Assurances, Affirmations and Declarations

Ánimo Ellen Ochoa Charter Middle School (also referred to herein as “Ánimo Ellen Ochoa” and “Charter School”) shall:

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter “Ed. Code”) § 47605(e)(1).)
- Not charge tuition. (Ed. Code § 47605(e)(1).)
- Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status. (Ed. Code § 47605(e)(1); Ed. Code § 220.)
- Except as provided in Education Code section 47605(e)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(e)(1).)
- Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(e)(2)(A).)
- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School’s capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as “LAUSD” and “District”). Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation, and shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment. (Ed. Code § 47605(e)(2)(B).)
- Charter school shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code section 47605(e)(2)(B)(iii). (Ed. Code § 47605(e)(4).)
- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil’s last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(e)(3).)
- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(d)(1).)
- Consult, on a regular basis, with Charter School’s parents, legal guardians, and teachers regarding the school’s educational programs. (Ed. Code § 47605(d)(2).)

Charter School hereby declares that Charter School, operated as or by its nonprofit public benefit corporation, is and shall be the exclusive public school employer of Charter School's employees for the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. Charter School shall comply with all provisions of the EERA and shall act independently from LAUSD for collective bargaining purposes. In accordance with the EERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

NOTE: This Charter contains specific "Federal, State and District Required Language" (FSDRL), including the Assurances, Affirmations, and Declarations section above. The FSDRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the FSDRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the FSDRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the FSDRL contained in the addendum, the provisions of the FSDRL addendum shall control.

Element 1: The Educational Program

“The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.” (Ed. Code § 47605(c)(5)(A)(i).)

“The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.” (Ed. Code § 47605(c)(5)(A)(ii).)

“If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.” (Ed. Code § 47605(c)(5)(A)(iii).)

LOCAL CONTROL FUNDING FORMULA (LCFF) AND LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP)

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula), as they may be amended from time to time, which include the requirement that Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Los Angeles County Superintendent of Schools and the Charter Schools Division (CSD) on or before July 1. In accordance with Education Code sections 47604.33 and 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(c)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School “shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan.” (Ed. Code § 47606.5(d).)

ACADEMIC CALENDAR AND SCHEDULES

Charter School shall offer, at a minimum, the number of minutes of instruction set forth in Education Code section 47612.5, and the number of school days required by California Code of Regulations, title 5, section 11960.

MATHEMATICS PLACEMENT

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.

TRANSITIONAL KINDERGARTEN

Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School's admissions, enrollment, and lottery.

WASC ACCREDITATION

If Charter School serves students in grades 9-12, before Charter School graduates its first class of students, Charter School shall obtain, and thereafter maintain, Western Association of Schools and Colleges (WASC) accreditation.

ENGLISH LEARNERS

Charter School shall identify potential English Learners in a timely manner in accordance with all applicable legal requirements. Charter School must provide all English Learners with an effective English language acquisition program that also affords meaningful and equitable access to Charter School's core academic curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis, upon request, Charter School shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School has adopted and is implementing either the LAUSD Master Plan for English Learners and Standard English Learners *or* Charter School's own English Learner (EL) Master Plan. If Charter School chooses to implement its own EL Master Plan, the plan shall provide a detailed description of Charter School's EL program, and shall address the following:

- How Charter School's EL Master Plan provides all of its English Learners, including but not limited to Long Term English Learners (LTELs) with an effective English language acquisition program as well as meaningful and equitable access to Charter School's core academic curriculum
- How English Learners' specific needs will be identified

Charter School shall reclassify English Learners in accordance with federal and state requirements.

Charter School shall provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding Charter School matters to the same extent as other parents.

STUDENTS WITH DISABILITIES

Federal Law Compliance

Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

Special Education Program

Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School's inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a "school of the district" for special education services, Charter School shall execute a Memorandum of Understanding ("MOU") by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with applicable state law and the LAUSD Special Education Local Plan Area ("SELPA") Local Plan for Special Education and shall be considered a "public school of the District" for purposes of Special Education pursuant to Education Code section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code section 47641(a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b). In this instance, Charter School will execute a MOU with LAUSD on provisions of special education as a member of a non-LAUSD SELPA.

SELPA Reorganization

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the

Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

Use of District’s Special Education Policies and Procedures and Data Systems

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of orders imposed upon the District pertaining to special education. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs (“IEPs”) and tracking of related services provided to students during the course of their education.

All charter schools are required to interface with My Integrated Student Information System (MiSiS) via a web based Application Programming Interface (API). MiSiS is a suite of applications which is designed to capture all student data.

Strategy for Transforming Los Angeles Secondary Public Education

Green Dot Public Schools California (“Green Dot” or “Green Dot California”), a non-profit public benefit corporation and charter management organization, is leading the charge to help transform public education so all students graduate prepared for college, leadership and life. Green Dot’s efforts are

helping to implement a small schools model for all schools, and are raising the public's awareness around the need for high quality, small public middle schools and high schools.

Green Dot currently operates 19 successful charter schools, 15 of which are authorized by the Los Angeles Unified School District. Green Dot serves over 11,500 students in some of the highest-need areas of Los Angeles. Our schools are located in the following communities: South Los Angeles, Watts, Boyle Heights, Inglewood, Lennox and Venice.

Ánimo Ellen Ochoa Charter Middle School (“Ánimo Ellen Ochoa” or “Charter School” or “School”) is a charter middle school opened by Green Dot in 2014. Since its opening, the Charter School has existed to meet the specific needs of the students and community it serves. Ánimo Ellen Ochoa provides students in East Los Angeles with an alternative choice for their middle school public education.

New School Model for Urban Secondary Schools

All schools that Green Dot opens and operates are based on the school model that Green Dot has developed over the past nineteen years. Green Dot’s school model has been created to ensure that Green Dot can consistently open high-quality schools in which students are being prepared for college, leadership, and life.

There are three main components of a Green Dot school—our core values, our theory of change and our academic model.

Green Dot’s Core Values

- An Unwavering Belief in all Students’ Potential
- Passion for Excellence
- Personal Responsibility
- Respect for Others and the Community
- All Stakeholders are Critical in the Education Process

Green Dot’s Theory of Change

- Firm Commitment to Serve All Students
- Highly Effective Teachers
- Strong School Leaders
- Culture of Transparency, Performance & Accountability

Green Dot’s Academic Model

- Ensuring Quality Teaching and Instruction
- Cultivating a College-going Culture
- Eliminating Barriers to Learning
- Promoting Leadership and Life Skills.

Results of Existing Schools

Green Dot has a proven track record of successfully serving the highest-need students in Los Angeles. All of our schools are addressing the needs of students who have traditionally struggled in the public school system, and they are achieving far greater results than comparable schools in standardized test scores, graduation rates, and college matriculation.

Graduation and College Acceptance

Green Dot schools have produced outstanding results: 85% of graduating seniors across Green Dot high schools were accepted into two-or four-year colleges.¹ The graduation rates from most of our schools significantly outpace those of the schools where our students would have previously attended.

Working with Unions to Drive Change

As part of a comprehensive strategy to drive change and to attract and retain high quality teachers, Green Dot has developed a uniquely collaborative relationship with its certificated employee union. Teachers at Green Dot’s schools have organized as the Asociación de Maestros Unidos, which is its own bargaining unit, but an affiliate of the California Teachers Association (“CTA”). Green Dot management and the Asociación annually sign a Board-ratified contract that is a clear example of union reform. Key reforms written into the contract and agreed to by the union were: no tenure, teacher performance evaluations, professional work days (no defined minutes) and just cause for discipline. Green Dot management has reached an agreement with the Ánimo Classified Employees Association (“ACEA”), a CTA affiliate that is the collective bargaining unit of classified school staff.

Community Need for Charter School

Based on its record of performance, Ánimo Ellen Ochoa has successfully implemented its educational program which is evidenced most clearly by its student growth and achievement. Ánimo Ellen Ochoa, which opened in the fall of 2014, is a high-quality option serving the East Los Angeles and Boyle Heights communities.

Context on the Student Population

Ánimo Ellen Ochoa consistently improved academic performance on the California Assessment of Student Performance and Progress (“CAASPP”) in both English Language Arts and Math. This increase in academic performance is particularly impressive given student’s incoming levels. Based on 5th grade CAASPP results, students enter Ánimo Ellen Ochoa in the 11th and 9th percentiles of English Language Arts and Math performance, respectively, when compared to CAASPP performance for all students in California. Comparatively, middle school students in Los Angeles Unified School District enter middle school in the 42nd and 43rd percentiles of English Language Arts and Math performance.²

¹ This is an average across all Green Dot high schools over the past three years. This calculation is based on internal data collected by high school counselors.

² Based on CAASPP scores downloaded from the California Department of Education’s DataQuest: <http://data1.cde.ca.gov/>

Student Incoming Performance: Ánimo Ellen Ochoa, LAUSD, State of California³

Ánimo Ellen Ochoa is committed to serving students from historically underserved communities and providing a high-quality education to all students. Despite the challenges faced by students at Ánimo Ellen Ochoa, they exhibit growth which exceeds the statewide average. Ánimo Ellen Ochoa serves a community need by providing an avenue for success to these students who enter middle school behind their peers. By viewing these students in terms of what is possible, Ánimo Ellen Ochoa is able to ensure students complete middle school and graduate high school prepared for college, leadership and life.

Academic Performance Data and Other Performance Indicators

Based on the most recent administration of the CAASPP in 2018-19, 36.19% of students met or exceeded the standard in English Language Arts. This represents a sixteen percentage point increase since the 2015-16 administration of the CAASPP. Similarly, 15.07% of students met or exceeded the standard in Math in 2018-19, representing a six percentage point increase since the 2015-16 administration of the CAASPP.

Ánimo Ellen Ochoa demonstrated increases in the percent of students meeting or exceeding the standard in both English Language Arts and Math among all statistically significant student groups.

³ Based on CAASPP scores downloaded from the California Department of Education’s DataQuest: <http://data1.cde.ca.gov/>

Additional evidence of Ánimo Ellen Ochoa success is evident on student growth indicators, including CORE Student Growth Percentiles, Reading Inventory and i-Ready. Reading Inventory and i-Ready are nationally-normed assessment to monitor performance in literacy and math.

CORE Student Growth Percentiles

According to CORE Student Growth Percentile (“SGP”), a growth metric developed in collaboration with the California Department of Education which measures student growth based on incoming CAASPP data, students at Ánimo Ellen Ochoa are growing faster than their peers. Ánimo Ellen Ochoa received an SGP of 97 in English Language Arts and an SGP of 57 in math. In other words, students at Ánimo Ellen Ochoa are growing more than 97% and 57% of similar students attending schools across the state in English Language Arts and math, respectively. For context, a student growth percentile of 50 is equivalent to approximately one year of growth.

⁴ Data from the California Department of Education’s DataQuest: <http://data1.cde.ca.gov/>

Reading Inventory Assessment

Ánimo Ellen Ochoa administers Reading Inventory by Houghton Mifflin Harcourt assessments to monitor performance in literacy using lexile scores. Reading Inventory assessments are nationally-normed assessments. About half of students in the U.S. have a lexile score. This allows Reading Inventory to create reliable growth projections for each student.⁵ Reading Inventory considers average annual growth, derived as a function of the student’s initial (Fall) Lexile measure, to be one year of growth for a student. A student that exceeds annual growth would be exceeding what is considered a year of growth in a year’s time. Therefore, we can use expected annual growth as a proxy for one year of growth as it pertains to the language in Education Code Section 47607.2(b) , which reads, “ In addition to the state and local indicators, the chartering authority shall consider clear and convincing evidence showing...the school achieved measurable increases in academic achievement, as defined by at least one year’s progress for each year in school.”.

During the 2018-19 school year, students at Ánimo Ellen Ochoa grew 81% more than their projected growth goals, with almost every subgroup meeting their projected growth goals. Despite partial year testing in 2019-20 due to COVID-19, a similar trend was evidenced in 2019-20. By the mid-year assessment, students were on their way to meeting their growth projections set by Reading Inventory.

⁵ Educator Guide: Lexile Framework for Reading <https://lexile.com/wp-content/uploads/2018/09/Lexile-Educator-Guide-MM0066W.pdf>

Students across grade levels are also meeting or exceeding yearly growth projections.

i-Ready Assessment

Ánimo Ellen Ochoa administers i-Ready assessments to monitor performance in math using i-Ready scale score points. i-Ready assessments are nationally normed assessments. i-Ready growth projections are based on data from millions of students nationwide.⁶ i-Ready’s Typical growth goal, which is differentiated for students based on their initial placement level, represents the observed average (median) growth nationally; thus, if a student achieves 100% of their typical growth goal in one year, that student may be considered to have made the expected/average progress in one year. For a group of students, the median % of typical growth achieved would be the recommended metric to use; and if the group attains a median of 100%, then we can conclude that this group of students made the expected/average progress in one year.

In 2018-19, students grew 107% more than their projected growth goals in math, with every student group exceeding their projected growth goals. Despite partial year testing in 2019-20 due to COVID-19, a similar trend was evidenced in 2019-20. By the mid-year assessment, students were on their way to meeting their growth projections set by i-Ready.

⁶ Using i-Ready Diagnostic as a Student Growth Measure, i-Ready <https://4.files.edl.io/cf97/08/09/18/180052-8928a370-85d0-491d-b0c5-5284c8108535.pdf>

Students across grade levels are also meeting and exceeding yearly growth projections.

Ánimo Ellen Ochoa has seen significant academic growth across all student groups and the school has made investments to further support students with disabilities and English Learners. In order to continue to support subgroup growth for students with disabilities, the school has invested in three Special

Education teachers for the upcoming year as well as special education service providers. With this investment, the school is able to implement a comprehensive co-teaching model to provide more effective, differentiated instruction. As shown above, students with disabilities are on track to meeting their academic goals in Reading Inventory and i-Ready with over 100% of students with disabilities meeting their projected growth goals.

