[insert phone number and/or e-mail address]**.

Please note this is the only opportunity for parents/guardians to formally correct your child's English Learner classification if you believe there was an error in reporting on the home language survey. Once your child is classified as an English learner after the Initial ELPAC and takes the Summative ELPAC, this status cannot be changed until your child is formally reclassified as Fluent English Proficient.

Sincerely,

[Insert name of EB Administrator]

Notification of Initial English Language Program Placement

Student: Abel Training
Grade Level: 7
LTEL: No
Newcomer: No

School: Training School
EL Term Status: EL

Our school district provides a program of language instruction for English Language Learners (EL Terms) to attain English proficiency, and meet the same challenging academic content and student achievement standards expected of all students.

Upon enrollment, a language other than English was noted on your child's Home Language Survey. According to state and federal law, our school district is required to assess the English language proficiency of your child in listening, speaking, reading, and writing. Based on the results of the ELPAC, a state-approved assessment for measuring English language proficiency, we are pleased to inform you that your child is eligible for services for English Language Learners. Below, please find results that have informed our decision, information about our language programs, and your rights as a parent.

Abel took the **ELPAC** on **2/28/2020** and their results are listed below:

Composite	Scale Score	Performance Level
Overall	1606	4
Oral	1617	4
Written Language	1594	3

Additional factors used to determine your child's program eligibility:

Teacher's recommendation
Classroom performance
Parent consultation
RI (Lexile) Score

Teachers of English Language Learners provide a variety of specialized services until students demonstrate skills in English sufficient for them to succeed academically in the regular classroom. While the rate of English language development (ELD) varies between students, many exit the ELD program in 8 years. Your child's English language development will be assessed annually until he/she achieves: a score of at least 4 on the ELPAC, a score of at least C or higher on the Current ELA Grade Report, a score of at least 800+ on the RI Assessment (Grade 6), a score of at least 850+ on the RI Assessment (Grade 7), a score of at least 900+ on the RI Assessment (Grade 8), a score of at least 925+ on the RI Assessment (Grade 9), a score of at least 950+ on the RI Assessment (Grades 10-12), and meets specific academic achievement requirements. Students who exit the program are monitored for academic success for 4 years.

All children, regardless of English proficiency, are eligible to participate in all school-wide programs. If your child has an Individualized Education Plan (IEP), or a 504 plan, the language instruction educational program will be utilized in coordination with your child's existing plan.

As a parent, you have the right to decline enrollment in a program or type of service, withdraw your child from the program at any time, or choose another program if available. However, LEAs remain obligated to provide the student meaningful instruction (5 CCR Section 11302) until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time. If you have any questions about your child's placement or the type of program options available to you, please contact _____ at _____.

<input type="checkbox"/>	Yes , I approve of this placement for my child.
<input type="checkbox"/>	No , I would like to decline this placement for my child and will contact the school to discuss the options available for my child's English language development. I understand that my child will be tested annually on a state-approved ELP

K-12 Program Services for English Language Learners

Our school district provides English language instruction within the context of academic content – using grade-level curriculum – to students at all levels of English language proficiency (ELP) by offering the following programs:

Newcomer Program

Newcomer Program: A short-term program that teaches English and acculturation to U.S. schools, as well as academic subjects. The Newcomer Program is for students who are recent immigrants to the United States, with limited English proficiency and/or limited education in their native countries. Students attend special classes separate from native English-speaking students for a limited period of time.

Structured English Immersion

Structured English Immersion: The goal of this program is acquisition of English language skills so that the ELL student can succeed in an English-only mainstream classroom. All instruction in an immersion strategy program is in English. Teachers have specialized training in meeting the needs of ELL students.

Parents/Guardians may choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible.

Additional factors used to determine your child's program exit

- Teacher's recommendation
- Classroom performance
- Parent consultation
- Comparison of performance in basic skills

Students who exit the program are monitored for academic success for 4 years.

Throughout the school year, you will have many opportunities to learn about your child's progress in academics and learning English. I encourage you to attend parent-teacher conferences and school events to support your child's academic success.

Your efforts will help us meet the 2022/2023 expected rate for graduation of 81%.

Choosing a Language Acquisition Program

Parents or guardians may choose a language acquisition program that best suits their child (EC Section 310). Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible. They provide instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards (20 U.S.C. Section 6312[e][3][A][iii],[v]); EC Section 306[c]).

Language Acquisition Programs Offered

We are required to offer, at minimum, a Structured English Immersion (SEI) program option (EC Section 305[a][2]).

Parents or guardians may choose a language acquisition program that best suits their child (EC Section 310). Schools in which the parents or guardians of 30 students or more per school or the parents or guardians of 20 students or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible (20 U.S.C. Section 6312[e][3][A][vii][III]); EC Section 310[a]). Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan (EC Section 52062). Although schools have an obligation to serve all EL Term students, parents or guardians of English learners have a right to decline or opt their children out of a school's EL Term program or out of particular EL Term services within an EL Term program. If parents or guardians opt their children out of a school's EL program or specific EL services, the children retain their status as English learners. The school remains obligated to take the affirmative steps required by Title VI of the Civil Rights Act of 1964 and the appropriate actions required by the Equal Educational Opportunity Act of 1974 to provide EL students access to its educational programs (20 U.S.C. sections 1703[f], 6312[e][3][A][viii]).

	Yes, I approve of this placement for my child.
--	------------------------------------------------

No, I would like to decline this placement for my child and will contact the school to discuss the options available for my child's English language development. I understand that my child will be tested annually on a state-approved ELP assessment until he/she attains English proficiency.

Dear Parent(s) or Guardian(s)

Your child continues to be identified as an English learner. Each year, we are required to assess your child and notify you of your child's proficiency level in English. We are required to inform you of the language acquisition program options available. From these options, you may choose the one that best suits your child (California Education Code [EC] Section 310). This letter also explains the criteria for a student to exit the English learner (EL) status (20 United States Code [U.S.C.] Section 6312[e][3][A][ii]).

All children, regardless of English proficiency, are eligible to participate in all school-wide programs. If your child has an Individualized Education Plan (IEP), or a 504 plan, the language instruction educational program will be utilized in coordination with your child's existing plan.

Long-Term English Learner (LTEL)

Long-term English learner (LTEL) means an English learner who is enrolled in any of grades 6 to 12, inclusive, has been enrolled in schools in the United States for more than six years, has remained at the same English language proficiency level for two or more consecutive years as determined by the California English Language Development Test (CELDT), English Language Proficiency Assessment for California (ELPAC) or any successor test, and scores far below basic or below basic on the English language arts standards-based achievement test, or any successor test.

English Learner "At-Risk" of Becoming a Long-Term English Learner ("At-Risk")

English learner at risk of becoming a long-term English learner means an English learner who is enrolled in any of grades 5 to 11, inclusive, in schools in the United States for four years, scores at the intermediate level or below on the CELDT, ELPAC or any successor test, and scores in the fourth year at the below basic or far below basic level on the English language arts test of the California Standards Tests, or any successor test, he or she is identified as an English Learner at risk of becoming an LTEL.

Graduation Rate for English Learners 20 U.S.C. Section 6312[e][3][A][vi]

The expected rate of graduation for students in this program is 81 percent. The graduation rate displayed on the Graduate Data report, available on the California Department of Education DataQuest web page at <https://dq.cde.ca.gov/dataquest/>

Choosing a Language Acquisition Program

Parents or guardians may choose a language acquisition program that best suits their child (EC Section 310). Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible. They provide instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards (20 U.S.C. Section 6312[e][3][A][iii],[v]); EC Section 306[c]).

Language Acquisition Programs Offered

We are required to offer, at minimum, a Structured English Immersion (SEI) program option (EC Section 305[a][2]).

Structured English Immersion

Structured English Immersion Students who score at less than reasonable fluency are placed in an SEI program and are taught overwhelmingly in English. Some assistance may be provided in the primary language. Students are taught English Language Development (ELD) and other core subjects by authorized teachers using district-adopted textbooks and supplementary materials. Instruction is based on ELD and grade-level content standards.

Newcomer ELD Program

Newcomer Program A short-term program that teaches English and acculturation to U.S. schools, as well as academic subjects. The Newcomer Program is for students who are recent immigrants to the United States, with limited English proficiency and/or limited education in their native countries. Students attend special classes separate from native English-speaking students for a limited period of time.

Push In/Pull Out Designated Instruction

Pull Out/Push In ESL An English program that serves identified EL Term students in English only by providing a certified teacher to provide English language arts instruction exclusively, while the student remains in a mainstream instructional arrangement in the remaining content areas. Instruction may be provided by the ESL teacher in a pull-out or inclusionary delivery model.

Small Group Designated Instruction

Structured English Immersion The goal of this program is acquisition of English language skills so that the ELL student can succeed in an English-only mainstream classroom. All instruction in an immersion strategy program is in English. Teachers have specialized training in meeting the needs of ELL students.

Co-Teaching

Structured English Immersion The goal of this program is acquisition of English language skills so that the ELL student can succeed in an English-only mainstream classroom. All instruction in an immersion strategy program is in English. Teachers have specialized training in meeting the needs of ELL students.

Whole Class Designated Instruction

Structured English Immersion The goal of this program is acquisition of English language skills so that the ELL student can succeed in an English-only mainstream classroom. All instruction in an immersion strategy program is in English. Teachers have specialized training in meeting the needs of ELL students.

Parents or guardians may choose a language acquisition program that best suits their child (EC Section 310). Schools in which the parents or guardians of 30 students or more per school or the parents or guardians of 20 students or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible (20 U.S.C. Section 6312[e][3][A][viii][III]; EC Section 310[a]). Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan (EC Section 52062). Although schools have an obligation to serve all EL Term students, parents or guardians of English learners have a right to decline or opt their children out of a school's EL Term program or out of particular EL Term services within an EL Term program. If parents or guardians opt their children out of a school's EL program or specific EL services, the children retain their status as English learners. The school remains obligated to take the affirmative steps required by Title VI of the Civil Rights Act of 1964 and the appropriate actions required by the Equal Educational Opportunity Act of 1974 to provide EL students access to its educational programs (20 U.S.C. sections 1703[f], 6312[e][3][A][viii]).

Throughout the school year, you will have many opportunities to learn about your child's progress in academics and learning English. I encourage you to attend parent-teacher conferences and school events to support your child's academic success.