Ánimo Ellen Ochoa is committed to serving all students, including English Learners. 45% of English Learners are making progress on the ELPAC according to the English Language Progress Indicator. This is considered “medium growth” according to the California Department of Education and is on par with the LAUSD median. Additionally, 10% of English Learners reclassified to fully English proficient. This is particularly impressive given that 94% of students are Long-Term English Learners. Additionally, 44% of English Learners dual-identify as Students with Disabilities.⁷

Additionally, Ánimo Ellen Ochoa has also proven its ability to improve student performance per LAUSD’s Annual Performance-Based Oversight Visit report. Ánimo Ellen Ochoa received the following scores on its 2019-20 Annual Performance-Based Oversight Visit Report: an Accomplished rating in Governance, and Proficient ratings in Organizational Management and Operations. These district-based evaluations further demonstrate Ánimo Ellen Ochoa’s ability to serve the student population and stability as a high-quality option for the East Los Angeles community.

Lastly, in an effort to further enhance students’ abilities to succeed in college, leadership and life, Ánimo Ellen Ochoa provides after-school programming through the term of a federally funded grant. This allows students and families to explore their interests, improve their college-readiness and engage intellectually and socially beyond the school day. Additionally, Ánimo Ellen Ochoa partners with a number of organizations to provide academic and social-emotional intervention programs, enhance students’ college readiness and contribute to the surrounding community. Additionally, Ánimo Ellen Ochoa offers multiple enrichment opportunities and four athletic teams.

School Accomplishments

- Ánimo Ellen Ochoa grew sixteen percentage points in English Language Arts and six percentage points in math on the CAASPP from the 2015-16 to the 2018-19 administration of the CAASPP.
- According to CORE Student Growth Percentile, a student growth percentile metric developed in collaboration with the California Department of Education which measures student growth based on incoming CAASPP data, Ánimo Ellen Ochoa students grew more than 97% and more than

⁷ Data from the California Department of Education’s DataQuest: <http://data1.cde.ca.gov/>

57% of students in English Language Arts and Math, respectively, than similar students attending schools across the state.

- Ánimo Ellen Ochoa celebrates tremendous growth in English Language Arts, with students exceeding growth targets by 81% in English Language Arts per Reading Inventory, a nationally recognized literacy assessment program. Similarly, students exceeded math growth targets by 107% per i-Ready, a nationally normed assessment.
- Ánimo Ellen Ochoa has had historically high average daily attendance rates for the past three years, averaging at 97%.⁸
- 100% of parents would recommend Ánimo Ellen Ochoa to a friend, according to respondents from a schoolwide survey.⁹
- Ánimo Ellen Ochoa received a three-year Initial Western Association of Schools and College accreditation through June 30, 2021.

Areas of Challenge

- Ánimo Ellen Ochoa has reduced suspensions and is committed to further reducing its suspension rate using alternatives to suspensions, positive behavioral intervention and supports, and a multi-tiered system of supports.
- Ánimo Ellen Ochoa continues to focus on how to best serve its English Learner population with a number of interventions as well as both Designated and Integrated ELD for all English Learners to ensure they receive the supports necessary to reclassify to fully English proficient.
- Ánimo Ellen Ochoa will continue improving outcomes for all students in English Language Arts and Math. The most recently available CAASPP data is from the 2018-19 school year. Since then, Ánimo Ellen Ochoa has instituted a number of practices to continue improving academic outcomes. In order to improve academic outcomes in English Language Arts, Green Dot adopted a new English curriculum, myPerspectives. To support the curriculum all teachers participated in summer professional development as well as ongoing training and coaching throughout the year. Administrators attended summer professional development to prepare for classroom walkthroughs and data analysis focused on targeted improvement in English classes. In order to improve outcomes in Math, the Green Dot Math Department instituted a strategic plan that used classroom walkthroughs to monitor for rigorous instruction focused on building conceptual understanding. To support the focus on rigorous math instruction, the school continues to participate in Math Mondays – a weekly walkthrough of all math classrooms by the administrative team to observe math instruction, assess pacing of curriculum, and determine next steps for coaching math teachers. Twice per year, these visits will be joined by the Chief Executive Officer, Chief Academic Officer, and Director of Math and Science Programs.
- Although Ánimo Ellen Ochoa’s chronic absenteeism rate is significantly lower than the Resident Schools Median and District Average, Ánimo Ellen Ochoa will continue to monitor chronic absenteeism rates.¹⁰ In particular, Green Dot has partnered with Every Day Labs to improve parent and student outreach.
- Lastly, the COVID-19 pandemic has both immediate and long-term effects on Ánimo Ellen Ochoa’s student population. The Charter School will continue to work with its multi-tiered system of supports to ensure students’ academic, social and emotional needs are being met.

Eligibility for Charter Renewal

⁹ Based on results from an internal survey administered to parents in the 2018-19 school year.

¹⁰ Data from the California Department of Education’s DataQuest: <http://data1.cde.ca.gov/>

The Charter School is eligible for renewal term, under the renewal standard articulated in Education Code Section 47607.2(b)(1). In July 2020, the California Department of Education reported that, based on the Charter School’s Dashboard performance during the last two years for which Dashboard data is available, the Charter School is subject to the renewal standard articulated in Education Code Section 47607.2(a), i.e., the low tier renewal standard and eligibility for a two-year renewal term.

The low tier standard only applies where either of the following are true for two of the three years immediately preceding the renewal decision:

(A) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the Dashboard for which it receives performance levels.

(B) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average.

Although the Charter School was identified as a low tier school on the California Department of Education, During the prior two years for which Dashboard levels are available for the Charter School (2018 and 2019), the Charter School neither received the two lowest performance levels schoolwide on all of the state indicators published for the Charter School, nor received performance levels schoolwide that are the same or lower than the state average on all measurements of academic performance. Specifically, in 2018 and 2019, the Charter School received “yellow” and “green” performance levels on three indicators, which are not the two lowest performance levels. In reviewing the second test, the Charter School received a performance level that was higher than the State in ELA, i.e., “yellow” versus the State’s “orange,” in 2018 and therefore was not outperformed by the State in performance levels for all academic measurements for two of the prior three years.

In the prior two years for which Dashboard levels were reported, the Charter School’s subgroup performance was not worse than the State’s subgroup performance. In 2019, only one out of four subgroups for the Charter School performed both below the State average and below the State’s statewide performance in that subgroup. In 2018, the Charter School performed at the same level as the State in both subgroups that performed below the statewide average.

Section 47607.2(b) provides that:

(1) ... [T]he chartering authority shall consider the schoolwide performance and performance of all subgroups of pupils served by the charter school on the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 and the performance of the charter school on the local indicators included in the evaluation rubrics adopted pursuant to Section 52064.5.

(2) The chartering authority shall provide greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal.

Ánimo Ellen Ochoa shows evidence of success on both statewide and local indicators.

The applicable renewal standard also requires the Charter School’s renewal petition to satisfy the following additional criteria:

(3) In addition to the state and local indicators, the chartering authority shall consider clear and convincing evidence showing either of the following:

(A) The school achieved measurable increases in academic achievement, as defined by at least one year’s progress for each year in school.

(B) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

(4) Subparagraphs (A) and (B) of paragraph (3) shall be demonstrated by verified data, as defined in subdivision (c).

As shown in the data above, Ánimo Ellen Ochoa demonstrated clear and convincing evidence of annual measurable increases in academic achievement and progress, equivalent on average to a year or more than a year’s progress for each year in school, based on nationally-normed assessments, Reading Inventory and i-Ready. Additionally, in the 2018-19 school year, the Charter School showed clear and convincing evidence of measurable increases in academic achievement and progress in literacy and math according to CORE student growth percentiles, which are based on statewide assessment data. These data points present clear and convincing evidence of measurable increases in academic achievement. (Education Code Section 47607.2(b)(3)(A).)

Another way Green Dot evaluates the success of its schools is by the California Charter Schools Association (“CCSA”) accountability framework, explained below. The report below is an evaluation of our school according to the California Charter Schools Association’s framework based on publicly available academic indicators. All non-DASS public schools with 30+ CAASPP test-takers and in operation for 4 or more years are evaluated by the California Charter Schools Association based on the past three years’ worth of assessment results and post-secondary outcomes.

Per CCSA’s accountability framework, as described below, our school is *above* CCSA’s minimum academic criteria and *has met the academic threshold* for CCSA’s public advocacy support for renewal.¹¹

¹¹ CCSA’s accountability framework is based on publicly available data collected from the California Department of Education. The most recent publication is based on data from the 2018-19 school year.

Every school in the Los Angeles Unified School District, including traditional public schools, is evaluated on the following criteria, and is considered “above” if the school is able to demonstrate academic success on at least one of the following metrics:

- **State Rank (Academic Status):** DFS decile rank of 4 or more in 2 of the past 3 years (DFS is described below). Academic Status is the school’s DFS compared to all other eligible public schools in California, using decile rank.
- **Similar Schools Rank (SSR):** SSR of 4 or more in 2 of the past 3 years. The Similar Schools Rank is a 1-10 decile ranking of average student test results, after taking into account the demographics of a school’s tested students.

For Elementary and Middle Schools:

- **Academic Growth:** Above the 75th percentile in DFS growth over the past 3 years (between 2015 and 2017, this was 18+ points). Academic Growth is the amount of change in a school’s average DFS over the past three years, and shows that the school is making some progress toward having all students meet ELA and Math proficiency standards.

For High Schools:

- **Post-secondary readiness:** 75% of graduating seniors have completed the minimum course requirements of the University of California/California State University system with a “C” or better in 2 of the past 3 years.

Regardless of whether a school is above on any one of the above metrics, if a school is in the bottom 5 percent of performance statewide on DFS in 2 of the past 3 years, the school is required to participate in a Multiple Measure Review in order to determine eligibility for CCSA’s public advocacy support for renewal. The Charter School was not required to participate in the Multiple Measure Review.

Additional information about CCSA’s accountability framework:

- Like the California Department of Education (CDE), CCSA utilizes “Distance from Standard” (DFS) as a status measure for academic progress. Unlike the CDE, CCSA incorporates grade 11 in the calculation – which will not be done by the CDE until later in the 2018-19 academic year. CCSA ranks the DFS score given to every eligible public school in the state from lowest to highest into percentiles (1-100) and 10 decile ranks. The 1st percentile is equivalent to the lowest 1% of schools statewide, while the 1st decile translates to the bottom 10% of schools (1-10), according to the schools’ average CAASPP results. Conversely, the 10th decile rank is equivalent to a school having an average DFS in the top 10% of schools statewide (91-100). A school’s percentile and decile rankings are used to evaluate whether the school is meeting minimum academic performance.
- CCSA’s accountability framework is in alignment with California Education Code §§47607 in its similar use of State Rank and Similar Schools Ranks as well as prioritizing “pupil academic achievement for all groups of pupils served by the charter school as the most important factor” in determining whether to advocate for the renewal or non-renewal of the school. CCSA uses California Education Code §§52066 in determining what to classify as an indicator of academic achievement. This is in contrast to the California Dashboard published by the California Department of Education, which does not prioritize or weight academic achievement greater than non-academic indicators.

Success of the Key Features of the Educational Program

Ánimo Ellen Ochoa provides students and parents with a small school environment, personalized approach to learning, and rigorous curriculum. The Charter School’s focus on quality teaching and curriculum is demonstrated by the staff’s implementation of the College-Ready Teaching Framework, intensive professional development on Green Dot’s academic model and Signature Strategies, and adoption of the Green Dot Common Assessment Program in all core subjects (i.e., Common Core-aligned quarterly assessments) to measure student mastery and drive instructional decisions. In addition, there is a college-going culture on the campus that permeates all aspects of the Charter School. Ánimo Ellen Ochoa provides a Chromebook for every student with a 1:1 student to device ratio. This focus on technology supports the personalized learning of every student and access to extended learning at home.

Success of the Charter School’s Educational Program in Meeting the Specific Needs of its Student Population, Including Numerically Significant Subgroups

Ánimo Ellen Ochoa’s educational program successfully meets the needs of its diverse student population. Ánimo Ellen Ochoa provides an alternative education model for the East Los Angeles and Boyle Heights communities. Ánimo Ellen Ochoa uses a data-driven collaborative approach to meet the needs of its students. A focus on data allows the Charter School to individualize supports for students and provide appropriate intervention and acceleration. Furthermore, the small school model offers additional support and attention for students who would otherwise attend large middle schools serving up to 1,500 students. Ánimo Ellen Ochoa’s target community is predominantly comprised of low-income, academically disadvantaged students who will benefit from the supports that will be available at Ánimo Ellen Ochoa. Reflective of the community, Ánimo Ellen Ochoa will serve a diverse student population that may include advanced students, students below grade level, English Learners, and special education students. The Charter School will aim to create a culturally responsive school that is rigorous and supportive.

Examples of these supports include:

- For all students, implementation of all three tiers of the Multi-Tiered System of Supports (“MTSS”) with Social Emotional, Behavioral and Academic Intervention.

- For all English Learners, both Designated and Integrated ELD instruction everyday throughout the school day.
- For English Learners and Special Education students, Academic Interventions include programs and progress monitoring in Literacy, Math, English Language Development and Special Education
- For students below grade level and Special Education students, programs for students requiring additional enrichment and intervention support, including Literacy Enrichment, Math Foundations, individualized tutoring, classroom push-in and co-teaching models and small strategic groupings
- For all students, an Advisory program to prepare them with the tools and behaviors to succeed in high school, college, leadership and life – covering topics such as: academic preparation, promotion of college awareness, developing strong peer relationships, developing life skills in areas such as resilience/grit, growth mindset, organization, communication, health/nutrition and personal finance
- For students with social-emotional needs, integrated wraparound services to help address social and non-academic barriers to student learning including small group counseling and individual student counseling
- For all students, proactive and positive student behavior management, including various alternatives to suspension
- For advanced students, enrichment opportunities including Honors and additional elective courses
- For all students, opportunities for students to explore student leadership and other interests through participation in elective courses, student government, after-school programs and clubs
- In collaboration with the LAUSD Special Education Local Plan Agency (“SELPA”), Ánimo Ellen Ochoa offers special education services for students with disabilities. The programs are designed to foster a high-quality program for students with special education needs. Additionally, our special education programs cultivate collaboration between general and special education teachers to guarantee that students with disabilities are integrated into the Charter School to the maximum extent possible to allow them full access to all programs.

Areas of Challenge the Charter School has Experienced and How They Will be Improved in the New Charter Term

In the new charter term, the Charter School will continue to improve upon its implementation of the academic program and continue to promote a strong and supportive school environment for all students. In particular, Ánimo Ellen Ochoa will focus on the growth and academic achievement of all student subgroups in core subjects, and will monitor their performance and progress through its assessment program. Additionally, Ánimo Ellen Ochoa is committed to strengthening its school culture, and will further its implementation of positive behavior supports and alternatives to suspension to achieve this in the new charter term.

Ánimo Ellen Ochoa is open to all students, however it aims to serve students in need of a high-quality educational option in the East Los Angeles community. In particular, Ánimo Ellen Ochoa will make an effort to recruit from communities with historically low-performing schools and in need of a high-quality alternative option. Please see Element 7 for more information on how Ánimo Ellen Ochoa will attract students from these neighborhoods. The table above shows the demographic and achievement data for Ánimo Ellen Ochoa’s target student population.

The Ánimo Student (A Description of What it Means to be an “Educated Person” in the 21st Century)

Ánimo Ellen Ochoa students are "agents of change," individuals who will positively impact our communities. Ánimo Ellen Ochoa students will be confident, disciplined, successful, proactive leaders who will excel in middle school, high school, college and beyond. Green Dot has identified four goals that describe what it means to be an “agent of change” and an educated person in the 21st century.

<p>Goal #1: Ánimo Ellen Ochoa Students will be College-Directed Learners</p> <ul style="list-style-type: none"> • Able to think critically and analytically to understand complex concepts across the curriculum • Prepared for high school curriculum meeting A-G requirements • Knowledgeable of college requirements and the application process • Knowledgeable of career field choices and educational pathways 	<p>Goal #2: Ánimo Ellen Ochoa Students will be Cultural Learners</p> <ul style="list-style-type: none"> • Aware of cultural differences, unique group histories and diverse perspectives • Exposed to world languages and able to understand the dynamics of language and culture • Able to communicate with sensitivity within and across diverse communities
<p>Goal #3: Ánimo Ellen Ochoa Students will be Innovative Leaders</p> <ul style="list-style-type: none"> • Able to model ethical behavior through involvement in school functions, clubs and committees • Able to contribute to the success of individuals and their community through voluntary service • Effective oral communicators in distinct situations • Informed participants in the democratic process 	<p>Goal #4: Ánimo Ellen Ochoa Students will be Life-Long Learners</p> <ul style="list-style-type: none"> • Responsible, mature decision-makers • Goal-oriented in their personal pursuits • Able to integrate multiple uses of technology, including emerging technologies • Adaptive to a wide array of professional and cultural settings through exposure to events outside the immediate community

Means to Achieve Mission and Vision (How Learning Best Occurs)

Most students learn best in a nurturing, supportive environment where they are known and treated as individuals, and where their background is honored. Accordingly, personal attention to individual students and sensitivity to their backgrounds is a cornerstone of the Charter School. To ensure that students will receive the personalized attention they need, Ánimo Ellen Ochoa and all schools that Green Dot opens/operates will be based on the core values, theory of change and academic model that Green Dot has developed over the past nineteen years.

Green Dot’s Core Values

The following core values guide the philosophical core of each and every Green Dot school:

- **An Unwavering Belief in all Students’ Potential:** All young adults can be successful learners if they are provided with an excellent academic environment and the necessary tools.
 - Key practices:

- Provide special intervention courses based on specific needs of student population
 - Provide tiered support for all students through our MTSS
 - Invest in Clinical Services to support retention and success of students facing challenges
 - Provide enrichment courses for high achieving and gifted students. Examples of these enrichment courses are Honors Courses, Advanced Placement courses and other electives as determined by the Charter School. Courses are available to all students, however, data-driven master scheduling is used to provide students with an academic course schedule that is best suited to meet their learning needs.
- **Passion for Excellence:** Strive for excellence in all endeavors. Challenges can be overcome through commitment and passion.
 - Key practices:
 - Use technology and assessment platforms to give teachers and principals real-time access to data
 - Focus on Key Results: Administrators regularly review student performance data with peers and supervisors, and receive feedback on strengths and areas of improvement
 - Structure peer observations among teachers and maintain open door policy
- **Personal Responsibility:** Take responsibility and initiative in our lives and encourage accountability for our actions.
 - Key practices:
 - Demonstrate personal integrity and high individual accountability
- **Respect for Others and the Community:** Respect others in our daily interactions and be positive impacts on our communities.
 - Key practices:
 - Foster collaboration with others
 - Promote a positive school culture
 - Provide students with opportunities to develop self-discipline, cooperation, and respect for others inside and outside of the classroom
 - Cultivate the Charter School’s mission, vision and core values
 - Build effective community partnerships and external relations
- **All Stakeholders are Critical in the Education Process:** Young adults will receive the best education when all stakeholders participate in the education process.
 - Key practices:
 - Provide opportunities for stakeholders to participate in the School Advisory Council
 - Host parent education workshops regarding accessing PowerSchool, A-G requirements, college access, conflict resolution and wellness
 - Ongoing satisfaction surveys to assess stakeholders’ opinions and areas of improvement for the Charter School

Green Dot’s Theory of Change:

- **Firm Commitment to Serve All Students:** Green Dot is committed to serving the needs of every student, no matter their background. Green Dot schools are located in communities of highest need, where for many diverse reasons, students are often falling behind and at risk of dropping out. Our schools are located in the following communities: South Los Angeles, Watts, Boyle Heights, Inglewood, Lennox and Venice. In the 2020-21 school year, approximately 99% of current Green Dot students are African-American or Latino and more than 92% qualify for free or reduced price lunch. Green Dot is also committed to serving

high-needs students with 20% English Learners and 15% special education student populations at our schools.²³ Moreover, all Green Dot schools are addressing the needs of students who have traditionally struggled in the public school system, and they are achieving greater results than comparable schools in standardized test scores, graduation rates and college matriculation.

- **Highly Effective Teachers:** Green Dot has built a Teacher Development and Evaluation System that provides a common language to guide teacher professional development, evaluation and collaboration for all Green Dot teachers. This framework identifies areas of support for teachers and uses multiple measures of teacher effectiveness (student growth, classroom observations and survey feedback) to create teacher effectiveness scores from Level 1 to Level 4 (Level 4 being a highly effective teacher).
- **Strong School Leaders:** In addition to the individual coaching and professional development that Green Dot principals and assistant principals receive, the organization has also made a large investment to develop an Administrator-in-Residence (“AIR”) program in which candidates are selected to participate in an intensive 12-month, multiple school-site administrator training program. The AIR program trains Residents on Green Dot’s transformation model and builds a pipeline of school leaders with the skills and experience to turnaround chronically failing schools. These Residents will then be placed as school leaders in future Green Dot schools.
- **Culture of Transparency, Performance & Accountability:** Green Dot values results and has built systems and processes to enable accountability and earned autonomy. Administrators and school staff members are able to view assessment results in Green Dot’s data systems and generate customizable reports with school-level, department-level, and teacher-level data. Staff also use Green Dot’s knowledge-sharing platform (Connect) to access resources and will be able to access professional evaluation data and a collection of training modules designed to improve teacher effectiveness on Ed Reflect. Students and parents will have access to the web-based, student information system PowerSchool where they can access student grades, test scores and attendance.

Green Dot’s Academic Model

Green Dot’s academic model outlines the framework that allows Green Dot teachers and administrators to be successful and focuses on four key elements: 1) Ensuring Quality Teaching and Instruction, 2) Cultivating a College-going Culture, 3) Eliminating Barriers to Learning, and 4) Promoting Leadership and Life Skills. Implementation strategies are provided in the areas of curriculum, student intervention, professional development, parent participation and school operations to help principals and teachers make the most informed decisions for their schools.

1. **Ensuring Quality Teaching & Instruction:** Dedicated, effective teachers with a passion for their work and their students are at the heart of the Green Dot model. Green Dot ensures high quality teaching and instruction in every classroom through its research-based methods of instruction, teacher effectiveness initiatives and robust professional development and supports. The College-Ready Teaching Framework – a rubric that defines the core competencies expected of all Green Dot teachers – is at the heart of the Teacher Development and Evaluation system. In addition, teachers will be able to pursue professional development and coaching support from the Instructional Coaches as well as from the Green Dot Education Team.
2. **Cultivating a College-going Culture:** Green Dot strives to attain high college acceptance rates by creating a culture of college-for-certain. School leaders create systems for ongoing academic counseling with counselors and advisors and offer college tours at every grade level. In addition,

²³ Based on demographic information across Green Dot Public Schools California, which will be publicly available on the California Department of Education’s DataQuest website.

the school master schedule offers elective courses that support core content development (i.e., drama), as well as pre-AP pathways (i.e., honors courses). The elective courses offered are designed to support literacy across the curriculum and critical thinking with an emphasis on the use of text and rigorous problem-solving. Courses are structured to build students' key cognitive strategies: intellectual openness, analysis, reasoning, accuracy and precision, and interpretation. School classrooms demonstrate the successful implementation of behavior management strategies. Support is provided to build key behaviors necessary for success in middle school, high school and college, such as self-monitoring, persistence, independent preparation abilities, and college-level study skills. Lastly, all Green Dot schools provide support to build students' contextual awareness of college systems and culture.

3. **Eliminating Barriers to Learning:** Students come to Green Dot from a variety of backgrounds. Academically, many are far behind grade-level. Socially and emotionally, many require emotional guidance in order to be able to succeed academically. Green Dot strives to provide the academic intervention, counseling and clinical services necessary to break down these barriers. Green Dot school leaders successfully implement all three tiers of the Multi-Tiered System of Supports by appropriately providing intervention in literacy, math, English Language Development and Special Education for academic intervention. Green Dot schools offer an Advisory program that provides academic guidance, builds school culture & safety; and promotes college, career and personal development. Additionally, each school provides a menu of wrap-around services: mental health supports and psychological services; counseling groups; mentoring programs; and links to community partners for health and wellness programs.
4. **Promoting Leadership & Life Skills:** Green Dot aims to provide students with a broad set of tools, behaviors and skills to prepare them for college and beyond. Systems for student leadership such as student government, our student ambassador program, student mentorship, and the Principal's Advisory Committee give students internal leadership experience. External experience is available through partnerships with community programs, including public speaking opportunities, job shadowing, volunteer work, mentorships, and summer internships. Advisory programs teach and promote life skills and help to reduce dropouts, foster youth development, enhance academic achievement, and promote whole-being development.

Curriculum and Instruction (How the Objective of Enabling Pupils to Become Self Motivated, Competent, Lifelong Learners is Met by the Charter School)

Green Dot has developed a research-based curriculum appropriate to the student demographics it serves that includes the following: course offerings, textbooks, curriculum maps, pacing guides, sample lesson plans, interim assessments and intervention programs. The model is derived from the following continuum of research-based practices:

- **Planning and Preparation:** Based on Essential Elements of Effective Instruction by Madeline Hunter.
 - Madeline Hunter developed the teacher “decision-making model” for planning instruction known as Instructional Theory in Practice (“ITIP”). This approach to teaching uses Direct Instruction (“DI”) as the framework for planning. DI refers to a rigorously developed, highly scripted method that is fast-paced and provides constant interaction with students.
- **Assessment and Learning:** Based on Understanding by Design: Backwards Design by Jay McTighe and Grant Wiggins.
 - The emphasis of Understanding by Design (“UbD”) is on “backward design,” the practice of identifying the desired outcomes in order to design curriculum units, performance assessments and classroom instruction that will enable students to achieve these outcomes. The backward design approach is developed in three stages. Stage 1 starts with educators identifying the desired results of their students by establishing the overall goal of the lessons by using content standards, Common Core or state standards. Stage 2 focuses on evidence of learning by assessment.
 - Teachers plan performance tasks and evidence of understanding. Performance tasks determine what the students will demonstrate in the unit and what evidence will prove their understanding. This can include self-reflections and self-assessments on learning. Lastly, Stage 3 lists the learning activities that will lead students to the desired results.
- **Instructional Strategies:** Based on Teach Like a Champion by Doug Lemov.
 - Teach Like a Champion offers effective teaching techniques to help teachers become champions in the classroom. Additional details provided in the section entitled “Instructional Design, Methods and Strategies.”
- **Classroom Environment:** Based on “Safe and Civil Schools” by Randy Sprick.

- Green Dot developed a School Culture Team based on the Safe & Civil program, which provides high-quality programs and staff development services to help educators create proactive and positive behavior management strategies in schools. These sessions include school walk-throughs with Green Dot School Culture specialists to observe discipline and school culture. Findings from these sessions are compiled to create school-specific professional development for teachers and the necessary supports to create an environment where students can learn and where teachers can teach.
- **Culturally Responsive Pedagogy**
 - Green Dot Public Schools believes that culturally responsive pedagogy can increase student engagement, provide access to content, and as a result, bolster feelings of confidence and understanding in students. Green Dot’s Education team is currently analyzing the works of experts in the education field to refine our approach to Culturally Relevant Pedagogy and align our teacher supports to research driven best practices. School leaders and teacher leaders have read Zaretta Hammond’s Culturally Responsive Teaching and the Brain and use her Ready for Rigor framework to work towards a culturally responsive classroom experience for all students.