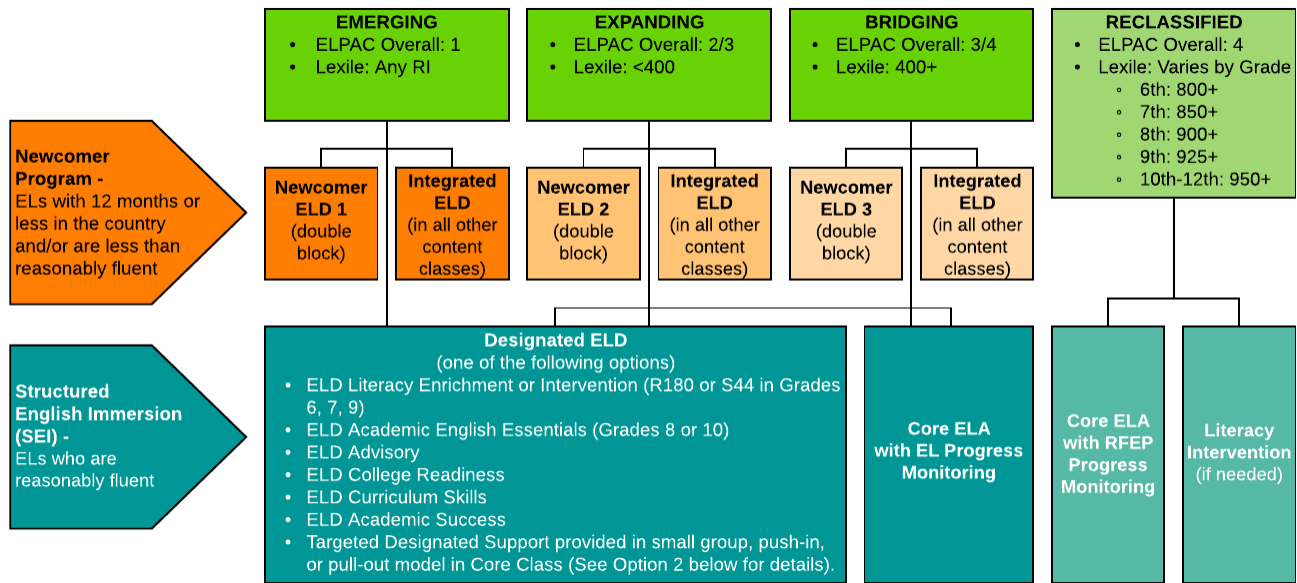

Sincerely,

EL Administrator

Step 4: Program Placement

- Students will be provided Designated Supports according to the chart below. For further details, please reference Ch. 2.

EL Placement Chart

Note: Ideally, all students with fewer than 12 months in the country and minimally developed oral (listening and speaking) and written (reading and writing) English skills should be placed in a Newcomer Program. Schools with too few students to offer a Newcomer ELD program may include ELs in the most appropriate Designated course and ensure that students receive supplemental instruction appropriate to their proficiency level with curriculum such as Imagine Learning.

Parental or Guardian Choice of Language Acquisition Program

At the beginning of each school year, parents/guardians shall be informed of the placement of their children in a language acquisition program (Education Code 310; 5 CCR 11309):

- a. Parents or legal guardians of pupils enrolled in the school may choose a language acquisition program that best suits their child pursuant to this section. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible, based upon the requirements of Section 305.
- b. If a school district implements a language acquisition program pursuant to this section, it shall do the following:
Provide, as part of the annual parent notice required pursuant to Section 48980 or upon enrollment, the parent or legal guardian of a minor pupil with information on the types of language programs available to pupils enrolled in the school district, including, but not limited to, a description of each program.

All Green Dot parental notification letters include the following section:

K-12 Program Services for English Language Learners

Our school district provides English language instruction within the context of academic content – using grade-level curriculum – to students at all levels of English language proficiency (ELP) by offering the following programs:

Newcomer Program
Newcomer Program: A short-term program that teaches English and acculturation to U.S. schools, as well as academic subjects. The Newcomer Program is for students who are recent immigrants to the United States, with limited English proficiency and/or limited education in their native countries. Parents/Guardians may choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible.

Parental Exception Waiver

Green Dot Public Schools, in compliance with Title 5, California Education Code 300-340, instructs English learners (ELs) in a Structured English Immersion Program. However, if a parent/guardian would like their child to be placed in an alternative program, the California Education Code (310 and 311) gives parents/guardians of English learners the right to request an alternative program of instruction for their child using a Parental Exception Waiver.

Professional Development for Staff and Administrators on Initial Identification, Placement, Parental Rights and Informed Consent

The school site will provide ongoing professional development for administrators and staff, including special education teachers and staff, on legal requirements and district procedures relating to the implementation of this English Learner Master Plan including:

- Initial identification
- Placement options and procedures
- CA ELD Standards and Designated and Integrated ELD Instruction
- Parental rights and informed consent.

Those who participate in the training include but are not limited to: district and site administrators, teaching staff, district staff, office staff members responsible for registration, English Learner program facilitators, special education teachers, and other support staff as necessary.

CHAPTER 2: INSTRUCTIONAL PROGRAMS

Understanding Secondary English Learners

Adolescent English Learners enrolled in secondary schools bring a variety of educational and cultural assets to their classes.

According to federal law governing Elementary and Secondary Education, the Every Student Succeeds Act (2015), an EL is an individual:

- Aged 3 to 21
- Enrolled in (or preparing to enroll in) an elementary or secondary school
- Who was not born in the U.S. and whose native language(s) is a language(s) other than English
- Who was born in the U.S. and whose native language(s) is a language(s) other than English
- Whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual the ability to meet challenging state academic standards; the ability to successfully achieve in a classroom where the language of instruction is English; or the opportunity to participate fully in society. (ESEA Section 8101[20])

Types of Language Learners

In order to develop and implement an effective program it is critical to identify each student's level of language proficiency, both in English and in their native language. It is also important to distinguish between different types of English learners based on their experience learning language and the length of time they

[Return to Table of Contents](#)

have been classified an EL. There are four types of ELs enrolled in Green Dot Schools at the secondary level. These include:

1. Newcomers with formal schooling
2. Newcomers with limited formal schooling
3. Long Term English Learners (LTELs) with 6 or more years in any U.S. English Learner program
4. English Learner “At Risk” of Becoming an LTEL (AR-LTEL)

Instructional Program Descriptions for English Learners (6-12)

The California Department of Education (CDE) defines English Language Development (ELD) as a specialized program of English language instruction appropriate for the English Learners' (ELs) identified level of language proficiency. This program is implemented and designed to promote second language acquisition of listening, speaking, reading, and writing. Green Dot provides a Structured English Immersion Program and all English Learners in Green Dot will be served in Comprehensive ELD based upon the provisions cited in California Education code section 300 and further outlined below. All English Learners will receive *both* Designated ELD and Integrated ELD. All Integrated and Designated teachers receive ongoing professional development to effectively implement these standards, program goals are monitored through administrator, EL lead, and EL Coordinator walkthroughs, and individual EL supports are monitored throughout the year on our ELlevation progress monitoring platform.

Comprehensive ELD: Integrated and Designated ELD

Designated English Language Development (ELD)

Designated instruction is a planned, deliberate, and specific component of the total education of an English Learner. Instruction is based upon the 2012 ELD Common Core aligned standards appropriate to a student's language proficiency level and guided by the Green Dot Designated ELD Principles listed below. The Green Dot Designated ELD Instructional Principles were developed to focus on the Essential Features of Integrated and Designated ELD outlined in the [2014 California ELA/ELD Framework](#).

Green Dot Designated ELD Instructional Principles

 <p>1. Intellectually challenging texts and tasks equip ALL students with the language they need to become empowered, independent learners.</p>	 <p>3. A clear language focus amplifies content learning.</p>	 <p>5. Students need to engage in academic discourse for a variety of purposes in every lesson.</p>	 <p>7. Teachers provide students with judiciously selected corrective feedback on language usage in ways that are transparent and meaningful to students based on their individual proficiency levels.</p>	 <p>9. Teachers not only acknowledge but leverage students' assets in instruction.</p>
 <p>2. Scaffolding should be strategically structured to support access to content and build independence.</p>	 <p>4. Language must be explicitly taught, not simply caught.</p>	 <p>6. Academic discourse should facilitate interactive and engaging learning.</p>	 <p>8. Students have extended opportunities to practice in all four language domains with a focus on English works, based on purpose, audience, context, topic, and text type.</p>	 <p>10. Students' identities and home cultures are valued and used to make connections to content and celebrate class community.</p>

Designated ELD Requirements

- Separate and distinct instructional time each day
- 2012 ELD standards are utilized as the primary instructional guide
- Explicit instruction in the comprehension and production of academic language as described in the ELA/ELD Framework.
- Instruction delivered by an ELA Credentialed and ELAS authorized teacher
- ELs should not be removed from other core content instruction in order to receive designated ELD instruction.
- Designated ELD must be provided in addition to all core content instruction during the school day.
- ELs need full access to grade-level content in all disciplines, as well as specialized instruction in academic English.

[Return to Table of Contents](#)

Designated Program Options

The Green Dot Designated Program includes both specific Designated course sections as well as Protected Designated Time within Core or Elective courses. English learners at the middle and high school have diverse needs, and our EL populations vary in size and type at each school, so we offer several models of designated instruction to ensure the instructional program meets individual students' needs. All ELs are assigned a Designated Program (course and/or targeted supports) based on their language proficiency and other academic performance data. With the exception of the Newcomer Program, ELD courses do not replace core English classes. Designated instructional time varies based on student proficiency and will be included as part of students' individual progress monitoring and tracked on the ELlevation platform.

Option 1: Designated ELD Course

Designated courses focus on intentional language development, guided by the ELD standards and the designated Principles above, along with other literacy needs based on student data. Based on a traditional schedule, Designated Courses occur daily for approximately 300 minutes/week.

ELs may receive one or a combination of the courses listed below. With the exception of the Newcomer Program, ELD courses do not replace core English classes.

Course Title	Placement Considerations	Instructional Model
Newcomer ELD	<ul style="list-style-type: none">• Newcomer ELs \leq 12 months in the country and/or whose data shows they need intensive EL support• Separate sections for ELD 1, 2 and 3 based on ELPAC scores, lexile and portfolio data (see EL Placement Chart above).• Students are enrolled in 2 sections of newcomer ELD* per day in lieu of core ELA and literacy intervention.	<p>Teachers use a rotation model to ensure students get software time, small group direct instruction, and independent work or reading time each week. Option 2: Protected Designated Time within a Core or Elective Course.

Within this approach, ELs will receive designated ELD instruction, guided by the ELD standards and designated principles listed above, during a designated time within the block period. In each case, ELs will have full access and support with the core instruction. Where ELD is included in an ELA or Elective block, the classes are monitored to ensure ELD instruction is effectively implemented. Based on a traditional schedule, Targeted Designated Supports within a core or elective course occur approximately 90-150 minutes/week.

Protected Designated Time Continuum

Protected designated time can happen along a continuum based on the structure of the class and the number of adults that can be leveraged to support it. More details on what each model looks like is below.

- **Small group instruction:**
 - EBs are grouped by similar proficiency levels and receive targeted designated instruction driven by the ELD standards at a specific time within the block period.
- **Push in or Pull out:**
 - A designated teacher, EB lead, or other qualified teacher is assigned to work with a small group of EBs during the core or elective course period either by pushing in to provide targeted designated instruction driven by the ELD standards.
- **Pull out**
 - A designated teacher, EL lead, or other qualified teacher is assigned to work with a small group of EBs during the core or elective course period by pulling out EBs for targeted designated instruction driven by the ELD standards.
- **Co-Teaching**
 - In a Co-Teaching approach, the two teachers fully own all the needs of students and is a shared instructional experience for both students and teachers. One of the two teachers provides designated instruction for a small group of EBs during a designated time of the class period.