Instructional Design, Methods and Strategies

Research-based instructional frameworks may include active learning, brain-based teaching and learning, differentiated instruction and sheltered instruction to ensure the success of all students at high levels. Research is provided by numerous books, videos, and articles (for example, articles from the Association of Supervision and Curriculum Development) as well as conferences and seminars. Ánimo Ellen Ochoa and other Green Dot schools have used books in staff development including: 101 Active Learning Strategies (Mel Silberman, published April 1, 1996), Teaching With The Brain In Mind (Eric Jensen, published January 1, 2005), Classroom Instruction That Works (Marzano, Pickering, Pollock, published January 15, 2012), Professional Learning Communities at Work (Richard DuFour, published 1998), and Focus: Elevating the Essentials to Radically Improve Student Learning (Mike Schmoker, published 2011) among others. Teachers attend numerous conferences that include: Successful Inclusion Strategies (Susan Fitzell), Engaging Students Through Block Scheduling (Louis Mangione), Vocabulary Development Strategies That Boost Reading and Learning Across All Subject Areas (Kate Kinsella) among many others. This research allows Ánimo Ellen Ochoa teachers to learn from successful models and begin implementing strategies in their classroom.

Serving a diverse student population that will need remediation, acceleration and language development, students are grouped in heterogeneous classrooms where all teachers utilize differentiated instruction. Instruction is differentiated based on student data and formative assessments to create a culturally responsive classroom for students to learn. Based on Doug Lemov’s Teach Like a Champion, Green Dot has adopted instructional specific, concrete, and actionable techniques focused on student engagement and student accountability for rigorous learning. The following techniques have been identified to ensure teachers are setting high academic expectations, engaging students in lessons and creating a strong classroom culture:

- **No Opt Out:** A sequence that begins with a student unable to answer a question should end with the student answering that question as often as possible.
- **Right Is Right:** Set and defend a high standard of correctness in your classroom.
- **Stretch It:** The sequence of learning does not end with a right answer; reward right answers with follow-up questions that extend knowledge and test for reliability. This technique is especially important for differentiating instruction
- **Format Matters:** It’s not just what students say that matters but how they communicate it. Students must take their knowledge and express it in the language of opportunity.

- **Cold Call:** In order to make engaged participation the expectation, call on students regardless of whether they have raised their hands.
- **Wait Time:** Delay a few strategic seconds after you finish asking a question and before you ask a student to begin answering it.
- **Everybody Writes:** Set your students up for rigorous engagement by giving them the opportunity to reflect first in writing before discussing.
- **Do Now:** Students are both productive during every minute and ready for instruction as soon as you start.
- **SLANT:** Sit up, Listen, Ask and answer questions, Nod your head, Track the speaker

Teachers are expected to use an appropriate mix of direct instruction, cooperative learning and individual student practice for all lessons. Teacher professional development is focused heavily on observations and using data to inform instruction, aligning curriculum with Common Core State Standards (“CCSS”), and assessing student mastery of standards on an ongoing basis. We believe the combination of a college-preparatory, standards-based curriculum and teacher professional development based on these methods ensure that all students meet or exceed CCSS.

It is required that all Ánimo Ellen Ochoa students take courses that are high school-preparatory and are aligned with the CCSS . All students are required to successfully complete required curriculum credits upon promotion from 8th grade. Because Green Dot’s educational program emphasizes regular formative assessments and the use of data to increase student achievement, our pacing plans, which prepare for our internal quarterly assessments, guide and define the scope and sequence of the curriculum taught in our schools with regard to the four core subject areas identified by California’s State Board of Education. Green Dot schools implement common assessments in English Language Arts, Math, Science and History. Ánimo Ellen Ochoa emphasizes the traditional subjects of Math, Science, English Language Arts, and Social Studies, as well as a variety of electives to provide opportunities for students to receive enrichment. Electives in the Charter School may include Drama, Composition and Investigations for English Language Arts. These courses will offer students achieving at or above grade level in reading the opportunity for additional development in reading, writing and speaking skills. Additional electives include Technology and Physical Education for students achieving at or above grade level in Math.

Below is an outline of Green Dot’s recommended middle school curriculum. The curriculum places an emphasis on ensuring that all students are at or above grade level by their eighth grade year in order to be prepared for high school. Electives will be provided to students performing at or above grade level and intervention courses will be provided for students who need additional support in their core content classes. Each year multiple measures including state assessments, teacher assessments and grades will be used to determine a student’s course schedule for the upcoming year and whether or not they will have enrichment electives or intervention courses. This curriculum complies with Education Code 47605(d)(1) by meeting all statewide standards.

This curriculum will be followed at Ánimo Ellen Ochoa. Administrators and teachers may make adjustments to the Charter School’s master schedule and add additional Green Dot-approved courses in order to meet the specific needs of their students. Teachers are provided with professional development prior to the school year and on an on-going basis to support their implementation of the curriculum and the use of data to inform instruction. The recommended curriculum is based upon CCSS and CA State standards for each content area, and State-adopted texts are used in all core areas. The middle school curriculum will offer Drama as a Visual and Performing Arts course in the 6th grade for students who do not require literacy intervention. Other VAPA opportunities may be available to students through clubs and/or the After School Program. Green Dot values the importance of elective offerings and exposing students to a variety of experiences in the classroom, however, the academic needs of our students are

prioritized in order to ensure that they promote from our middle school at or above grade level and high school ready.

The recommended curriculum is based upon the CCSS for ELA and Math, Next Generation Science Standards (“NGSS”), History-Social Science Standards, English Language Development (“ELD”) Standards, and remaining CA State Content Standards (the “State Standards”). Literacy CCSS are incorporated in History and Science, and Next Generation Science Standards are also being integrated in the curriculum. State-adopted texts are used in all core subjects.

Ancient Civilizations A
Ancient Civilizations B

This Grade six course investigates the origins and development of ancient societies of major western and non-western civilizations. Included are the societies of the Near East, Africa, the ancient Hebrew civilization, Greece, Rome, and the classical civilizations of India and China. For each of these societies, emphasis is placed on the major contributions, achievements, and beliefs that have influenced civilizations across the centuries to the present day. This course stresses the special significance of geography in the development of the human story and provides the opportunity to study the everyday lives of people living in vastly different areas of the world. The course content focuses on the people in ancient societies; their problems and accomplishments; their social, economic, political structures, and belief systems; the tools and technology they developed; the arts they created; the architecture; the literature they produced; their explanation for natural phenomena, and their direct or indirect contributions to issues such as the role of women and the practice of slavery. This course also incorporates the Literacy in History/Social Studies, Science and Technical Subjects CCSS.

World History MS A
World History MS B

This Grade seven course explores world history and geography from the Fall of Rome through the Age of Enlightenment. The course investigates the social, cultural, and technological changes during this period. This course briefly reviews the role of archaeologists and historians in uncovering the past. It goes on to examine Islam as a religion and as a civilization. The course examines the spread of Islam through Africa, the rise of the Mayan, Incan, and Aztec civilizations; the civilizations of China and Japan; Europe during the High Middle Ages; the turbulent ages of the Renaissance, Reformation, and Scientific Revolution. This course seeks to enhance understanding of the interconnection of past events, people, and ideas to events and issues of importance in the world today. This course also incorporates the Literacy in History/Social Studies, Science and Technical Subjects CCSS.

US History MS A
US History MS B

The Grade eight course examines United States history and geography concentrating on the growth of the United States during the period of colonization through the Age of Industrialization. The course begins with an intensive investigation and review of the major ideas, issues, and events preceding the founding of the nation. The course then concentrates on the shaping of the Constitution and the nature of the government that it created. The development of unique regions in the West, Northeast, and the South and the causes and consequences of the Civil War, is covered in depth. The course studies the movement of people into and within the United States; the experiences of diverse groups (women, racial, religious, ethnic, and economic classes) and their contributions to the evolving American identity. The course also connects historical issues to current affairs in order to develop a greater understanding of the basic institutions and policies of the nation. This course also incorporates the Literacy in History/Social Studies, Science and Technical Subjects CCSS.

21st Century Learning - Leadership/Life A
21st Century Learning - Leadership/Life B

Students taking 21st Century Learning Lab Year 1 will solve relevant problems using literacy, digital tools and the design process. Students will practice three sets of skills while thinking critically for solutions to the challenges posed in class. Activities may be designed around solving real-world problems in the community and will include reading, writing and analysis. The development of Learning and Innovation skills, Life and Career Skills, and the 21st century skills of Creativity, Collaboration, Communication and Critical Thinking underpin the daily learning of students.

English

The English curriculum is a well-balanced rigorous program based on the California English/Language Arts Content Standards and the Common Core State Standards. Courses in English require extensive reading of poetry, prose, plays and novels chosen from a variety of historical periods and styles. The curriculum must emphasize advanced critical analysis and interpretation in order to develop sophisticated written arguments about assigned literature. Frequent writing assignments, especially of papers averaging 3-5 pages in length, should emphasize the stages of composing sustained arguments based on detailed textual analysis: pre-writing, drafting, revising. Writing instruction and carefully designed prompts should aim at enabling students to express complex and interrelated ideas with clarity and a mature, sophisticated style. Regular feedback on written assignments is essential to the success of honors level courses.

This course focuses on teaching students’ skills and strategies for critical, independent reading and writing of increasingly complex informational and literary texts. Driven by the Common Core standards, each core novel unit is supplemented with related nonfiction text sets that help build background

knowledge and vocabulary students need to successfully comprehend and analyze each text. Instruction in each CCSS standards-based unit of study interrelates reading, writing, speaking, and language study. Students are provided with multiple opportunities to articulate their own ideas, as well as to question, interpret, and evaluate others' ideas. In the 6th grade students will determine the central idea of each text and learn how to write a summary of the text that is distinct from personal opinions and judgments. The goal of instruction is to support students in becoming independent, strategic, critical readers, writers, listeners, and speakers who communicate effectively for multiple purposes and to various audiences. Students will write arguments to support claims with clear reasons and relevant evidence, informative/explanatory texts to examine topics and convey ideas, and narratives to develop real or imagined experiences or events. In alignment with the demands of the CCSS, students will draw evidence from literary or informational texts to support analysis, reflection and research.

Designated and Integrated ELD for All English Learners

Designated ELD courses at Ánimo Ellen Ochoa prepare all English Learners for success in English instruction, including English Language Arts. Designated ELD courses offer protected time during the school day to focus on skills in all four strands of language—listening, speaking, reading and writing – which are systematically developed through intentional teacher planning and instruction using the CA ELD Standards and Features of Designated ELD to drive instruction. The Green Dot Designated Program includes both specific Designated course sections as well as Targeted Designated Supports within Core or Elective courses. English learners have diverse needs, and our EL populations vary in size and type, so several models of designated instruction are offered to ensure the instructional program meets individual students' needs. All ELs are assigned a Designated Program (course and/or targeted supports) based on their language proficiency and other academic performance data. With the exception of the Newcomer Program, ELD courses do not replace core English classes. Designated instructional time varies based on student proficiency and will be included as part of students' individual progress monitoring and tracked on the ELLevation platform.

Option 1: Designated ELD Course

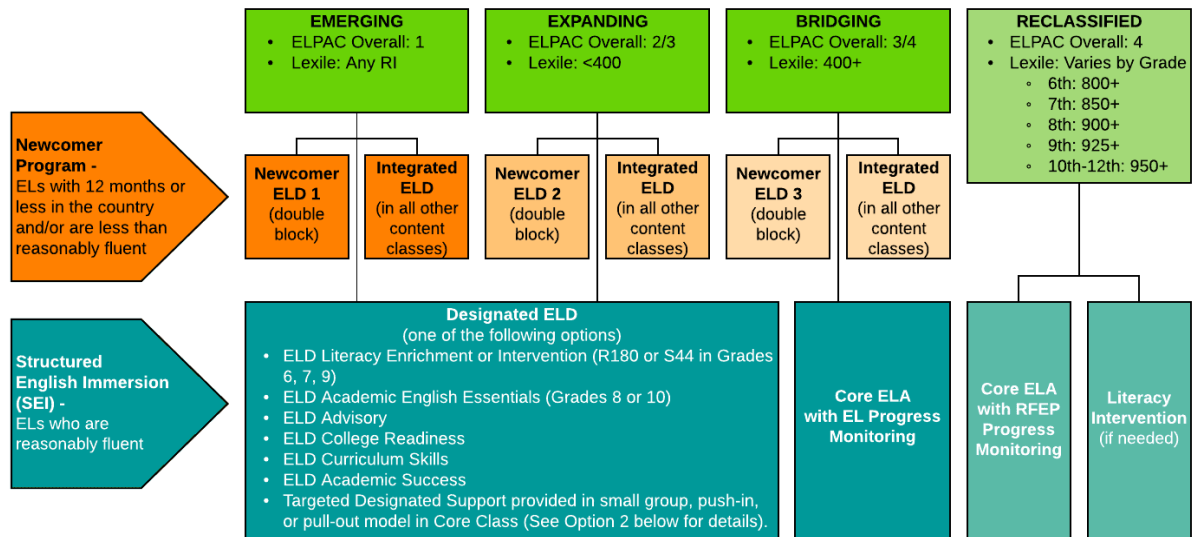

Designated courses focus on intentional language development, guided by the ELD standards and the designated Principles above, along with other literacy needs based on student data.

Option 2: Targeted Designated Support within a Core or Elective Course.

Within this approach, ELs will receive designated ELD instruction, guided by the ELD standards and designated principles listed above, during a designated time within the block period. In each case, ELs will have full access and support with the core instruction. Where ELD is included in an ELA or Elective block, the classes are monitored to ensure ELD instruction is effectively implemented.

- ***Small group instruction:***
 - ELs are grouped by similar proficiency levels and receive targeted designated instruction driven by the ELD standards at a specific time within the block period.
- ***Push in or Pull out:***
 - A designated teacher, EL lead, or other qualified teacher is assigned to work with a small group of ELs during the core or elective course period either by pushing in or pulling out ELs for targeted designated instruction driven by the ELD standards.

EL Placement Chart

Note: Ideally, all students with fewer than 12 months in the country and minimally developed oral (listening and speaking) and written (reading and writing) English skills should be placed in a Newcomer Program. Schools with too few students to offer a Newcomer ELD program may include ELs in the most appropriate Designated course and ensure that students receive supplemental instruction appropriate to their proficiency level with curriculum such as Imagine Learning.

Levels of Linguistic Support

The following chart can be used to support decisions about individual student placement and whether a designated course or targeted designated supports within a core or elective course will be most appropriate.

*Students who perform in the ELPAC high expanding and bridging range and who have a 1000L or greater may receive their designated instruction within a ELA core class, where the teacher is required to provide ELD and ensure progress toward reclassification.

All Ánimo Ellen Ochoa English learners receive Integrated ELD support in all content areas – math, science, social studies and electives - throughout the school day so that ELs learn content while also practicing English language skills needed to be successful. All Integrated ELD instruction follows the CA ELD Framework and Essential Features of Integrated ELD to provide rigorous content and language instruction for all ELs. Ánimo Ellen Ochoa uses the EL Master Plan and consult with the Director of Literacy Programs and EL Coordinator on final course offerings and placement of students.

Mathematics

The General Mathematics curriculum is aligned to the National Math Common Core State Standards which includes the Mathematical Content Standards and the Mathematical Practice Standards.

Course Title	Core/College Prep	Grade	Course Length
Math 6 A/B	Core, Non-College Prep	6	YEAR
Math 7 A/B	Core, Non-College Prep	7	YEAR
Math 8 A/B	Core, Non-College Prep	8	YEAR

Math 6 A

Math 6 B

This course contains complete alignment, coverage, and support for the Standards for Mathematical Content and Practice. General Math 6 focuses on developing number sense by building on students’ understanding of division of fractions and extending the notion of number to the system of rational numbers, which includes negative numbers; comparing quantities using ratios, rates, and percents; algebraic thinking by writing, interpreting, and using expressions and equations; geometry; and statistical thinking.

Math 7 A

Math 7 B

This course contains complete alignment, coverage, and support for the Standards for Mathematical Content and Practice. In Grade 7, instructional time should focus on four critical areas: (1) developing

understanding of and applying proportional relationships; (2) developing understanding of operations with rational numbers and working with expressions and linear equations; (3) solving problems involving scale drawings and informal geometric constructions, and working with two- and three-dimensional shapes to solve problems involving area, surface area, and volume; and (4) drawing inferences about populations based on samples.

MATH 8 A**MATH 8 B**

This course contains complete alignment, coverage, and support for the Standards for Mathematical Content and Practice. General Math 8 focuses on algebraic thinking by having students formulate and reason about expressions and equations, including modeling an association in bivariate data with a linear equation, and solving linear equations and systems of linear equations; geometry by having students analyzing two- and three-dimensional space and figures using distance, angle, similarity, and congruence, and understanding and applying the Pythagorean Theorem; statistical thinking and probability, revisits algebraic thinking by having students grasp the concept of a function and using functions to describe quantitative relationships; and revisiting geometry.

ALGEBRA 1 MS A**ALGEBRA 1 MS B**

Algebra I is a first-year algebra course for students at a variety of ability and grade levels. For the Algebra I course, instructional time should focus on four critical areas: (1) deepen and extend understanding of linear and exponential relationships; (2) contrast linear and exponential relationships with each other and engage in methods for analyzing, solving, and using quadratic functions; (3) extend the laws of exponents to square and cube roots; and (4) apply linear models to data that exhibit a linear trend. With this course, students generalize, formalize, and extend the mathematics they learned in the earlier middle grades.

Integrated Science

The middle school course sequence aims to provide the foundational skills and knowledge for students to learn the concepts, principles, and theories of science at the high school level. Each curriculum unit integrates two to three science content areas (earth and space science, life science, and/or physical science), as well as engineering. The curriculum for this course follows Stanford NGSS Integrated Curriculum: An Exploration of a Multidimensional World. Because the integrated units incorporate a vast range of topics, each unit contains many different phenomena for students to investigate, explain, or problem-solve through application of the seven Crosscutting Concepts and eight Science and Engineering Practices. Each unit also has one anchoring phenomenon and one context for a culminating project that ties these various phenomena together. This is aligned with the instructional approach utilized in this curriculum -- “project-based learning” -- in which students work in teams to tackle complex, real-world issues through rigorous, long-term projects. By centering our units around student sense-making and problem-solving of phenomena, the focus of learning shifts away from only learning about topics and more towards using understanding of topics to figure out why or how things happen in the world. This promotes student-generated questioning and thus supports students’ agency for wanting to build their own scientific knowledge. As a result, students leave with deeper understandings and a process that can more readily be applied to other real-world phenomena in the future. Included in each unit are language

development strategies to support Integrated ELD. Additionally, optional pop-out lessons are available following each unit that allows students to apply what they’ve learned to delve deeper into the intersection of social justice, science, and the “greater good”. The science curriculum offers a balanced and academically rigorous program based on the Next Generation Science Standards.

INTEGRATED SCIENCE 6 A
INTEGRATED SCIENCE 6 B

Integrated Science 6 is the second course of the California Integrated Middle School course model consisting of four science content units aligned to the Next Generation Science Standards, plus a preparatory group work unit. Each curriculum unit integrates two to three science content areas (earth and space science, life science, and/or physical science), as well as engineering. Students will begin the Fall semester with an exploration of the energy transfer involved in making objects move and how the human body coordinates and produces the energy output for this event. The second unit of the Fall semester will engage students in understanding weather in different regions across the world and how people in these different regions utilize technology to survive in regions with extreme climates. The Spring semester begins with a study of how both genetic and environmental factors influence changes in organisms. The course culminates with a unit in which students analyze and interpret data related to global warming and ask questions about the various factors impacting global warming.

INTEGRATED SCIENCE 7 A
INTEGRATED SCIENCE 7 B

Integrated Science 7 is the second course of the California Integrated Middle School course model consisting of four science content units aligned to the Next Generation Science Standards, plus a preparatory group work unit. Each curriculum unit integrates two to three science content areas (earth and space science, life science, and/or physical science), as well as engineering. Students will begin the Fall semester with an exploration of how natural processes on Earth and human activity have created the ecosystems we see today. The second unit of the Fall semester will require students to develop models of matter that can be used to help us understand more about resources we use through the lens of resource availability, molecular structure, and states of matter. The Spring semester begins with an exploration of how energy and matter flows within natural and designed systems. The course culminates with a unit in which students grapple with the challenge of sustaining biodiversity in a modern, changing world. In addition to the four content units in this Integrated Science 7 course, a 2-3 week unit on Sexual Education will be taught in accordance with the California Healthy Youth Act. This unit may be taught at any point in the year, at the discretion of the course teacher.

INTEGRATED SCIENCE 8 A
INTEGRATED SCIENCE 8 B

Integrated Science 8 is the second course of the California Integrated Middle School course model consisting of four science content units aligned to the Next Generation Science Standards, plus a preparatory group work unit. Each curriculum unit integrates two to three science content areas (earth and space science, life science, and/or physical science), as well as engineering. Students will begin the Fall semester with an exploration of how to prevent asteroid collisions by examining the fossil record and investigating the forces and motion relevant to asteroid collisions. The second unit of the Fall semester will require students to develop a model of the Sun-Earth-Moon system in order to work toward creating a telescope route through the solar system. The Spring semester begins with a continued examination of the fossil record from the Fall semester and other pieces of evidence to form a more cohesive picture of Earth’s history and how species have changed over time. The course culminates with a unit in which students analyze and interpret data to explain the impact of rising human population on Earth’s systems.

Textbooks

Choosing a textbook should be a collective process where the various members of the community that are to be engaged with the text should be part of the selection process. Each school is invited to send representatives in a given content area to participate in research and provide input to recommended textbook selections. This Textbook Adoption Committee ("TAC") is convened when the adoption of a text is needed in a selected content area and is comprised of teachers in the content area and individuals that have some specific relationship to the material (curriculum director, instructional coaches, instructional leadership team members, administrators, etc.).

As an initial task, the TAC should create and/or adopt a rubric/checklist by which to judge the various textbooks. This rubric should include consideration of a) clear alignment with state standards and CCSS,

b) clear alignment with school and Green Dot standards, c) cultural, gender, SES and ethnic differences, d) differing learning modalities, e) local budget constraints, and f) content accessibility.

If a textbook is selected to be used at a school site that does not appear on the Green Dot Recommended Book List, the book must be presented to the Area Superintendent for final approval.

For the school year 2020-21, Green Dot’s approved middle school textbook list is included below. The needs of the Charter School are evaluated each year and textbooks, curriculum and other instructional materials are adjusted accordingly.

Academic Support, Intervention and Enrichment

The following are the intervention and support programs built into Green Dot's recommended school model:

- ***Summer Bridge***: Summer Bridge is a recommended two-week summer program for incoming 6th grade students that acclimates students to the Ánimo Ellen Ochoa culture of middle school, high expectations and the development of a trusting community. The Summer Bridge program is an opportunity to learn about students' individual learning needs through a variety of assessments that will provide data for future placement in courses and adjustments in the master schedule. All students will be assessed to identify non-proficiency in standards and socio-emotional supports that might be necessary. In addition, students who have been identified as English learners or special needs may have additional assessments to assess their learning levels and whether further intervention may be appropriate. Students receive standards-based instruction in Math and English Language Arts and are acclimated to the culture and expectations of a Green Dot school. Students engage in culture-building exercises that promote a positive community of trust and respect. The Summer Bridge program allows the Charter School the opportunity to begin to assess student social and personal needs through collaboration in the classroom and small group instruction. Students will also participate in education field trips in the Summer Bridge program. Students enrolled in the summer bridge program have been identified through the approved enrollment process. Transcripts, grades or proof of matriculation is not a requirement of that process.
- ***Reading and Math Intervention Programs***: Literacy Enrichment (Read 180) and Math Support, standards-aligned programs for reading and math respectively, are provided to students who test low in reading and/or math. Typically, these courses are given to 6th graders through an elective or during Advisory. Students take the 6th grade RI and an internal Math Diagnostic before school starts.
- ***English Learners***: Designated and Integrated ELD classes are provided for all English Learner students. Designated ELD instruction is driven by the CA ELD standards and these classes provide targeted language instruction with an aim to improve the English listening, speaking, reading and writing skills of English Learner students. Integrated ELD utilizes content standards and CA ELD Standards in tandem to support English Learner students in acquiring the language of each content area.
- ***Special Needs/Academic Success***: Designated special education students will be provided extra support to reflect the needs outlined in the Individualized Education Program ("IEP") and in all of their academic courses through one-on-one instruction, group support and guided instruction.
- ***Enrichment Programs***: Students achieving above grade level will have an opportunity to excel through activities such as: differentiated instruction in the classroom, Honors classes, and electives (e.g., technology, drama, student leadership).
- ***After School Program***: Afterschool programming is available for all students who wish to participate in academic support. Students who are not achieving a satisfactory grade within a particular class may be recommended to after school programs for additional support.
- ***Office Hours***: Teachers hold office hours after school twice a week to provide students with additional support and tutoring for students who may want additional support in a subject area.

Social and Life Skills Development

Advisory Course

Ánimo Ellen Ochoa will offer a variety of programs to ensure that the social and emotional needs of our students are met. We have built an Advisory course into the master schedule to serve as a level 1 intervention using the Multi-Tiered System of Supports. Using the MTSS model, all students receive the core literacy and math courses as their Tier 1 instruction. In addition to the core courses, students who

need more intensive intervention (Tier 2) and support with a lower student-to-teacher ratio are provided with math and literacy interventions classes. If the student continues to struggle, the MTSS team will determine if there are specific individual interventions (Tier 3) necessary to address the student's needs or if a referral to the Student Success Team is required.

Advisory serves two purposes: academic and social-emotional support. These classes are particularly important for the student population Green Dot serves as many of the students have had little exposure to rigorous academic programs and are not familiar with what it takes to get into college.

During Advisory, students will:

- Discuss issues related to the pressures of being a young adult in middle school, including but not limited to: puberty, relationships, mental health, family, substance abuse, etc.;
- Receive support from their advisor and peers in preparing them for the entire academic trajectory (successfully navigating through middle school, high school and college);
- Be taught different study skill strategies, test-taking strategies, and communication tools that will enable them to succeed in their middle school academic career. Students will also engage in projects where they learn about themselves, high school and college options;
- Be encouraged to learn about the college process as they are encouraged to think beyond middle and high school in an effort to realize that the tools they gain today will be beneficial in the near future; and
- Learn self-efficacy skills that will allow them to address the barriers of learning with resiliency.

Working with the same teacher and student peers for the duration of middle school, students benefit from a familiar support system built into the school day. In order to assess the effectiveness of the Advisory course, students are provided feedback surveys. The high level of attention that Green Dot devotes to developing such personalized, teacher-student relationships is best demonstrated through our School Stakeholder Surveys in which more than 75% of students across all Green Dot schools agreed or strongly agreed with the statement they would recommend Green Dot to others.

Clinical Services

Our Clinical Services team provides individual, group and family therapy to the students and families as necessary. The main purpose of our clinical services program is to address and eliminate barriers to learning from the mental health perspective. In addition, we provide crisis intervention, parent consultation, teacher consultation, and case management which include providing resources and referrals to outside agencies.

All services, which may include social and emotional counseling including small group and individual therapy, are provided or supervised by a licensed Marriage and Family Therapist or Licensed Clinical Social Worker. Additional degrees and credentials members of the Clinical Services team hold include Pupil Personnel Services credential, Masters in Social Work or Licensed Master Social Worker.