Data Driven Re-Teaching or Stretching of Specific Language Skills	Teacher meets with a small group of EL students for part of the core ELA or elective class time (15-30 minutes per class period) to focus on Re-teaching concepts not mastered by EBs or stretching concepts fully mastered by EBs.	Designated teacher and core/elective teacher must collaborate ahead of time to review formative/summative data to determine the skill to be re-taught or stretched.		X	X
Intensive ELD instruction with a small group of students in a similar EL proficiency level	Teacher provides small group instruction to ELs of a specific English proficiency level using language skills from curriculum based on student gaps.	This option is appropriate for emerging EL students and any EL students who are not making adequate progress. It is ideal to group students by English proficiency level so that a small group is only made up of EL students from one English proficiency level (Emerging, Expanding or Bridging).	X	X	
Targeted ELPAC language instruction to a small group of EBs	Teacher works with a small group of EBs to review ELPAC sample questions.	The teacher providing the support needs to have access to ELPAC online resources.	X	X	
Targeted language instruction to a small group of ELs using the EL Nearpod lessons	Teacher works with a small group of EBs to review EL Nearpod Lessons.	The teacher providing the support needs to have access to Nearpod lessons.	X	X	
Provide specific support related to attendance, social emotional needs, and academic progress	Teacher works with a small group of EBs or an individual EB to discuss topics related to attendance, social emotional needs, and academic progress.	The teacher providing the support needs to have access to student data and be knowledgeable of social emotional support offered.	X	X	

EL Placement Chart

Note: Ideally, all students with fewer than 12 months in the country and minimally developed oral (listening and speaking) and written (reading and writing) English skills should be placed in a Newcomer Program. Schools with too few students to offer a Newcomer ELD program may include ELs in the most appropriate Designated course and ensure that students receive supplemental instruction appropriate to their proficiency level with curriculum such as Imagine Learning.

Levels of Linguistic Support

The following chart can be used to support decisions about individual student placement and whether a designated course or targeted designated supports within a core or elective course will be most appropriate.

Level of Linguistic Support	ELPAC	Lexile	
	Overall	Grades 6-8	Grades 9-12
Light	4 Bridging	>900L	>1000L
Moderate	3 Expanding	>850L	>950L
Substantial	≤ 3 Emerging or low expanding	<800L	<900L

*Students who perform in the ELPAC high expanding and bridging range and who have a 1000L or greater may receive their designated instruction within a ELA core class, where the teacher is required to provide ELD and ensure progress toward reclassification.

Core and Intervention Math	-Illustrative Mathematics -Ready Common Core or Ready Classroom	-Illustrative Mathematics -Ready Common Core or Ready Classroom	<p>IM curriculum builds on foundational principles for supporting language development for all students. Embedded within the curriculum are mathematical language routines developed by SCALE that are repeated over the course of the year and across multiple years with different content to develop the specialized academic language demanded by the discipline of math including the demands of reading, writing, speaking, listening, conversing, and representing in math. Therefore, while these instructional supports and practices can and should be used to support all students learning mathematics, they are particularly well-suited to meet the needs of linguistically and culturally diverse students who are learning mathematics while simultaneously acquiring English.</p> <p>Ready Math curriculum (Ready Common Core or Ready Classroom) additionally contains a series of routines (similar to those embedded within IM) that are woven throughout the curriculum so that language demands related to speaking, listening, reading, and writing are addressed consistently. Students make observations about phenomena through hands-on experience, text, and data analysis and work to form scientific explanations for these phenomena or solve related problems through design solutions over the course of a unit. ELD Standards are included in the planning resources for all units and serve as one of the foundational elements for how student learning experiences have been developed. The resources also contain some of the same instructional language routines from SCALE that are built into the Illustrative Mathematics curriculum that require students to talk about and refine their ideas and understandings of a concept through language.</p> <p>HMH Science Dimensions offers a three-dimensional learning approach to arm students with the tools and habits of mind needed to apply scientific reasoning and solve STEM problems relevant to everyday life. In addition to science standards, connections throughout the program to literacy and math standards ensure that students are developing nonfiction reading and writing skills and learning to apply math in real-world situations. Science Dimensions additionally includes ELD standards in their planning materials at the unit level and includes strategies throughout lessons to specifically meet the needs of students acquiring English. The materials also include a Designated ELD Workbook for each course aligned to the existing materials but with support specifically targeting language for these students.</p> <p>STEMScopes provides three-dimensional phenomena-based STEM curriculum. In alignment with the NGSS standards, it is designed around a 5E model of instruction where students are engaging in experiences to make sense of a scientific phenomenon and developing the content and skills needed to articulate the scientific underpinnings of that phenomenon. Throughout this approach, the scientific literacy skills of reading, writing, speaking, and listening are emphasized. Imagine Learning Software

Imagine Learning is a differentiated online program which is adaptive and designed to support newcomer ELs with a focus on vocabulary and basic English skills. The software is intended to be used at a minimum of 40 minutes per week and can be incorporated in several ways:

- ELD R180: Newcomers can use Imagine Learning to replace the Independent Reading rotation.
- ELD Advisory: ELs can also use the software in 20-minute sessions (40 min/week).
- Pull-Out Support

The Imagine Language & Literacy Benchmark Test is a computerized, adaptive screening instrument for identifying students who are at risk for not meeting expected outcomes in literacy development.

The test is made up of subtests that measure letter recognition, phonemic awareness, word recognition, basic reading vocabulary, sentence cloze, beginning book comprehension, leveled book comprehension, and cloze. The test is administered at the beginning, middle, and end of the school year. Teachers can use the assessment results to assign targeted practice in the student's area of need.

Integrated English Language Development (ELD)

Instruction in Integrated ELD is provided by teachers utilizing appropriate strategies to ensure comprehensibility of instruction based on content Common Core, NGSS History and other content standards in conjunction with the CA ELD Standards and Green Dot's Integrated ELD Principles listed below. Various instructional support resources designed to support teachers with realizing these Instructional Principles can be found in our [Green Dot Integrated ELD Handbook](#).

Green Dot Integrated ELD Instructional Principles

 <p>1. Intellectually challenging texts and tasks equip ALL students with the language they need to become empowered, independent learners.</p>	 <p>3. A clear language focus amplifies content learning.</p>	 <p>5. Students need to engage in academic discourse for a variety of purposes in every lesson.</p>
 <p>2. Scaffolding should be strategically structured to support access to content and build independence.</p>	 <p>4. Language must be explicitly taught, not simply caught.</p>	 <p>6. Academic discourse should facilitate interactive and engaging learning.</p>

ELD Instructional Principles with Rationale and Look Fors

ELD Principles	Rationale/Explanation	Look Fors
1. Intellectually challenging texts and tasks equip ALL students with the language they need to become empowered, independent learners.	<ul style="list-style-type: none"> English learners may have limited language skills, but have unlimited cognitive ability and skills. Students need to be provided with intellectually challenging and purposeful tasks, along with the support to learn those tasks. Complex texts and tasks motivates students to use language in increasingly sophisticated ways Highly challenging and interactive tasks supports all learners in seeing productive struggle as a part of the learning process. 	<ul style="list-style-type: none"> The level of cognition articulated in the objective pushes students toward mastery of the content standard. Classroom tasks match the level of rigor in the content standard so that students build and practice the language they will need to produce independently. Complex texts build on background knowledge and provide a model for the academic language students need to master the content.
2. Scaffolding should be differentiated by proficiency levels and intentionally structured to enable individual students to access and interact with content.	<ul style="list-style-type: none"> Appropriate scaffolding requires knowledge of students' individual differences and needs. Scaffolding is planned in advance and provided just in time. Scaffolds do not reduce the rigor or type of thinking students are asked to do. Scaffold students toward independence with complex tasks; do not scaffold by simplifying text language and task complexity. Amplify, do not simplify language. 	<ul style="list-style-type: none"> Language scaffolds are intentionally planned to support students based on individual language proficiency. Scaffolds address specific challenges in textual features or content in order to provide access to materials. Sentence frames/starters are provided to build independence and removed for less complex tasks. A variety of complex sentences are modeled before student discourse.
3. A clear language focus amplifies content learning.	<ul style="list-style-type: none"> Acquiring the skills to develop academic English in listening, speaking, reading and writing for <i>all</i> students. ELD standards drive what language needs to be explicitly taught in order to successfully meet a content standard and Common Core skills. 	<ul style="list-style-type: none"> Lessons are designed using the content standards to create a lesson objective. The level of cognition of the objective helps articulate the level of rigor and the purpose (function) for language to master the standard. The criteria for success in a lesson articulates the specific language skill or format of language (form) students must process, practice, and produce, to meet the content objective.

[Return to Table of Contents](#)

<p>4. Language must be explicitly taught, not simply caught.</p>	<ul style="list-style-type: none"> Protected time for explicit language instruction includes direct instruction, modeling, student practice, assessment and feedback. Lessons and units are carefully planned and sequenced in order to strategically teach language skills. 	<ul style="list-style-type: none"> Lesson experiences explicitly support students in processing, practicing, or producing the language they need to meet the content objective. Direct instruction supports students in meeting the language criteria for success.
<p>5. Students need to engage in academic discourse for a variety of purposes in every lesson.</p>	<ul style="list-style-type: none"> All students need academic discourse opportunities to process complex texts, make meaning of complex concepts, and prepare for writing. English learners need ample, meaningful opportunities to practice newly taught language with high accountability for application. 	<ul style="list-style-type: none"> Every student is given an opportunity to speak an average of every 10-15 minutes (partner discourse, choral reading, and whole group). Students are able to carry on natural conversations for a variety of purposes with little or no prompting.
<p>6. Academic discourse should facilitate interactive and engaging learning.</p>	<ul style="list-style-type: none"> Students thrive in a classroom where meaning is constructed collaboratively and student contributions are valued. Students need appropriately structured opportunities to practice language to become independent active participants in learning. Listening and receptive language skills, not just productive language skills, should be explicitly taught and assessed. 	<ul style="list-style-type: none"> Students make meaning of content by building on and/or challenging one another's ideas, engaging in arguments that are supported with evidence. Students interact with text in speaking and in writing using the language of the discipline (Tier III) and academic vocabulary (Tier II). Students use language independently to clarify meaning. Students are given a purpose for listening and a variety of tasks that build listening skills and allows the teacher to assess listening ability.

Integrated ELD Program Requirements

- All English learners will receive Integrated ELD in all content classes throughout their school day. Integrated classes occur daily approximately 300 minutes/week for each content class.
- Integrated ELD teachers will receive professional development that focuses on the ELD Standards, Integrated ELD Principles, the CA ELA/ELD Framework and strategies that support students to develop proficiency in reading, writing, listening and speaking within the content area, developing language criteria for success and explicit language instruction.
- Integrated ELD content courses are taught by teachers with the appropriate state authorizations.