The Clinical Services team uses a referral process for students to receive services. Once students and parents have consented to services, students have a case manager that follows them through the process of services. Students are provided Child Development Inventory assessments along with other researched-based therapies. The Clinical Services team works with parents, staff, and students throughout the referral process to ensure they are aware of their options. Clinical Services provides a proactive approach to addressing the barriers of learning by utilizing prevention and wellness to enable our students to possess the necessary skills to navigate their academic and social skills.

Technology Integration in Academic Program

Technology is widely used at all Green Dot schools to drive higher levels of achievement and prepare students for the information driven economy of the 21st century. It is also used as a critical tool for gathering data for school management. At each of its schools, Green Dot invests in technology in the following areas:

- All Green Dots schools have computing devices (e.g., desktops, laptops, Chromebooks) that are available for student use;
- Each teacher is provided with a laptop and given training on effectively using technology in the classroom;
- Courses often include web-based research projects and assignments;
- All students receive a chromebook for individual learning and practice at home;
- Technology elective classes are included in the recommended curriculum to train students on computers and different software programs; and
- A web-based student information and school management system (PowerSchool) is implemented at Green Dot and is used by all schools.

To prepare students for the computer-based state standardized assessments and 21st century learning, Green Dot teachers are integrating key technology skills into their curriculum. Student access to computer based lessons and activities have increased with the transition to the Common Core State Standards. Ánimo Ellen Ochoa has access to online curriculum based software such as Read 180, I Ready for Math and Typing Club. Ánimo Ellen Ochoa uses Google classroom and the suite of skills such as PowerPoint and G-mail.

Closing the Gap (Specific Goals for Providing and Ensuring Equal Access to Students Achieving Below Grade Level)

Ánimo Ellen Ochoa is committed to serving academically low achieving students. As with other Green Dot schools, Ánimo Ellen Ochoa expects that many (if not the majority) of its students may be classified as low-achieving. As such, Ánimo Ellen Ochoa's curriculum and program is adapted to improve performance for traditionally low-achieving students. Ánimo Ellen Ochoa has a simple, but specific goal to ensure that all students are prepared for success in college, leadership and life. In fact, Ánimo Ellen Ochoa's goals for academically low achieving students are the same as its goals for its entire student body. Administrators, teachers and counselors monitor students' data and provide tailored supports to ensure students are on track to meet their goals. For more information on these goals, please see the section titled "Measurable Student Outcomes" and the Schoolwide Learner Outcomes listed in this charter petition. Ánimo Ellen Ochoa ensures that all students identified as low achieving have equal access to a rigorous, college-preparatory education through the following means (also see the section for "Academic Support and Intervention"):

- Ánimo Ellen Ochoa will assess all students after enrollment in the Summer Bridge Program to determine learning strengths and weaknesses, as well as overall proficiency in core subjects. Tests used may include the Read 180 Student Reading Inventory Diagnostic Test and Green Dot math diagnostics.
- Identified students are immediately enrolled in remediation programs to accelerate learning, such as Read 180 and System 44, which are standards-aligned computer-based programs for reading and math respectively.
- Low-achieving students are also provided remediation during the Summer Bridge program, Advisory, Literacy Enrichment/Intervention, Math Foundations, Special Needs/Academic Success and/or Guided Study (an after-school program for students who do not complete their homework or struggle with it).

Socio-Economically Disadvantaged Students

Ánimo Ellen Ochoa aims to serve a socio-economically disadvantaged student population. According to CDE, 98% of students are socioeconomically disadvantaged. The Charter School's academic program is inherently formulated to address the needs of these students. Administrators, teachers and counselors monitor students' data and provide tailored supports to ensure students are on track to meet their goals. Specific intervention and enrichment programs include:

- **Summer Bridge:** Summer Bridge is a recommended multi-week summer program that acclimates students to the Ánimo Ellen Ochoa culture of middle school, high expectations and the development of a trusting community. During the Summer Bridge program, students will also be identified for special needs, English Learner levels, non-proficiency in standards and social-emotional supports, and staff will make the necessary adjustments to the master schedule to better accommodate them. Students receive standards-based instruction in Math and English Language Arts and are acclimated to the culture and expectations of a Green Dot school. The Summer Bridge program is an opportunity to learn about student's individual learning needs through a variety of assessments that will provide data for future placement in courses and adjustments in the master schedule. All students will be assessed to identify non-proficiency in standards and socio-emotional supports. In addition, students who have been identified as English learners or special needs may have additional assessments to assess their learning levels.
- **Literacy Intervention/Enrichment (Read 180):** Literacy Intervention/Enrichment is a standards-aligned program for reading is provided to students who test low in reading. Typically, this course is given to students through an elective class or during Advisory.
- **Math Foundations:** Students who are struggling in Math (not proficient and/or recommended by their Math teachers) will receive an additional period of Math support, where their teacher and tutors will work on skill building through their current curriculum, as well as remediation strategies to strengthen skills in group tutorial and one-on-one formats.
- **College, Leadership and Life Framework:** The College, Leadership, and Life Framework is a flexible framework that was designed to provide a set of strengths that schools utilize to guide the development of students so that they may be successful in College, Leadership and Life. Although the framework is housed in the Advisory structure, it is an interdisciplinary tool that is leveraged in all of our other content areas throughout the school day.
- **Electives Courses:** Students at or above grade level may have the opportunity for additional electives throughout the years at Ánimo Ellen Ochoa. These courses may include additional exposure to the Arts, Drama, and Journalism.
- **Character Development in Advisory:** Advisors will consistently support students in developing characteristics of leadership, compassion, selflessness, stewardship, perseverance and hope for themselves and others. Through group bonding activities, students will trust their fellow advisees as a support network for their personal and social/emotional development.

Gifted and Talented Students and Students Achieving Above Grade Level (GATE)

The curriculum at Ánimo Ellen Ochoa will be focused on providing the appropriate differentiated instruction for different students of varying ability levels, including gifted or talented students. Students achieving above grade level will be identified through standardized test scores, nationally-normed assessments such as Reading Inventory and i-Ready, teacher assessments and grades, and quarterly assessment data and through the Summer Bridge program. This data is monitored throughout the year to assess students' performance and inform future placement in Honors and AP classes. Students found to be achieving above grade level will have an opportunity to excel through differentiated instruction in the classroom and enrichment electives. Flexible grouping allows more appropriate, advanced and accelerated instruction that more closely aligns with the rapidly developing skills and capabilities of students above grade level.²⁴ Differentiated learning classrooms where gifted students reside will be given additional or

complementary assignments that challenge their thinking, while adding greater depth and complexity to the curriculum.²⁵ Differentiated learning classrooms, may include Honors or elective courses, professional development for these courses may be provided during the summer, as well as throughout the school year. Additional differentiation of professional development may take place during Department meetings. The principal or a designee will be the onsite contact person for information regarding programming for students achieving above grade level. It is the responsibility of the principal to ensure that students identified as achieving above grade level are receiving the appropriate instruction.

Throughout their middle school career, students found to be achieving above grade level will have an opportunity to excel through activities such as:

- Differentiated instruction in the classroom
- Honors classes
- Enrichment electives (e.g., technology, drama, student leadership)

Standard English Learners

Ánimo Ellen Ochoa's educational program successfully meets the needs of its diverse student population including standard English Learners. A focus on data allows the Charter School to individualize supports for students and provide appropriate intervention and acceleration. Furthermore, the small school model offers additional support and attention for students with a low student-to adult ratio. For all students including, standard English Learners, the Charter School will aim to create a culturally responsive school that is rigorous and supportive. A standard English Learner will be supported through all three tiers of the Multi-Tiered System of Supports with Social Emotional, Behavioral and Academic Intervention. They will have the support of an Advisory program to prepare them with the tools and behaviors to succeed in high school, college, leadership and life – covering topics such as: academic preparation, promotion of college awareness, developing strong peer relationships, developing life skills in areas such as resilience/grit, growth mindset, organization, communication, health/nutrition and personal finance.

Foster Youth

Ánimo Ellen Ochoa's educational program successfully meets the needs of its diverse student population including foster youth. A focus on data allows the Charter School to individualize supports for students and provide appropriate intervention and acceleration. All of the Charter School's data is disaggregated by subgroup, including foster youth. Data is analyzed frequently by the principal and supported by the Home Office to provide additional supports to foster youth as needed. Furthermore, the small school model offers additional support and attention for students with a low student- to adult ratio. For our Foster Youth students, the Charter School will aim to create a school that is both rigorous and supportive acknowledging the needs of individual students with wraparound services to help address social and non-academic barriers to student learning including small group counseling and individual student counseling and connection to outside services. Students will also be supported through all three tiers of the Multi - Tier System of Supports with Social Emotional, Behavioral and Academic Intervention. They will have the support of an Advisory program to prepare them with the tools and behaviors to succeed in high school, college, leadership and life – covering topics such as: academic preparation, promotion of college awareness, developing strong peer relationships, developing life skills in areas such as resilience/grit, growth mindset, organization, communication, health/nutrition and personal finance.

English Learners

Ánimo Ellen Ochoa will meet all applicable legal requirements for English Learners (“EL”), including long-term English Learners or English Learners at risk of becoming long-term English Learners, as they pertain to the initial testing of students in their primary language and to the notification of annual testing results to parents. The home language survey will be given upon a student’s initial enrollment into Ánimo Ellen Ochoa (on enrollment forms). Parents shall also be kept properly informed regarding student identification, placement, program options including ELD, teacher qualifications and training, reclassification to fluent English proficient status, our monitoring and evaluating program effectiveness, and standardized testing requirements. Each English Learner with disabilities will be assessed for English proficiency using accommodations and modifications as set out in the IEP or Section 504 plan. Ánimo Ellen Ochoa will implement policies to assure proper placement, evaluation, and communication regarding ELs as well as the rights of students and parents.

EL Master Plan

Green Dot will be implementing its own EL Master Plan. The plan includes a five step process for the identification of English Learners including: 1) Initial Identification, 2) EL Proficiency Assessment, 3) Primary Language Assessment, 4) Parent Notification, and 5) Program Placement. Green Dot schools provide on-going training for administrators and teachers on the identification process.

EL students at Ánimo Ellen Ochoa are served through a variety of programs designed to meet their needs. Ánimo Ellen Ochoa EL students are enrolled in both designated ELD and integrated ELD courses. Designated ELD courses include Academic English Essentials, and ELD Literacy Intervention in which ELs are placed to receive strategic language development support based on the CA ELD Standards. Additionally, ELs receive designated ELD instruction, guided by the ELD standards and designated principles listed above, during a designated time within the block period. In each case, ELs will have full access and support with the core instruction. Where ELD is included in an ELA or Elective block, the classes are monitored to ensure ELD instruction is effectively implemented.

- Small group instruction: ELs are grouped by similar proficiency levels and receive targeted designated instruction driven by the ELD standards at a specific time within the block period.
- Push in or Pull out: A designated teacher, EL lead, or other qualified teacher is assigned to work with a small group of ELs during the core or elective course period either by pushing in or pulling out ELs for targeted designated instruction driven by the ELD standards.

ELs also receive integrated ELD support in all other content areas, in which instruction includes both a focus on content and CA ELD Standards to support ELs with English language proficiency across content areas. These programs are built into the individual school’s master schedule and take place within the school day. Ánimo Ellen Ochoa works with the Green Dot Human Resources (HR) and Human Capital Departments to ensure appropriate staffing and authorizations for teachers in these courses.

The effectiveness of the Charter School’s EL programs is monitored on an annual basis. Schools administer and review the data from the Green Dot adopted and state mandated assessments. The data from these assessments are used for student placement in EL programs, the determination of which programs are needed at a particular school site, and reclassification. The data is reviewed by the EL teachers, English Department and school administration which makes recommendations to the District English Language Advisory Committee (DELAC) and School Advisory Council (SAC). The DELAC and SAC review data to inform programmatic and budgetary decisions each spring for the upcoming school year.

ELPAC Testing

All students who indicate that their home language is other than English shall be ELPAC tested within thirty days of initial enrollment and annually thereafter during the spring ELPAC Summative Window until re-designated as fluent English proficient.

The ELPAC has four proficiency levels (Level 4: well developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the 2012 California ELD Standards.

The ELPAC consists of two separate assessments:

- Initial Assessment (“IA”)
The ELPAC IA is used to identify students as either an English Learner, or as fluent in English. The IA is administered only once during a student’s time in the California public school system based upon the results of the home language survey. The locally scored IA will be the official score. The IA is given to students in grades K–12 whose primary language is not English to determine their English proficiency status.
- Summative Assessment (“SA”)
ELs will take the SA every year until they are reclassified as fluent English proficient. The ELPAC SA is only given to students who have previously been identified as an EL based upon the IA results, in order to measure how well they are progressing with English development in each of the four domains. The results are used as one of four criteria to determine if the student is ready to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability.

Both the ELPAC SA and IA are assessments administered in seven grade spans—K, 1, 2, 3–5, 6–8, 9–10, and 11–12. In kindergarten and grade 1, all domains are administered individually. In grades 2–12, the test is administered in groups, exclusive of speaking, which is administered individually. The ELPAC IA and SA will be administered via a computer-based platform, while the ELPAC Writing Domain for Kindergarten through 2nd grade will continue to be administered as a paper-pencil test.

Testing times will vary depending upon the grade level, domain, and individual student. Both the ELPAC IA and SA are given in two separate testing windows through the school year.

The IA testing window will be year-round (July 1–June 30). Any student whose primary language is other than English as determined by the home language survey and who has not previously been identified as an English Learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English language proficiency within 30 calendar days after the date of first enrollment in a California public school, or within 60 calendar days before the date of first enrollment, but not before July 1 of that school year.

The SA testing window will be a four-month window after January 1 (February 1–May 31). The English language proficiency of all currently enrolled English Learners shall be assessed by administering the test during the annual assessment window.

Ánimo Ellen Ochoa shall notify all parents of ELPAC results within thirty days of receiving results from the publisher. A formal letter will be mailed to all students and, per request, a parent conference will be held to explain and/or clarify any pending questions about testing, courses offered or reclassification.

Strategies for English Learner Instruction and Intervention

Ánimo Ellen Ochoa teachers will be informed on the language level of their students and will work collaboratively to develop standards-aligned lessons that support English language development. Green

Dot has invested in ELLevation, a data system to support progress monitoring and targeted intervention for English Learners, Long-Term English Learners and students at risk of becoming Long-Term English Learners.

EL progress monitoring occurs several times a year as a collaboration between designated teachers, the EL lead, the administrator over EL, counselors and grade level teams. Designated teachers use student data to set goals and meet one-on-one with students to assess progress toward their goals three times a year. Students not meeting their goals will receive targeted or intensive interventions through support from the grade level team, the administrator over EL, the EL lead and/or counselor as needed. The same process will occur for students who are reclassified fluent English proficient (RFEP) for four years after reclassification. Teachers use student data to set goals and meet one-on-one with students to assess progress toward their goals two times a year.

Ánimo Ellen Ochoa EL students will be placed in a Designated ELD class to provide designated ELD support driven by the ELD standards and the Green Dot Designated ELD principles. In addition, all teachers will be trained in creating language objectives, designing explicit language instruction, using EL student data when planning instruction, the Green Dot Integrated ELD principles and use the CA ELD Standards in conjunction with content standards to drive instruction. Professional development guides teachers in the use of ELPAC data to differentiate instruction based on the student's levels of language proficiency. Strategies include Precision and Productive Partnering, Kate Kinsella's Sentence Frames, and explicit language instruction in order to provide students with rigorous curriculum with appropriate supports so that they stay in the apprenticeship zone with high challenge and high support. The ELA/ELD framework support teachers to build into and from content instruction in order to develop critical English language skills, knowledge, and abilities needed for content learning in English.²⁶ All teachers will have a CLAD certification or a California Commission on Teacher Credentialing recognized equivalent.

Sample Designated Course Options:

These courses for English language acquisition will be offered within the school day. Administrators will collaborate with teachers and counselors using student data to build a master schedule that meets the needs of students at all English Learner levels. Courses will be taught by a credentialed teacher and may include the following:

- Newcomer ELD
- ELD Read 180
- ELD Academic English Essentials (English 3D)
- ELD Advisory

In order to ensure that students make adequate progress toward mastery of ELD standards, teachers will receive coaching from literacy specialists and/or ELD coordinators focused on the following designated ELD instructional principles:

- Intellectually challenging texts
- Differentiated scaffolding
- Language focus that amplifies content learning
- Specifically teaching language acquisition
- Engage in academic discourse for a variety of purposes
- Facilitate interactive and engaging learning

²⁶ California Department of Education (2014) Chapter 2, English Language Arts/English Language Development Framework for California Public Schools

- Students receive timely feedback on speaking and writing to develop skills
- Extended opportunities to practice in all four language domains

Reclassification Procedures: Criteria for Student Reclassification From English Learner to Fluent English Proficient (RFEP):

Guidelines for Reclassification

The ELPAC assesses student performance in the following areas: Listening, Speaking, Reading and Writing. In order to be reclassified as RFEP, students must meet the following criteria:

- 1) Earn an overall score of 4 on the ELPAC
- 2) Grade appropriate RI Score (see chart)
- 3) Teacher approval and/or earn a grade of C or higher in most recent English course
- 4) Parent or guardian must approve in writing, face-to-face meeting, or phone call

ELPAC Proficiency	RI Score	Teacher Evaluation	Parent Approval
Overall ELPAC Score of 4	<p>Language proficient RI range: <i>Automatically qualifies for reclass</i></p> <p>6th ≥ 800 7th ≥ 850 8th ≥ 900 9th ≥ 925 10th-12th ≥ 950</p>	<ul style="list-style-type: none"> • Grade of C or better in ELA and Teacher Approval <p style="text-align: center;"><u>OR</u></p> <ul style="list-style-type: none"> • Teacher may complete a teacher evaluation form to explain why student's grade is not due to language acquisition 	Yes
	<p>Low RI range: <i>Requires teacher override to reclass</i></p> <p>6th: 650-799 7th: 650-849 8th: 650-899 9th: 750-924 10th-12th: 800-949</p>	<ul style="list-style-type: none"> • Grade of C or better in ELA <u>OR</u> Teacher may complete a teacher evaluation form to explain why student's grade is not due to language acquisition <p style="text-align: center;"><u>AND</u></p> <ul style="list-style-type: none"> • Provide evidence for why the RI does not reflect language proficiency. 	

*Students who have an RI score below the Low RI range are not eligible for reclassification.

- 5) Reclassify Students as Fluent English Proficient.
 - Place dated reclassification form signed by the EL Administrator in the student's cumulative file.
 - Include all students reclassified in Spring 1 report with reclassification and EL updates by CALPADS certification deadlines.
- 6) Reclassify students throughout the year as new data becomes available. (Repeat Steps 1-5)
 - After fall ELPAC data is published
 - After spring ELPAC data is published
- 7) Monitor the academic progress of RFEP students for four years.
 - If a student scores Below Basic or Far Below Basic on SBAC, a Tier 1, 2, or 3 intervention is initiated as appropriate.

- Evidence of quarterly monitoring is entered onto the Student Reclassification Form in the student cumulative file.
- If a student is failing core academic classes, MTSS monitoring will be triggered.

LTEL Reclassification Process for Students with an IEP

If a student has an Individualized Education Program, and has been receiving instruction in ELD, reclassification must be addressed through an annual IEP or addendum meeting following the District procedures for reclassifying students with disabilities. English Learners who have IEPs may be eligible for Reclassification based on progress towards their ELD goals or through comparisons on assessments (RI, SBAC, Classroom) compared to their peers who have similar disabilities but are not designated as English Learners. The special education provider, along with the IEP team, will review all data relevant to this decision and will make a recommendation during the annual IEP meeting.

Special education providers will utilize the process below to determine if a Long-Term English Learner with an IEP is eligible for reclassification.

EL Progress Monitoring Process

- 1) Teachers assign a Progress Monitoring Form
- 2) Teachers make a recommendation for next steps, which may include:
 - a. Continue existing interventions
 - b. New or targeted interventions
 - c. Grade Level Team/Counselor interventions
 - d. Other
- 3) Based on recommendation, next steps may include:
 - a. Individual meeting with counselor/teacher
 - b. Grade level team meeting
 - c. Parent conference
 - d. Other

RFEP Progress Monitoring Process

- 1) Teachers receive an Exited RFEP Progress Monitoring Form
- 2) Teachers make a recommendation for next steps, which may include:
 - a. Continue existing interventions
 - b. New or targeted interventions
 - c. Grade Level Team/Counselor interventions
 - d. Other
- 3) Based on recommendation, next steps may include:
 - a. Individual meeting with counselor/teacher
 - b. Grade level team meeting
 - c. Parent conference
 - d. Other

Evaluating the Effectiveness of EL Program and Supports

At Green Dot Public Schools, we use the following metrics to evaluate the efficacy of our designated and integrated instructional programs:

- Lexile
- SBAC Data
- i-Ready Scale Score Data
- Attendance
- A-G Completion Rates
- Graduation Rates

- Newcomer ELD Program exit rates
- Reclassification rates

Any significant performance gaps between ELs and non ELs across designated and integrated courses are used to inform programmatic and instructional decisions. As a result, the ELD Team designs EL-specific professional development for all schools to support integrated teachers in teaching ELD standards and incorporating explicit language instruction. These professional development series are new each year and are responsive to the needs of our ELs and the results of instructional walkthroughs. Each school focuses on the following areas:

- ELD Standards and Language Criteria for Success
- ELPAC Testing and Reclassification
- Progress Monitoring of ELs, LTELs and RFEPs
- Programming and Placement
- DELAC and Parent Engagement
- Affirming EL Identity & Promoting Bilingualism
- Coordination of ELD Leadership and Compliance Folders

Multiple stakeholders have opportunities to evaluate and give feedback on the efficacy of EL Programs. During DELAC meetings, parents review and evaluate EL achievement data and give feedback on EL Program options and supports. Teachers engage in progress monitoring of ELs as a way to track both programs and classroom-based interventions and to collaborate with additional stakeholders when classroom interventions are not sufficient.

Academic Calendar and School Time

A school site committee determines the daily bell schedule that meets the needs of its students. The calendar committee is facilitated by an administrator and includes teachers who collaborate on decisions while ensuring the school calendar meets the minimum requirements for instructional minutes. Ánimo Ellen Ochoa will have 183 student days and an additional 10 professional development days for all teachers. New teachers will also receive an additional 5 days, for a total of 15 professional development days. Notwithstanding the exception in the 2020-21 school year due to circumstances created by the COVID-19 pandemic, the current State minimum requirement for annual instructional minutes for middle schools is 54,000. During the 2021-26 charter term and under normal operations, Ánimo Ellen Ochoa will surpass the required number of minutes of instruction as set forth in Education Code 47612.5. Ánimo Ellen Ochoa will require its pupils to be in attendance at the school site at least 80 percent of the minimum instructional time required pursuant to EC Section 47612.5(a)(1) and 47612.5(e)(1). Students at-risk of not meeting the 80 percent requirement will be referred to the Student Attendance Review Team (“SART”). Students with absences (excused or unexcused) from a class period more than four times in a given semester will be referred to the SART for support with interventions. The SART aims to work with families to ensure that students comply with compulsory education laws. The SART is both a prevention and intervention tool that can be utilized to address truancies, excessive tardies, and excessive absences. The SART’s duties include:

- Reviewing school-wide attendance data
- Creating prevention strategies to encourage consistent student attendance
- Identifying students struggling to meet attendance expectations
- Creating intervention plans for struggling students
- Monitoring progress of students on contracts
- Determining consequences for excessive absences, up to and including, loss of course credit or referral to the judicial system

If a student is absent from a class period for more than 15 days during the course of a semester, he/she may not receive credit in that course.

We use flexible scheduling models to increase interdisciplinary work and meet specific learning needs. We plan to tailor the school schedule as much as possible to the calendar in Los Angeles Unified School District without compromising our academic program. We want to be respectful of those families who will have children in Los Angeles Unified School District and at Ánimo Ellen Ochoa.

A “Typical Day” at the Charter School – What a Visitor Should Expect to See When the School’s Vision is Being Fully Implemented

Students begin arriving at school at 7:15 a.m. and are greeted by an Administrator and Campus Aide. The Charter School environment is a small, safe school that allows teachers and staff to provide individualized attention and prepare students for college, leadership and life.

Our master schedule is designed to meet the needs of our students. Our curriculum and focus on the California content standards and CCSS provide a rigorous and well-rounded education. In order to ensure our students are successful, we have incorporated interventions into our daily schedule, including reading and math support, Read 180, and an Advisory course. Our Advisory course allows students to create a one-on-one relationship with their teacher and also is a conduit for college readiness, leadership development and overall youth development.

In each classroom, students will be taught by a highly effective teacher that will utilize a variety of instructional techniques to ensure students understand and master the material. Students will be grouped into heterogeneous classrooms where teachers utilize differentiated instruction. In addition, teachers will adopt concrete and actionable instructional techniques from Doug Lemov’s Teach Like a Champion that will enable them to focus on student engagement and student accountability for rigorous learning (e.g., No Opt Out, Right is Right, Cold Call, Everybody Writes). Teachers will be expected to use an

appropriate mix of direct instruction, cooperative learning and individual student practice for all lessons. Teachers will facilitate collaborative learning environments where high expectations for academic performance are maintained and supported through the use of a variety of instructional strategies, scaffolding and explicit modeling.

Learning continues after the school bell rings through after-school enrichment programs, tutoring, student-run clubs and competitive sports. Students may be hosting a performance. Parents may be hosting a parent meeting or attending “coffee with the principal” to hear updates about the Charter School, provide feedback and/or attend a parent education workshop.

Sample Student School Day

Time	Activity
7:25-7:55	I arrive at school and am greeted by my principal as I enter the campus. I head to the cafeteria to eat breakfast with my fellow students. At 7:55, the bell rings, and our group immediately heads to Period 1.
8:00-8:45	We start Advisory reading silently for twenty minutes. Afterwards, my advisory teacher reviews the agenda for our upcoming field trip to local universities next week. I’m so excited since this will be the first time I have ever visited a college!
8:50 -9:45	I head with several classmates to Drama class. We are learning about improvisation and practicing in small groups.
9:50-10:45	During Math Foundations I’m able to work in a smaller group setting to go over the material we’ll be covering next period. I love having a chance to ask questions and work with my classmates!
10:50-11:45	Math! It’s definitely my hardest subject this year. I review the math “Do Now” on the whiteboard and begin to tackle the problem. After our class finishes the “Do Now”, we complete independent practice on the math concepts we learned last week and share our responses to the class. I feel frustrated that I missed four out of the ten practice problems but make a note to myself to stop by my Math teacher’s office hours so I can work on this with her.
11:45 –12:20	During lunch, I eat with my friends and talk about the upcoming basketball tournament happening this weekend at our school.
12:25 – 1:20	Arriving at English class, my English teacher greets me with a “Good afternoon, Maria” and handshake. Last class, we worked in small groups focusing on understanding one poem. Today, we go around the room, and one student from each group leads a discussion of their group’s interpretation.
1:25 – 2:20	It’s finally time for my favorite class - Science! I’ve been working hard on my 3D solar system model since the whole school will get to see it, including my mom and aunt, at our Parent Night tomorrow.
2:25 – 3:20	We’re starting a new unit today in Ancient Civilizations. I’m so excited to learn about things happening around the world.