Access to Grade Level Core Curriculum

English Learners are provided with access to well-articulated, standards-based core curriculum. In order to ensure that core content instruction is presented in a manner that is comprehensible to English Learners, a variety of strategies are incorporated into classroom instruction.

Integrated and Designated ELD makes use of the following features to help make instruction comprehensible and meaningful to students:

- Use of content objectives with appropriate and specific language criteria aligned to the objective and ELD Standards – Content objectives identify what students will know and be able to do at the end of a lesson. Teachers must also incorporate language criteria in their lesson planning activities with direct language instruction, modeling, student practice and assessment that support students' academic language development for the content objective. Based upon the proficiency of students, language criteria may be written from any one of the four domains: listening, speaking, reading or writing. As with content objectives, language criteria should be stated clearly at the beginning, middle and end of a lesson, and students should be informed of them both orally and in writing as well as be able to articulate them.
- Contextualized instruction—liberal use of non-verbal language, visual support materials, realia, Thinking Maps, graphic organizers, and verbal amplification in order to provide students with a variety of resources they can use to construct meaning
- Explicit instruction and use of language structures and vocabulary that are comprehensible to students
- Use of accommodations in the learning environment (such as appropriate wait time, pacing, or repetition) in order to maximize the number of students able to access the content
- Providing multiple opportunities in every class period for academic discourse using sentence frames or group structures such as precision partnering
- Frequent checks for understanding
- Integrating ongoing assessment of student progress through observations, portfolios, journals and analysis of student work
- Literature within the student's appropriate Lexile level range, available in classroom and school libraries
- Using ELPAC data, Lexile scores, SBAC results, among other data sources to inform instruction, group structures, and progress monitoring

Evaluating the Effectiveness of ELD Instructional Programs and Supports

At Green Dot Public Schools, we use the following metrics to evaluate the efficacy of our designated and integrated instructional programs:

- Lexile
- SBAC Data
- Quantile Data
- Attendance
- A-G Completion Rates
- Graduation Rates
- Newcomer ELD Program exit rates

[Return to Table of Contents](#)

- Reclassification rates
- Rigor Walkthrough Data, which includes a focus on ELD Standards and Explicit Language Instruction

Any significant performance gaps between ELs and non ELs across designated and integrated courses are used to inform programmatic and instructional decisions. As a result, the ELD Team designs EL-specific professional development for all schools to support integrated teachers in teaching ELD standards and incorporating explicit language instruction. These professional development series are new each year and are responsive to the needs of our ELs and the results of instructional walkthroughs the ELD team and curriculum specialists conduct to monitor and evaluate the implementation of PD and ELD instructional principles. Each school also develops a School Improvement Plan at the start of each school year with goals centered on the following focus areas:

- ELD Standards and Language Criteria for Success
- ELPAC Testing and Reclassification
- Progress Monitoring of ELs and RFEPs
- Programming and Placement
- DELAC and Parent Engagement
- Affirming EL Identity & Promoting Bilingualism
- Coordination of ELD Leadership and Compliance Folders

The School EL Improvement Plan is revisited on a biweekly basis between EL Administrators and EL Coordinators to collaborate on goals and action steps as well as to make adjustments to the plan based on key benchmarks for progress.

In addition to the School Site EL Improvement Plan, multiple stakeholders have opportunities to evaluate and give feedback on the efficacy of EL Programs. During DELAC meetings, parents review and evaluate EL achievement data and give feedback on EL Program options and supports. All Integrated teachers complete an Integrated ELD support survey at least two times a year to give feedback on the professional development and guidance they receive to support ELs. Teachers also engage in progress monitoring of ELs as a way to track both programs and class specific interventions provided and to collaborate with additional stakeholders when classroom interventions are not sufficient. Admin and EL leads also provide feedback on district level supports for EL programs at least twice a year.

With these data points and metrics in mind, the performance of our ELs, LTELs, and RFEPs compared to our never-ELs demonstrate a strategic focus on the following long-term goals:

1. Increase parent partnership during distance learning and a transition to hybrid and in-person instruction by developing materials and resources for parents focused on increasing their knowledge of classroom curriculum and practices.
2. Ensure that administrators and teachers effectively translate ELD standards and Integrated and Designated instruction in a distance learning setting by providing professional development series that focus on the breakdown of ELD standards and their translation into explicit language instruction.
3. Ensure that all schools have an effective Designated model with a focus on well-defined Protected Designated Time.

At Green Dot Public Schools, we understand that our ELD programs must continue to be responsive to the

[Return to Table of Contents](#)

needs of our ELs and even reclassified students as they continue to progress in their language development. With organization-wide strategic plans aimed at evaluating the progress of our ELs, we aim to refine and improve the outcomes of our designated and integrated instructional programs to reduce the achievement gaps that exist between never-ELs and ELs.

English Learners with an IEP

The requirements in a student's IEP take precedence over EL programming. State and federal law require that ELs with an IEP continue to receive the programs and services that address the students' special needs, including linguistically appropriate goals and objectives. An IEP must determine which services are appropriate for ELs, based on their particular disabilities and level of English proficiency. Regardless of services prescribed, ELs must also receive EL instruction. If a student with an IEP is placed in an ELD course, it is recommended that the ELD teacher collaborate with the students' IEP case manager to ensure that instruction effectively meets the student's IEP goals.

Comparison of Language Acquisition Needs Versus Learning Disabilities

Oral Comprehension/Listening

Learning Behavior Manifested	Indicators of a Language Difference due to 2 nd Language Acquisition	Indicator of a Possible Learning Disability
Student does not respond to verbal directions	Student lacks understanding of vocabulary in English but demonstrates understanding in L1	Student consistently demonstrates confusion when given verbal directions in L1 and L2; may be due to processing deficit or low cognition
Student needs frequent repetition of oral directions and input	Student is able to understand verbal directions in L1 but not L2	Student often forgets directions or needs further explanation in L1 and L2 (home & school); may be due to an auditory memory difficulty or low cognition
Student delays responses to questions	Student may be translating question in mind before responding in L2; gradual improvement seen over time	Student consistently takes a longer time period to respond in L1 & L2 and it does not change over time; may be due to a processing speed deficit

Speaking/Oral Fluency

Learning Behavior Manifested	Indicators of a Language Difference due to 2 nd Language Acquisition	Indicator of a Possible Learning Disability
Student lacks verbal fluency (pauses, hesitates, omits words)	Student lacks vocabulary, sentence structure, and/or self-confidence	Speech is incomprehensible in L1 and L2; may be due to hearing or speech impairment
Student is unable to orally retell a story	Student does not comprehend story due to a lack of understanding and background knowledge in English	Student has difficulty retelling a story or event in L1 and L2; may have memory or sequencing deficits
Student does not orally respond to questions, or does not speak much	Lacks expressive language skills in English; it may be the silent period in 2nd language acquisition	Student speaks little in L1 or L2; student may have a hearing impairment or processing deficit

Phonemic Awareness/Reading

Learning Behavior Manifested	Indicators of a Language Difference due to 2 nd Language Acquisition	Indicator of a Possible Learning Disability
Student does not remember letter sounds from one day to the next	Student will initially demonstrate difficulty remembering letter sounds in L2 since they differ from the letter sounds in L1, but with repeated practice over time will make progress	Student doesn't remember letter sounds after initial and follow-up instruction (even if they are common between L1/L2); may be due to a visual/auditory memory deficit or low cognition
Student is unable to blend letter sounds in order to decode words in reading	The letter sound errors may be related to L1 (for example, L1 may not have long and short vowel sounds); with direct instruction, student will make progress over time	Student makes letter substitutions when decoding not related to L1; student cannot remember vowel sounds; student may be able to decode sounds in isolation, but is unable to blend the sounds to decode whole word; may be due to a processing or memory deficit
Student is unable to decode words correctly	Sound not in L1, so unable to pronounce word once decoded	Student consistently confuses letters/words that look alike; makes letter reversals, substitutions, etc. that are not related to L1; may be processing or memory deficit

[Return to Table of Contents](#)

Reading Comprehension and Vocabulary

Learning Behavior Manifested	Indicators of a Language Difference due to 2 nd Language Acquisition	Indicator of a Possible Learning Disability
Student does not understand passage read, although may be able to read w/ fluency and accuracy	Lacks understanding and background knowledge of topic in L2; is unable to use contextual clues to assist with meaning; improvement seen over time as L2 proficiency increases	Student doesn't remember or comprehend what was read in L1 or L2 (only applicable if student has received instruction in L1); this does not improve over time; this may be due to a memory or processing deficit
Does not understand key words/phrases; poor comprehension	Lacks understanding of vocabulary and meaning in English	The student's difficulty with comprehension and vocabulary is seen in L1 and L2

Writing

Learning Behavior Manifested	Indicators of a Language Difference due to 2 nd Language Acquisition	Indicator of a Possible Learning Disability
Errors made with punctuation/capitalization	The error patterns seen are consistent with the punctuation and capitalization rules for L1; student's work tends to improve with appropriate instruction in English	Student consistently or inconsistently makes capitalization and punctuation errors even after instruction; this may be due to deficits in organization, memory or processing
Student has difficulty writing grammatically correct sentences	Student's syntax is reflective of writing patterns in L1; typical error patterns seen in 2nd language learners (verb tense, use of adverbs or adjectives); improves over time	The student makes random errors such as word omissions, missing punctuation; grammar errors are not correct in L1 or L2; this may be due to a processing or memory deficit
Student has difficulty generating a paragraph or writing essays but is able to express his or her ideas orally	Student is not yet proficient in writing English even though they may have developed verbal skills; student makes progress over time and error patterns are similar to other 2nd language learners	The student seems to have difficulty paying attention or remembering previously learned information; the student may seem to have motor difficulties and avoids writing; student may have attention or memory deficits

[Return to Table of Contents](#)

Spelling

Learning Behavior Manifested	Indicators of a Language Difference due to 2 nd Language Acquisition	Indicator of a Possible Learning Disability
Student misspells words	Student will “borrow” sounds from L1; progress seen over time as L2 proficiency increases	Student makes errors such as writing the correct beginning sound of words and then random letters or correct beginning and ending sounds only; may be due to a visual memory or processing deficit
Student spells words incorrectly; letters are sequenced incorrectly	Writing of words if reflective of English fluency level or cultural thought patterns; words may align to letter sounds or patterns of L1 (sight words may be spelled phonetically based on L1)	The student makes letter sequencing errors such as letter reversals that are not consistent with L1 spelling patterns; may be due to a processing deficit

Mathematics

Learning Behavior Manifested	Indicators of a Language Difference due to 2 nd Language Acquisition	Indicator of a Possible Learning Disability
Student manifests difficulty learning math facts and/or math operations	Student lacks comprehension of oral instruction in English; student shows marked improvement with visual input or instructions in L1	Student has difficulty memorizing math facts from one day to the next and requires manipulatives or devices to complete math problems; may have visual memory or processing deficits
Student has difficulty completing multiple-step math computations	Student lacks comprehension of oral instruction in English; student shows marked improvement with visual input or instructions in L1	Student forgets the steps required to complete problems from one day to the next, even with visual input; student reverses or forgets steps; may be due to a processing or memory deficit
Student is unable to complete word problems	Student does not understand mathematical terms in L2 due to English reading proficiency; student shows marked improvement in L1 or with visuals	Student does not understand how to process the problem or identify key terms in L1 or L2; may be a processing deficit/reading disability

[Return to Table of Contents](#)

Handwriting

Learning Behavior Manifested	Indicators of a Language Difference due to 2 nd Language Acquisition	Indicator of a Possible Learning Disability
Student is unable to copy words correctly	Lack of experience with writing the English alphabet	Student demonstrates difficulty copying visual material to include shapes, letters, etc. This may be due to a visual/motor or visual memory deficit

Behavior

Learning Behavior Manifested	Indicators of a Language Difference due to 2 nd Language Acquisition	Indicator of a Possible Learning Disability
Student appears inattentive and/or easily distracted	Student does not understand instructions in English due to level of proficiency	Student is inattentive across environments even when language is comprehensible; may have attention deficits
Student appears unmotivated and/or angry; may manifest internalizing or externalizing behavior	Student does not understand instruction due to limited English and does not feel successful; student has anger or low self-esteem related to 2nd language acquisition	Student does not understand instruction in L1 or L2 and across contexts; may be frustrated due to a possible learning disability
Student does not turn in homework	Student may not understand directions or how to complete the homework due to lack of English proficiency; student may not have access to homework support at home	Student seems unable to complete homework consistently even when offered time and assistance with homework during school; this may be due to a memory or processing deficit

Sample ELD PLP and ELD Goal For ELs with IEPs

Below is an example of a process for planning to write an ELD goal in a student's IEP. The present level of performance (PLP) is used to write the ELD Goal. ELD goals can be viewed in PowerSchool under the IEP Logo.

Performance Area	English Language Development
Assessment/Monitoring Process Used	Review of records, work samples, classroom observation, general education teacher reports,
State/District assessment results	ELPAC- Level 3, RI 713, SBAC English- Nearly Met Standard

Strengths:

James scored Level 2 in the areas of reading and writing on the ELPAC (English Learner Proficiency Assessment of California). He was able to comprehend detailed information using fewer contextual clues and wrote fully developed paragraphs. James scored a 3 on the speaking component of the ELPAC assessment which means he can communicate effectively on a wide range of topics and speaks with near native fluency. His general education teacher reports that James comprehends simple multi-step instructions with the aid of visual supports. According to work samples, he writes complete paragraphs, but makes multiple grammatical errors in most sentences. These errors do not interfere with meaning. James nearly met standard on the SBAC (Smarter Balance Assessment Consortium) in the areas of listening, writing, and research and inquiry.

Areas of Need:

James scored 713 on the Reading Inventory assessment he took at the beginning of the school year, which places him at approximately a third grade level. On the ELPAC, he scored a 1 in the area of listening. He was unable to comprehend directions due to difficulty with complex vocabulary. Special education teacher observed James in his general education classroom and noted that he required step-by-step directions in order to complete an independent task. General education teacher reports having to repeat instructions and provide visual supports in order for James to follow directions.

Impact of Disability: James' Specific Learning Disability impacts his ability to access the general education curriculum in the area of English Language Development.

ELD Goal

In the general education setting, James will demonstrate understanding of 3-step oral instructions containing Tier 2 vocabulary by following the instructions in the correct sequence in 4 out of 5 trials.

CHAPTER 3: STAFFING & PROFESSIONAL GROWTH

Appropriate Teacher Authorization

Teachers assigned to instruct English learners are appropriately authorized and ELA credentialed or are actively given professional development and coaching supports. Green Dot also provides appropriate professional development for staff responsible for the education of English learners.

Recruitment of Bilingual Cross-Cultural Language and Academic Development (BCLAD) and Cross-cultural, Language and Academic Development (CLAD) Teachers

1. Dissemination of Job Announcements:
When Green Dot determines the number of new teaching positions estimated to be available during the next school year job announcements are sent to:
 - a. EDJOIN web site
 - b. Educational placement centers at private, UC and CSU campuses with teacher training programs
 - c. The listed school site (on Greendot.org) until the vacancy is filled (when appropriate)
2. Advertisements: Announcements of openings are placed in organizational newsletters and the Internet.
3. Career Day: Green Dot sends representatives to colleges and universities to participate in “Career Day” activities.
4. Adelante Accelerated Teacher Credential Program: Through this Green Dot partnership with LMU, Adelante fellows work as full-time teachers while taking required university coursework to earn a credential. Fellows receive courses designed to support literacy and language instruction across content areas.

Interviews and Hiring

NONDISCRIMINATION IN EMPLOYMENT (BP 4030) The Governing Board prohibits unlawful discrimination against and/or harassment of district employees and job applicants on the basis of actual or perceived race, color, national origin, ancestry, religion, age, marital status, pregnancy, physical or mental disability, medical condition, veteran status, gender, sex or sexual orientation at any district site and/or activity. The Board also prohibits retaliation against any district employee or job applicant who complains, testifies or in any way participates in the district’s complaint procedures instituted pursuant to this policy.

Job applications, eligibility interviews, and processing procedures are handled at the Green Dot home office. Job interviews are held at the local school site.

Staffing

In an effort to provide our students with teaching personnel who hold appropriate credentials necessary to instruct English Learners, Green Dot Public Schools actively recruits and hires teachers who are fully EL Authorized with a BCLAD, CLAD or equivalent certification. If candidates who hold an EL -Authorization are not available, the Human Resources Department obtains the necessary documents from qualified candidates to apply for an Emergency Permit. The employee is given a maximum of two school years to obtain a full EL authorization. Teachers who are new to Green Dot and do not have the required EL Authorization are required to sign an EL Authorization Agreement indicating their intentions to complete the CLAD requirement. Annual progress towards becoming EL Authorized is monitored by the Credential Specialist.

California Commission on Teacher Credentialing Authorizations

Teachers who provide instruction to English Learners must have one of the following documents with the appropriate EL Authorization

Document	Designated ELD	Integrated ELD	Primary Language Instruction
Multiple or Single Subject Teaching Credential with English Learner Authorization or CLAD Emphasis	X	X	
Multiple or Single Subject Teaching Credential with English Learner Authorization or BCLAD Emphasis	X	X	X
Education Specialist Instruction Credential with English Learner Authorization	X	X	
Bilingual Cross-cultural Specialist Credential	X	X	X
CLAD Certificate	X	X	
Bilingual Authorization	X	X	X
Language Development Specialist (LDS) Certificate	X	X	
BCLAD Certificate	X	X	X
Bilingual Certificate of Competence (BCC)	X	X	X
Supplementary Authorization in English as a Second Language (ESL) or Introductory ESL	X		

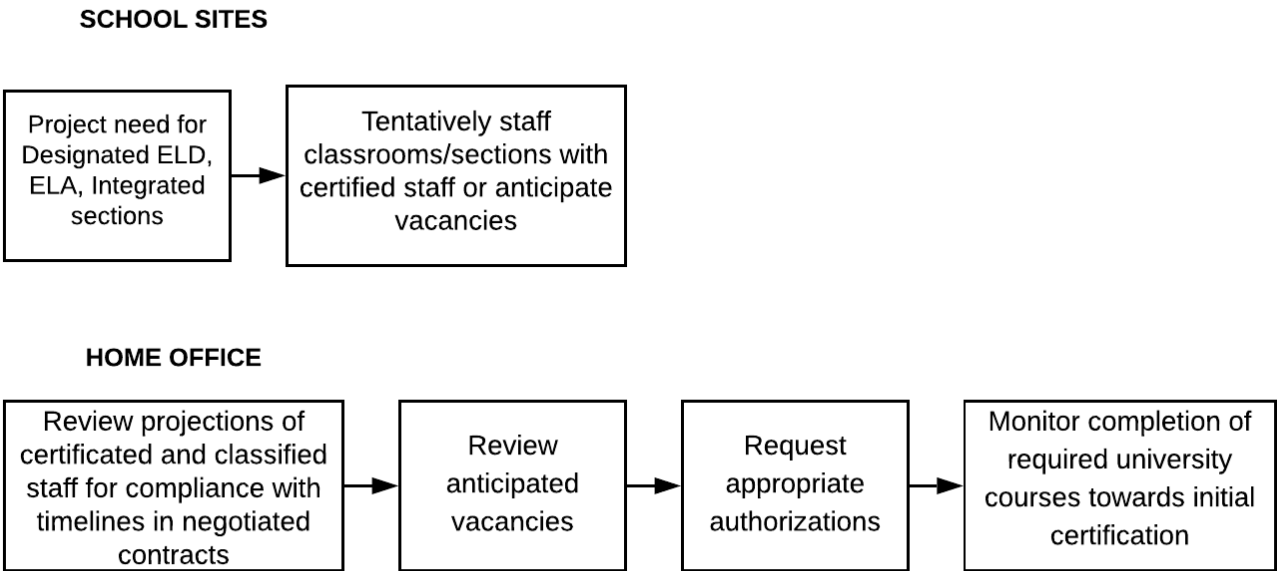

Teachers who provide instruction in English Language Development (ELD), or to EL students in Mainstream English, must be certified Bilingual Cross-Cultural teachers (BCC/BCLAD), LAS, LDS/CLAD certified. If in a self-contained setting, SB 1969/395 is also appropriate.

Teachers who provide Newcomer ELD must be certified Bilingual Cross-Cultural teachers (BCC/BCLAD), LDS/CLAD certified, SB 1969/395 or in training. Content teachers must also be credentialed by the California Commission on Teacher Credentialing (CCTC) in their subject area.

Teachers who do not have English Learner Authorization must complete one of the following options to earn a California English learner authorization or CLAD Certificate: 1) Commission-approved CTCL program (requires recommendation from the program sponsor) 2) Pass the CTCL examinations (applicants applying by this option may apply directly to the Commission) 3) A combination of a Commission-approved CTCL program and CTCL examination(s) (requires recommendation from the program sponsor) 4) Provide a photocopy of a professional-level out-of-state teaching credential with a comparable English learner

Overall Procedures For Assuring Sufficient Qualified Staff

In the spring of each year, the following steps must take place:

Professional Development for Educators of EL Learners

The Green Dot ELD Department provides English Learner leads and instructional leadership teams the training and presentation materials required to deliver a professional development series focused on supporting English Learners. This ensures that all Green Dot teachers understand how to identify and support English Learners and learn about the most current resources and requirements for supporting English Learners.

This PD series meets the following goals:

- Invest in a shared responsibility to meet the needs of English Learners.
- Learn how to access and use EL Passports, ELD standards, and instructional resources to support ELs.
- Understand EL Proficiency levels and how to differentiate supports based on data.
- Evaluate and apply ELD strategies to support English learners
- Utilize Green Dot's Integrated ELD Instructional Principles
- Plan and execute Integrated ELD lessons with language objectives (criteria for success) and explicit language instruction.

In addition, all schools are provided with the following supports:

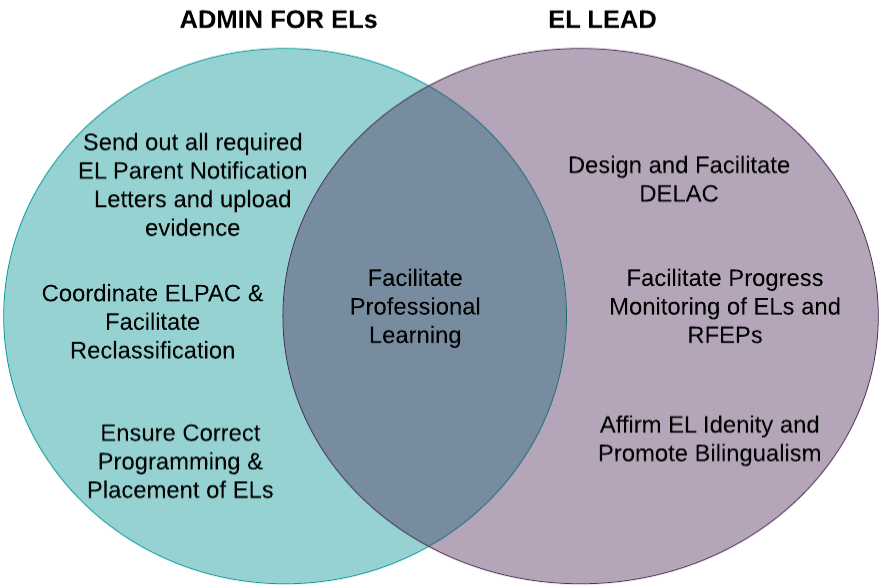

- ELPAC training and certification of examiners
- Curriculum and program implementation guidelines
- Instructional coaching support
- School site trainings or PDs as requested
- DELAC meeting PPT and progress monitoring data tools and resources
- Support for Categorical Program Compliance
- ELD Integrated Handbook with orgwide EL strategies and instructional planning resources
- Resources available on the Green Dot EL CONNECT page, our org-wide intranet and file-sharing services
- Reclassification training and review of all reclassification paperwork submitted
- Oversight on Title III budgets
- Translations, both written and oral, as requested by sites, other departments and district office personnel

Each school has an **English Learner Lead**, a teacher who receives a stipend, and focuses on the following areas:

1. School Site Professional Development
2. Progress Monitoring of English Learners and RFEPs
3. DELAC and EL Parent Engagement

EL Leads receive professional development in the form of a summer PD pullout days for professional development during the school year, and regular individual meetings with the district EL Coordinator.

The division and shared responsibilities of the Administrator for ELs and EL Lead are shown below:

All **Designated ELD teachers** receive professional development in the following ways:

- How to plan daily lessons with the CA ELD standards, write language objectives and teach language explicitly
- Strategies to teach academic vocabulary, academic discourse, grammar, language functions, and corrective feedback.
- Individual coaching with the ELA Curriculum Specialist or EL Coordinator

CHAPTER 4: MONITORING OF STUDENT PROGRESS & RECLASSIFICATION

Monitoring of Student Progress

Student progress is monitored and based on a set of CMO-adopted and State-mandated assessments. These assessments are used to determine English language proficiency and evaluate students’ academic performance.

Assessment results are maintained in electronic form in ELlevation. ELlevation allows for rapid access to results in a variety of formats. This information is issued for a variety of purposes, including (but not limited to) information that relates to transition from one program to another and reclassification.

The following assessments are utilized as part of a comprehensive testing plan to determine the progress of English Learners.

Use of Assessment Data for Student Placement and Instructional Planning

Teachers use the above assessments to analyze student progress for planning differentiated instruction and to provide classroom interventions as appropriate. ELPAC data and RI are used for instructional grouping and student placement in appropriate ELD courses in the middle and high schools.

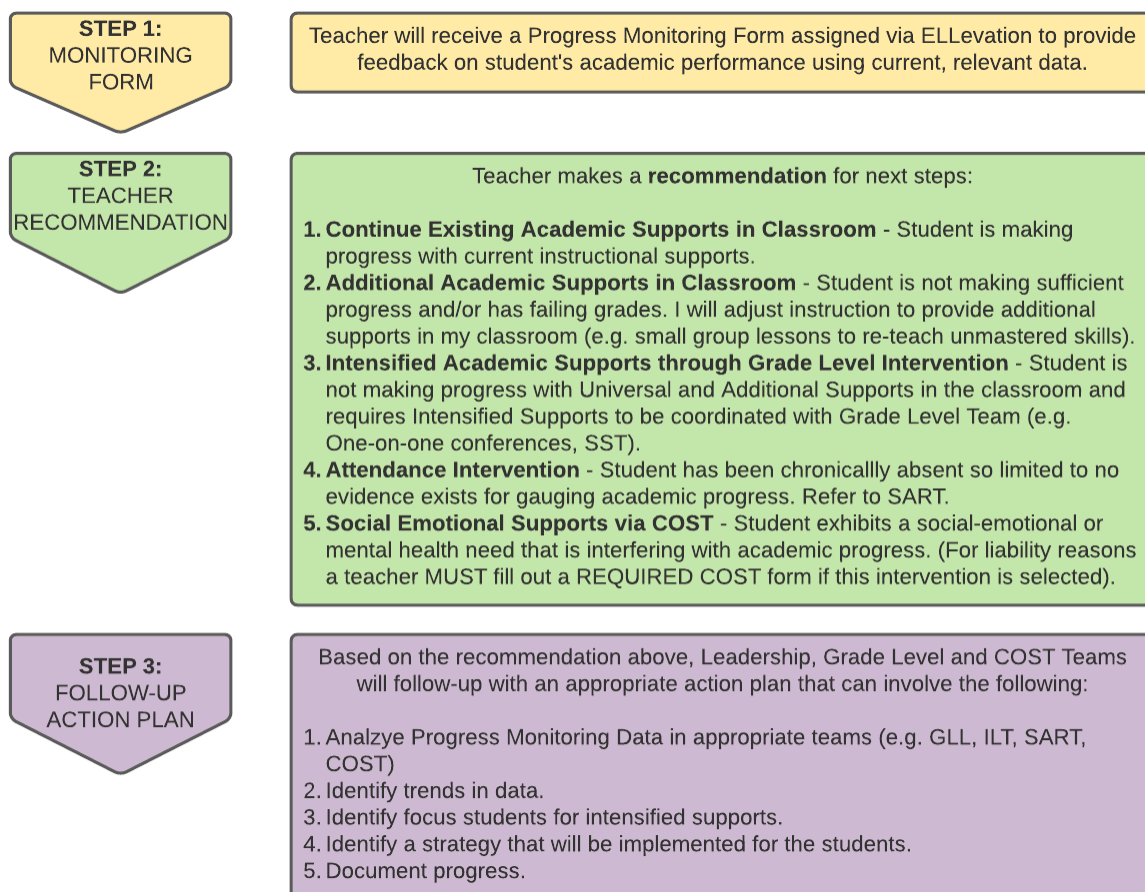

Teachers use formative assessments in Designated ELD to identify areas of progress and of continuing need for individual students and for groups of students, and for modification of instruction to meet the needs that are revealed by the analysis of this data. SBAC test results are used in conjunction with diagnostic tests in the language arts and mathematics curricula to identify students in need of benchmark, strategic and intensive interventions, and assign them to appropriate instructional schedules. Students who meet or exceed grade level benchmarks for growth on these assessments will be encouraged to accelerate or move to more advanced groups/classes. Ongoing monitoring of student progress takes place at two levels:

1. School, grade level and/or department teams regularly meet to examine student data, determine short-term needs, and plan instruction accordingly. These meetings may include assignment of English Learners to appropriate interventions.
2. Green Dot EL Leads meet to examine school site data including but not limited to SBAC, ELPAC, RI, reclassification rates, graduation rates, and academic performance. EL Leads are tasked with developing a progress monitoring plan with their Admin and other instructional leaders in order to ensure that all ELs have the supports they need to be successful academically and socio-emotionally.

EL Progress Monitoring Plan

It is a state requirement that progress monitoring of ELs takes place to ensure ELs are progressing and to provide additional supports for students who are not adequately progressing. The plan below is coordinated by the Administrator for English Learners and the EL Lead and is customized by school sites based on need.

Progress monitoring occurs during the first semester and follow-up in the second semester using the process below:

9. Intervention Results

Indicate the success of the interventions AND any modifications/changes that need to be made if the student is still unsuccessful.

Student is still working on his writing to ensure he is clear and concise and using appropriate academic vocabulary. So far, the model responses have been successful so I will continue that intervention and monitor progress.

Recommendation

As a classroom teacher for this student, I have been able to monitor academic progress during the indicated period and have submitted these answers and comments. Based on my observations, I recommend (check option below):

Select one

<input checked="" type="checkbox"/>	1 - Continue Existing Interventions - Student is making progress with instructional supports.
<input type="checkbox"/>	2 - New or Targeted Interventions - Student is not making sufficient progress and/or has failing grades. I will adjust instruction to provide new or more targeted interventions.
<input type="checkbox"/>	3 - Grade Level Intervention - Student needs a more intensive intervention to be discussed with my grade level team.
<input type="checkbox"/>	4 - Counselor Intervention - Counselor should meet with student to discuss other factors outside of the classroom that may be contributing to limited or no progress. Teacher must fill out a COST form to provide context for the referral.

RFEP (Reclassified) Student Progress Monitoring Plan

Students who have been Reclassified as Fluent English Proficient (RFEP) receive follow-up monitoring for a minimum of four years after reclassification. It is important to note that students who have exited the "Bridging" English language proficiency level benefit from occasional linguistic support in their ongoing learning of English. The process for monitoring is identical to the monitoring of ELs above.

Reclassification Process

An English Learner (EL) is eligible for reclassification when he/she has met the district and state established criteria (EC 313[d] [1]). The reclassification criteria include the use of multiple measures to ensure both proficiency in the English language and success in content area courses. Site administrator, ELA teacher, and a parent/guardian must participate in the reclassification process.

District and School Site Responsibilities for Reclassification

The Green Dot Home Office provides each school with a list of students who are eligible for reclassification. This happens three times per year (September, November, May)

School site does the following:

- Invite ELA teachers to provide a recommendation for reclassification
- Notify the parent/guardian of the right to participate in the reclassification process and provide an opportunity for a "face to face" meeting regarding the student's reclassification
- Sends notification letters to parents
- Get parent approval for reclassification
- Approve teacher recommendation for reclassification (by Administrator over ELs)
- Inform Green Dot Home Office of final reclassification decision to update student's language status in PowerSchool SIS and CALPADS.
- Monitor the academic progress of students who were reclassified for 4 years

Reclassification Criteria

ELs **must meet the following criteria** for reclassification:

1. Earn an **overall score of 4** on the ELPAC
2. **Grade appropriate RI** Score (see chart)
3. **English Teacher's** approval
4. **Parent or guardian must approve** in writing, face-to-face meeting, or phone call

Reclassification Procedure for English Learners with IEPs

When students have completed their fourth year of EL instruction and do not meet the four criteria for reclassification as established by the school district, it is recommended for the IEP team to consider reclassification based upon the process outlined on the following page. In this process, the IEP team considers how the student's disability might impact the student's ELP.

Note: If the IEP team believes that a student will continue to benefit from ELD services because they have not fully developed English language proficiency, reclassification may not be appropriate.

When considering the reclassification eligibility for Emergent Bilinguals with disabilities, IEP teams are authorized to follow the guidelines outlined in this bulletin when Emergent Bilinguals with disabilities meet all the following criteria:

- ***Student has completed four (4) full years of U.S. schooling.***
- ***Student has had the benefit of and completed four (4) or more years of ELD services (IEP Case Carrier should review the previous IEP records to confirm ELD goals and services).***

Student must have an active IEP and reclassification may not take place during an initial IEP meeting. Additionally, it is recommended that IEP teams wait at least 1 year to consider reclassification after a student's initial IEP team meeting and implementation of special education services.

BEFORE IEP MEETING

Welligent or SEIS	Ellevation
<ul style="list-style-type: none"> ❑ Draft ELD Present Level of Performance (PLP) addresses all four language domains (listening, speaking, reading, and writing.) ❑ Draft ELD Goal page should include a statement regarding reclassification rather than a goal. ❑ Complete and Upload the completed Ellevation monitoring form to the Attached Documents section of the IEP Management screen in Welligent or in SEIS. 	<ul style="list-style-type: none"> ❑ Make sure the student up for reclassification is on this list. ❑ Review the previous IEP records to confirm 4 years of ELD goals and services ❑ Inform the ELD Coordinator of the student who will potentially be going through this IEP Reclass process so that the Records Review Form can be assigned to the Case Manager AND Designated ELD Teacher via ELlevation. ❑ Have a conversation with the Designated ELD Teacher about the possible reclassification and ask the teacher to complete the "Records Review for IEP Reclassification (EB REP)" form in ELlevation. <ul style="list-style-type: none"> ❑ From the student's profile, navigate to the "Monitoring" tab and complete the assigned "Records Review for IEP Reclassification" form. ❑ Download both completed forms for Welligent/SEIS

DURING IEP MEETING

No Standardized Test scores exist.

Student Course Grades

Grade Level	Grading Period	Course Subject	Course Name	Grade Received
-------------	----------------	----------------	-------------	----------------

No course grades exist for this student

Criterion 1 (A): Assessment of English Language Proficiency

Student met language proficiency level criteria as assessed by the ELPAC (Overall ELPAC Score is 3+). *Note: If student is assessed using the VCCALPS (Alternate curriculum only), check "No" and continue to Part B.

- ☐ Yes - Proceed to Criterion 2
☒ No - Continue to Part B

Criterion 1 (B): Determination

If student did NOT meet language proficiency level criteria as assessed by ELPAC OR is assessed using the VCCALPS (alternate curriculum only), the IEP team has determined the student has demonstrated an appropriate level of English Language Proficiency commensurate with his/her abilities when compared to English-only peers with similar disabilities; therefore, proficiency was determined using other indicators as follows (check one or more):

- ☒ Analysis of growth in English Language Development areas (listening, speaking, reading, and/or writing) from one year to the next per student's IEP. (Present Level of Performance and Goal/Objectives Achievement)
☒ Comparison of student's formative assessment data with that of native English-speaking peers with similar disabilities in the same grade level.

Criterion 2(A): Teacher Evaluation of Student Academic Performance

Student met academic performance indicators set by the District (C or better in grade-level English OR LTEL course). *Note: If student uses Alternate Curriculum, a passing grade in that course will not meet Criterion 2; check "No" below and continue to Part B.

- ☐ Yes - Proceed to Criterion 3
☒ No - Continue to Part B

Criterion 2(B): Determination

If the student did not earn a C or better in grade-level English or LTEL course OR participates in an Alternate Curriculum, the IEP team has determined the student has demonstrated an appropriate level of academic performance commensurate with his/her abilities when compared to native English speaking peers with similar disabilities in the same grade level; therefore, proficiency was determined using other indicators as follows (check one or more):

- ☐ Progress towards meeting ELA/ELD goals as determined in the student's IEP.
☒ Progress on curriculum-based measures or formative assessments.
☒ Student artifacts/work samples.

Criterion 3(A): Comparison of Performance in Basic Skills

Student met academic performance indicators set by the District (Grade appropriate RI). Grade 6: 800+, Grade 7: 850+, Grade 8: 900+, Grade 9: 925+, Grades 10-12: 950+ *Note: If student takes the CAA (Alternate curriculum only), check "No" and continue to Part B.

- ☐ Yes - Proceed to Criterion 4
☒ No - Continue to Part B

[Return to Table of Contents](#)

Criterion 3(B): Determination

If the student did not meet academic performance indicators for RI OR took the CAA, the IEP team has determined the student has received ELD services for more than six years and has demonstrated an appropriate level of performance in ELA basic skills commensurate with his/her abilities when compared to native English-speaking peers with similar disabilities in the same grade level.

☒ Yes

Criterion 4: Parent/Guardian Opinion and Consultation

The student's parent/guardian has been notified of the right to participate in the reclassification process and has had an opportunity for a "face to face" meeting regarding the student's reclassification.

- ☒ The parent/guardian participated in this discussion and approves of the recommendation to reclassify.
☐ The student is 18+ years old, has educational rights and participated in this discussion to approve the recommendation to reclassify.

IEP Team Determination (This section can only be completed at the IEP meeting.)

The members of the IEP team have determined that the student is proficient in English based upon review of reclassification criteria and other data sources. The student demonstrates skills commensurate with his/her abilities when compared to native English-speaking peers with similar disabilities in the same grade level.

☒ Yes, student is recommended to be reclassified as Fluent English Proficient.

Upon enrollment, a language other than English was noted on your child’s Home Language Survey. According to state and federal law, our school district is required to assess the English language proficiency of your child in listening, speaking, reading, and writing. Based on the results of the ELPAC Summative, a state-approved assessment for measuring English language proficiency, we are pleased to inform you that your child has demonstrated English language proficiency and is not eligible for services for English Language Learners. Below, please find results that have informed our decision, information about our language programs, and your rights as a parent.

All children, regardless of English proficiency, are eligible to participate in all school-wide programs. If your child has an Individualized Education Plan (IEP), or a 504 plan, the language instruction educational program will be utilized in coordination with your child’s existing plan.

Additional factors used to determine your child's program exit

- Teacher's recommendation
- Classroom performance
- Parent consultation
- Comparison of performance in basic skills

Students who exit the program are monitored for academic success for 4 years.

Throughout the school year, you will have many opportunities to learn about your child's progress in academics and learning English. I encourage you to attend parent-teacher conferences and school events to support your child's academic success.

Your efforts will help us meet the 2022/2023 expected rate for graduation of 81%.

Choosing a Language Acquisition Program

Parents or guardians may choose a language acquisition program that best suits their child (EC Section 310). Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible. They provide instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards (20 U.S.C. Section 6312[e][3][A][iii],[v]); EC Section 306[c]).

Language Acquisition Programs Offered

We are required to offer, at minimum, a Structured English Immersion (SEI) program option (EC Section 305[a][2]).

Parents or guardians may choose a language acquisition program that best suits their child (EC Section 310). Schools in which the parents or guardians of 30 students or more per school or the parents or guardians of 20 students or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible (20 U.S.C. Section 6312[e][3][A][viii][II]); EC Section 310[a]). Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan (EC Section 52062). Although schools have an obligation to serve all EL Term students, parents or guardians of English learners have a right to decline or opt their children out of a school's EL Term program or out of particular EL Term services within an EL Term program. If parents or guardians opt their children out of a school's EL program or specific EL services, the children retain their status as English learners. The school remains obligated to take the affirmative steps required by Title VI of the Civil Rights Act of 1964 and the appropriate actions required by the Equal Educational Opportunity Act of 1974 to provide EL students access to its educational programs (20 U.S.C. sections 1703[f], 6312[e][3][A][viii]).

	Yes, I approve of this placement for my child.
--	------------------------------------------------

No, I would like to decline this placement for my child and will contact the school to discuss the options available for my child's English language development. I understand that my child will be tested annually on a state-approved ELP assessment until he/she attains English proficiency.

California State Seal of Biliteracy Criteria

What is the State Seal of Biliteracy?

The State Seal of Biliteracy (SSB) is a recognition by the State Superintendent of Public Instruction for graduating high school students who have attained a high level of proficiency in speaking, reading, and writing in one or more languages in addition to English. The State Seal of Biliteracy is marked by a gold seal affixed to the diploma or transcript.

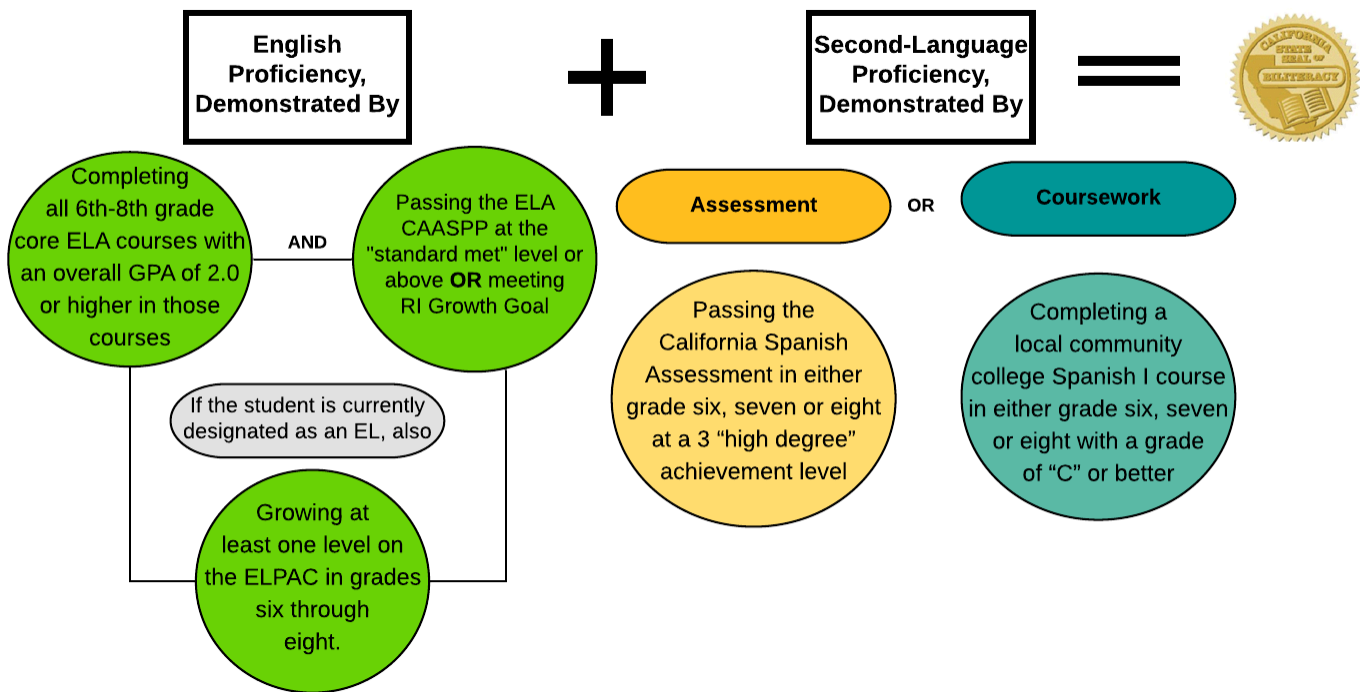

High School Requirements

Green Dot’s Knowledge Management Team will generate a report for each school, listing all seniors who qualify. The diagram below can be a helpful tool for schools to use beginning in 9th grade so students have a clear understanding of what they need to accomplish to receive the SSB and to facilitate progress monitoring and student goal-setting.

Middle School Requirements

Green Dot offers a Middle School Pathway to the State Seal award to 8th grade students who have met the following requirements:

CHAPTER 5: PARENT AND COMMUNITY INVOLVEMENT

Green Dot Public Schools' outreach to parents of English Learners includes the following actions:

- Sends notices and holds regular meetings of each school site's School Advisory Council (SAC) and District English Learners Advisory Committee (DELAC). These meetings allow parents the opportunity to provide input and make recommendations to the school site.
- Parent workshops are held at school sites to assist parents in learning ways to help their children attain English proficiency, achieve academically, and meet state standards.
- When 15 percent of students enrolled in a public school speak a single primary language other than English, as determined by the previous year's language census data, all notices, reports, statements, and records sent to parents of such students are written in the primary language and in English.

District English Learners Advisory Committee (DELAC)

Requirement

Whenever there are 51 or more Emergent Bilinguals at the school site, there will be an active District English Learners Advisory Committee (DELAC) (Administrative Code Title 5 Section 4312). The DELAC will establish and adhere to the bylaws as approved by the Board of Education. The majority of members should be parents of EL students.

Responsibilities

The DELAC advises the school site governing board on all of the following tasks:

1. Development of a school site master plan for education programs and services for English learners.
2. Conducting of a school wide needs assessment
3. Establishment of school site program, goals, and objectives for programs and services for English learners.
4. Development of a plan to ensure compliance with any applicable teacher and/or teacher aide requirements.
5. Review and comment on the school district reclassification procedures.
6. Review and comment on the written notifications required to be sent to parents and guardians.
7. Review and comment on the development or annual update of the Local Control and Accountability Plan (LCAP).

[Return to Table of Contents](#)

Training

School districts shall provide DELAC members with appropriate training materials and training which will assist them in carrying out their required advisory responsibilities. Training shall be planned in full consultation with committee members, and funds from appropriate resources may be used to meet the costs of providing the training to include the costs associated with the attendance of the members at training sessions.

Composition Requirements

Parents or guardians of English learners shall constitute the majority membership (51 percent or more) of the committee. Other members can include school staff, students, and community members, including non-EL parents.

Elections

Each school shall have the opportunity to elect at least one of its members to be a site representative DELAC member.

English Learner Advisory Committee (ELAC) District English Learner Advisory Committee (DELAC) Bylaws

ARTICLE I TITLE

Each school with 21 or more English Learners shall establish an elected English Learner Advisory Committee (ELAC). Each school with 51 or more English Learners will establish an elected District English Learner Advisory Committee (DELAC).

ARTICLE II PURPOSE

The purpose of the DELAC/ELAC is to advise and make recommendations in writing to the principal and School Advisory Council (SAC) on the implementation and evaluation of the school's services for English Learners (ELs). Committee members will participate in training that will provide the necessary skills and practices for carrying out their responsibilities.

The DELAC/ELAC shall be responsible for the following tasks:

1. Development of a district master plan for education programs and services for English learners. The district master plan will take into consideration the school site master plans.
2. Conducting of a district wide needs assessment on a school-by-school basis.
3. Establishment of district program, goals, and objectives for programs and services for English learners.
4. Development of a plan to ensure compliance with any applicable teacher and/or teacher aide requirements.
5. Review and comment on the school district reclassification procedures.
6. Review and comment on the written notifications required to be sent to parents and guardians.
7. If the DELAC acts as the English learner parent advisory committee under California *Education Code* Sections 52063(b)(1) and 52062(a)(2), the DELAC shall also review and comment on the development or annual update of the Local Control and Accountability Plan (LCAP).

ARTICLE III MEMBERSHIP

Section 1: Parents or guardians of English learners shall constitute the majority membership (51 percent or more) of the committee.

Other Committee Members: A good faith effort must be made to recruit membership from the following groups:

- o School site staff
- o Administration
- o Community members
- o Other parents (not necessarily of EL students)

Section 2: Each member shall have one vote.

Section 3: Every officer will be elected for a term of one year. All other members are encouraged to participate for the length of their students' stay at the school.

ARTICLE IV OFFICERS

The officers of this Committee shall consist of a chairperson, vice chairperson and secretary. Any member of an DELAC/ELAC is eligible to be an officer of the Committee.

ARTICLE V ELECTION OF PARENT MEMBERS & OFFICERS

SECTION 1: The parents or guardians of English learners shall elect the parent members of DELAC/ELAC. Parents or guardians of English learners shall be provided the opportunity to vote in the election.

- Public notice stating the purpose and time of the meeting at which nominations will be received are given at least ten working days prior to such meeting, using all reasonable means of communication, including--but not limited to--mailed, written notices in the language(s) of the homes to parents or community newspaper notices.
- Each school should have at least 12 parents present in order to conduct the DELAC/ELAC parent election.

SECTION 2: All officers shall be elected democratically. A Quorum must be established prior to the election. A simple majority shall constitute a quorum.

SECTION 3: Election of members and officers are concluded by the last week of October.

ARTICLE VI MEETING

6 regular meetings shall be held during the school year. If fewer meetings are held, all of the legal requirements must still be covered across all meetings.

- The Committee shall decide the date, time, and place of the meeting.
- The agenda and reminder of each meeting will be posted.
- All meetings shall be open to the public and publicized on the school's website, notice board, and automatic telephone service (if available).
- All notices will be published in both English and Spanish.
- The meetings shall be conducted the home language of the majority of the members. Translation into the other language will be provided.
- The meetings shall be governed by these Bylaws and any dispute will be settled by parliamentary procedure as described in *Robert's Rules of Order*.

ARTICLE VII BYLAWS & AMENDMENT

Section 1: Each school DELAC/ELAC shall adopt bylaws to identify functions and to govern meetings. The bylaws will be valid when adopted by a simple majority vote of the entire membership.

Section 2: The bylaws may be amended at any regular meeting with the approval of majority vote.

ARTICLE VIII DUTIES OF OFFICERS

Section 1: It shall be the duty of the chairperson to preside at all meetings.

- Be fair and impartial.
- Check to see that translation is available at each meeting.
- Attend agenda planning meetings with the assistance of other officers, the coordinator, and the principal or designee.
- Involve and inform the Committee concerning all school English Learner Program transactions and activities.
- Sign all documents related to the English Learner Program (with approval of the committee).

Section 2: In the event of the absence of the chairperson, the vice-chairperson shall assume the duties of the chairperson.

- Assists the chairperson in conducting the ELAC meetings.

Section 3: Should both the chairperson and vice-chairperson be unavailable, the recording/corresponding secretary shall keep the minutes of all meetings, send notices of meetings and/or agendas, attend to correspondence, and send out publicity as directed.

- Maintain a roster of membership
- Take, read, and file accurate minutes of all meetings
- Maintain a roster of attendance
- Keep a notebook file of all meeting notices, agendas, minutes and handouts
- Call members as needed
- Perform other duties as delegated

ARTICLE IX TERMINATION OF OFFICERS

- Any officer may resign by submitting written notice to the committee chairperson or school administration.
- If an officer resigns, the Chair (or Co-Chairs) can appoint another member to fill the position until the end of the school year. If the Chair resigns, the Co-Chair fills the empty position.

ARTICLE X ADMINISTRATIVE RESPONSIBILITY

- The school principal will take responsibility for the proper functioning and implementation of the DELAC/ELAC. The election meeting must be held in addition to the regularly scheduled meetings.
- The school principal shall have the responsibility for providing appropriate training and materials to assist parent members in carrying out their responsibilities.
- The principal will also make arrangements for notices to be translated and for interpreting at each DELAC/ELAC meeting.

ARTICLE XI SUBCOMMITTEES

Subcommittees shall be appointed as needed to promote the objectives of the English Learner Advisory Committee.

SECTION 1:

- The DELAC/ELAC may designate a School Advisory Council (SAC) to function as site's advisory council for English Learners (Education Code 54425). The DELAC/ELAC may delegate authority to an established SAC. Education Codes 52870, 54425, and 54733 provide that the DELAC/ELAC has first been duly constituted, duly informed of the option, and has voted to waive its rights and to delegate its authority to the SAC (not to exceed three years).
- This action shall be reflected in the minutes of the DELAC/ELAC. However, a DELAC/ELAC subcommittee of the SAC must be formed, and the subcommittee must make recommendations to the SAC on programs for English Learners.

SECTION 2: The process for delegating authority to a SAC must include the following:

- o Elect a DELAC/ELAC with identifiable members.
- o DELAC/ELAC members are informed and knowledgeable of their legal responsibilities before they vote to delegate.
- o At a scheduled DELAC/ELAC meeting, discuss and vote by ballot to delegate the DELAC/ELAC legal responsibilities to the SAC.
- o This decision is recorded in the DELAC/ELAC minutes.
- o At its next regularly scheduled meeting, the SAC must vote to accept the responsibilities, record this decision in the minutes, maintain agenda and handouts, minutes and ballots, and a record of attendance in a secure location. These documents must be kept on file for three (3) years.
- o Clarify all DELAC/ELAC legal responsibilities to the SAC. SAC members must be trained and must address all DELAC/ELAC responsibilities.

Best Practices for Meaningful Parent Engagement in DELAC

DELAC is a required school site advisory council that is comprised of English learner parents as majority members. Through the work of the EL Leads this document was created to give schools ideas for how to increase and sustain meaningful participation from parents.

Guidance and Best Practices for Virtual DELAC Meetings

The DELAC best practices below were designed to align with recent California and LA County Education office guidelines for DELAC meetings during school closures. Governor Newsom signed executive orders N-29-20 (March 17, 2020) and N-56-20 (April 23, 2020) require that LEAs **still meet** ELPAC/DELAC requirements, that meetings be **synchronous** (they cannot be pre-recorded and posted) and that schools must provide advanced notice, the **agenda, time, and teleconferencing information** ahead of time.