Sports, Clubs and Community Service Activities

Ánimo Ellen Ochoa believes that co-curricular sports, clubs and community service activities are central to an effective education.

Sports

Depending on student interest and sufficient fundraising, we offer a variety of boys’ and girls’ sports. Sports are offered based on student interest and demand. Practice and game facilities are secured through partnerships with local parks, recreation centers, and in some cases, District facilities.

Clubs

Ánimo Ellen Ochoa offers a variety of activities outside of the academic program. Depending on student interest and budgetary constraints, this may include Gay-Straight Alliance, Students Run LA (SRA LA), photography and other student-initiated activities. We take advantage of charter status flexibility in adjusting our schedule to allow these activities.

Professional Development

Teacher Recruitment Strategy

Green Dot does an extensive candidate search to find high quality teachers who share the same core values of meeting students' needs with a balance for high expectations. Green Dot does an extensive candidate search to find quality applicants from diverse populations to teach within our schools. Green Dot schools hire a diverse faculty comprised of the best teachers available. We achieve this goal by continuing our rigorous national recruitment process to hire highly effective teachers who are mission-aligned. Green Dot specifically looks for candidates who demonstrate an unwavering belief in the potential of all students, are passionate about improving public education and have a growth and development mindset.

Green Dot has a multifaceted recruitment strategy that focuses on sourcing high quality new and experienced teachers. We attend job fairs and conferences, advertise nationally and locally and post open positions online. We focus recruiting efforts on collaboration with local universities and colleges, as well as like-minded organizations including, Loyola Marymount, California State University, Dominguez Hills, Pepperdine, and Teach for America. We contact top graduate and education programs in the country and publicize our California schools to experienced teachers via multiple social media platforms. We recently launched our own intern program in partnership with Loyola Marymount called Adelante. Adelante is an alternate path to a single subject credential; our recruitment efforts for Adelante target Green Dot alumni and current employees working in other roles, and its coursework is largely directed by members of the Green Dot Educational Team. Additionally, we have an incentivized referral program where employees may recommend individuals for hiring consideration.

All teachers pass through Green Dot's rigorous and multi-step hiring and selection process. The process includes: 1) online application and credential check, 2) video interview, 3) lesson plan submission, 4) demonstration lesson and interview day at school and 5) reference and background checks.

Staff Selection Process

The principal is the main person running the Charter School and Green Dot takes extensive care to select the most qualified and dedicated principal. Green Dot will use its extensive relationships with a number of universities and other channels for attaining high quality principals who possess a Tier I administrative credential. Historically, Green Dot has had pools of 40-100 candidates apply for the Green Dot principal positions. Additionally, Green Dot is developing leaders within its own organization (counselors and assistant principals) through Green Dot's Administrators-in-Residence Program.

The recruiting cycle typically occurs between November and July. The selection process should take an applicant approximately 6.5 weeks to complete and has six steps: online application screen, video interview, data assignment, panel interview with Area Superintendents, school-site/principal shadow, and school site community panel. The assistant principal hiring process is identical.

During its teacher selection process, Green Dot's Human Capital and Human Resources departments will do the following:

- Research and establish job qualifications, including a list of position-specific criteria to be given to qualified applicants
- Announce openings
- Recruit applicants from a broad pool of applicants

- Request an application, resume, references, records of experiences, credentials, licenses, etc.
- Complete a video screen that measures teaching aptitude in an urban setting if applicants meet the Green Dot standard
- Complete an in-person competency assessment if applicants meet the Green Dot standard
- Complete a reference check if applicants meet the Green Dot standard
- Arrange that candidates be interviewed at the school site by stakeholders
- Have final teacher candidates teach a demonstration lesson that must be student-driven and exhibit a strong command of the subject area
- Ensure that all candidates pass TB, DOJ and FBI clearances after a conditional offer letter has been provided and before employment begins

Like every other Green Dot school, Ánimo Ellen Ochoa, during its classified staff selection process, will do the following:

- Work with Human Capital to determine necessary hires
- Announce openings
- Recruit applicants from a broad pool of applicants
- Request an application, resume, references, records of experiences, credentials, licenses, etc.
- Verify previous employment and check references of interviewed candidate(s)
- Verify TB, DOJ and FBI clearances after a conditional offer letter has been provided and before employment begins

The principal is responsible for the ultimate hiring decision and for yearly review of all school-based employees.

Ongoing Professional Development

Professional development for teachers and school site leaders is a critical component of Green Dot’s school model and program. Reflective practice occurs in an environment where there is collaboration, use of meaningful data, and thoughtful discussion regarding instruction. Incorporated into the daily routine at Ánimo Ellen Ochoa, professional development opportunities will provide teachers time to inquire about practice, study individual and group student data, develop best practices, and ensure accountability for school-wide goals. Our professional development is also standards based and incorporates CCSS in core subject areas.

Teacher Professional Development

Throughout the school year, teacher professional development activities at Ánimo Ellen Ochoa will be based on the recommended practices of Green Dot, which may include:

- **Annual Training/Retreat:** An annual three to five day retreat for school staff to plan for the year and receive professional development.
- **Mid-year Retreat:** A full day retreat for school staff to evaluate progress, reflect, and adjust the Charter School’s plan for the final semester.
- **Weekly Staff Development:** A late start or early dismissal is provided each week so that a 90 minute professional development period is established. Staff development topics are based on the assessment of student needs and identifying areas of improvement as outlined in the Charter School’s annual strategic plan.
- **Weekly Staff Collaboration:** A late start or early dismissal is provided each week so that a 60 minute collaboration period is established. Collaboration time includes grade level collaboration, department professional development, and collaboration on school-wide systems such as Advisory and Safe and Civil.
- **Department Norming Days:** Department meeting to norm teaching practices.
- **Green Dot-wide Staff Development:** Green Dot-wide meeting of content teachers to share best practices.

Professional Development topics will vary depending on the Charter School’s focus, data from assessments and teacher needs. Professional Development may be differentiated for new or experienced teachers, by content area and/or grade level. Teachers that are new to a select course may receive additional Professional Development provided by the Green Dot Education Team. A common thread in all Professional Development is how to apply best practices and strategies to meet the needs of subgroups including English Learner and Special Education students. Topics may include any of the following: effective lesson planning, analyzing data to improve instruction, multiple forms of assessment, developing engaging curriculum and creating culturally relevant pedagogy.

Green Dot has an induction practice for its new and existing teachers through Summer Professional Development and New Teacher Professional Development. Summer Professional Development focuses on the following five areas:

- **Reviewing Data from the Previous Year:** Reviewing school, department and individual data
- **Curriculum and Professional Development:** Reviewing school’s strategic plan, alignment to school-wide focus, and setting lesson plans
- **School Business:** Reviewing student policy manual and other compliance related topics
- **Teacher-Administrator Meetings:** One-on-one meetings between administrators and teachers
- **Planning:** Lesson planning, preparing syllabi and setting department goals

New Teacher Professional Development consists of the specialized trainings outlined below:

- **Summer Training:** New teachers are required to attend a mandatory 5-day training prior to the start of summer professional development.
- **Ongoing Workshops:** New teachers are required to participate in workshops that are aligned with the California Standards for the Teaching Profession, Green Dot’s College Ready Teaching Framework, and Common Core State Standards. Topics include classroom management, creating a culture of high expectations in the classroom, best practices in lesson planning, etc.
- **Monthly Support and Development Meetings:** First and second year teachers participate in monthly support and development groups at their school site.

Administrator Professional Development

For administrators, a comprehensive professional development program is in place, which includes the following:

- **Coaching:** Area Superintendents provide individualized coaching sessions for each school site administrative team twice a month. These coaching sessions are focused on the supervision of instruction, data analysis and problem solving. Principals receive additional one-on-one coaching twice a month to focus on their development and appropriate support of their Assistant Principals.
- **Principal Teams Meeting:** Area Superintendents facilitate a Principal Teams Meeting at a selected school each month. During this time, the host principal provides a focus question for the session centered on instruction or school culture. Principals walk through classrooms with this focus question in mind and provide the host principal with feedback about this focus question. These sessions help principals share ideas with regards to the supervision of instruction and the development of school culture and Principals to generate next steps to be taken at their school sites as a result of what they see at the host school. Area Superintendents will follow up with each leader that attends the Principal Teams Meeting in their biweekly coaching sessions to reflect upon their participation in the Principal Teams Meeting, lessons learned and applicable next steps for their school site.
- **95/5 Sessions:** Based on the belief that principals should spend 95% of their time on site providing instructional leadership and 5% of their time offsite in their own professional learning hosted by Green Dot’s Education Team. 95/5 is a full-day professional development session for principals and assistant principals once a month. These sessions are focused on the strategic plan developed by the Area Superintendents as they determine the most relevant focus areas based on their coaching sessions. Area Superintendents will follow up with each leader in their biweekly coaching sessions to reflect upon their participation in the 95/5 and applicable next steps for their school site.

- **Principals Retreat:** Two day retreat for all Principals, Assistant Principals and Administrators-in-Residence. The retreat allows Principals to reflect, evaluate progress and share promising practices.
- **Administrator-in-Residence Program:** One-year on-the-job training program for new school leaders with an emphasis on instructional leadership, resource management, people management, community leadership and problem-solving.

Dissemination of Practice

Green Dot and Ánimo Ellen Ochoa are committed to collaborating closely with LAUSD and other schools in order to share promising practices and learn from each other. Ánimo Ellen Ochoa will share practices with LAUSD in the following areas: effective teacher performance evaluation and student assessment systems, responsible parent and student involvement in school, and narrowing the achievement gap among students of various backgrounds.

Ánimo Ellen Ochoa intends to have both formal and informal interactions and communications with the District and with other schools in order to foster learning and sharing. Ánimo Ellen Ochoa plans to attend the annual charter school conferences/meetings, participate in the Charter Collaborative, host regular school visits, share relevant materials and communicate electronically on an ongoing basis.

Because Green Dot has a network of charter schools, LAUSD will benefit even further because Green Dot can disseminate best practices not only from Ánimo Ellen Ochoa but also from Green Dot's other charter schools.

Element 2: Measurable Pupil Outcomes and Element 3: Method by which Pupil Progress Toward Outcomes will be Measured

“The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.” (Ed. Code § 47605(c)(5)(B).)

“The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.” (Ed. Code § 47605(c)(5)(C).)

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§ 47605(d)(1), 60605.)

Charter School shall comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

STANDARDIZED TESTING

Charter School agrees to comply with state requirements for participation and administration of all state-mandated tests, including computer-based assessments. Charter School shall submit and maintain complete, accurate, and up-to-date California Longitudinal Pupil Achievement Data System (CALPADS) data in accordance with the requirements of California Code of Regulations, title 5, section 861. Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School. Upon request, Charter School shall submit, in the requested format (e.g., CD), a copy of the results of all state-mandated tests to the District.

Measurable Student Outcomes (The extent to which all pupils demonstrate attainment of the skills, knowledge, and attitudes specified as goals in the school’s educational program)

Ánimo Ellen Ochoa is using the same model as Green Dot’s other charter schools, all of which aim to outperform comparable public schools on key performance metrics, including CAASPP performance and performance on the California Department of Education Dashboard. Green Dot expects Ánimo Ellen Ochoa to perform at similar levels as other Green Dot schools. As described previously, Ánimo Ellen Ochoa expects to graduate students who will be prepared for college, leadership and life.

Ánimo Ellen Ochoa students will be:

<p>College-Directed Learners</p> <ul style="list-style-type: none"> • Able to think critically and analytically to understand complex concepts across the 	<p>Cultural Learners</p> <ul style="list-style-type: none"> • Aware of cultural differences, unique group histories and diverse perspectives

School’s Annual Goals and Description of Specific Actions to Achieve Each Goal

Refer to “Element 1: The Educational Program” for goals related to the Eight State Priorities as identified in Education Code 52060(d) and the actions Ánimo Ellen Ochoa will take to achieve these goals. Ánimo Ellen Ochoa shall adopt any templates required by the State Board of Education in developing its LCAP.

Measuring Pupil Outcomes: Student Assessments

Aligned with its firm belief in accountability, Green Dot schools have rigorous assessment and goal-setting programs to measure students' proficiency levels and ensure that each student is making progress toward becoming a responsible, well-educated adult. Students are assessed regularly from the time they enter the school through graduation and teachers monitor their progress closely. The following assessments are currently used at Green Dot's existing schools:

- **Placement exams:** All incoming enrolled students are given placement exams in order to determine proficiency levels in math and reading. Placement exams are administered during an orientation day in the spring, summer bridge or shortly after a student enrolls for those who do not participate in summer bridge. Comparable tests are given at the end of the year to measure progress. The ELPAC Initial Assessment is administered within the first 30 days of enrollment to any student who speaks a language other than English to determine English language proficiency. The ELPAC Summative Assessment is administered in the spring to all students classified as English learners until students are designated English fluent and reclassified.
- **State-Required Standardized Tests:** All state-required tests are given and analyzed closely. 5th grade scores for incoming 6th grade students are gathered after enrollment so that data can inform instructional practice.
- **Green Dot Common Assessment Program:** Green Dot schools will use quarterly assessments (benchmarks) to assess student mastery of standards, norm teaching practices across schools, and drive teacher reflection and improvement of practice. These assessments may be developed internally or may be developed by nationally-normed assessment providers such as: Glencoe and Carnegie Learning. Assessment vendors are subject to change based on recommendations and annual reviews conducted by the Green Dot Education Team.
- **Green Dot Required Assessments:** Students in all grades will be given the Reading Inventory to measure Lexile growth three times per year. The iReady assessment will be given to all students to measure Quantile growth twice per year. These metrics will monitor student and cohort level growth. Each fall, English Learner students will also take the Green Dot EL Language Proficiency Benchmark, which is based on the ELPAC tasks, in Designated ELD courses to measure EL student progress so that teachers can determine appropriate supports.
- **Traditional Classroom Assessments:** Quizzes, essays, projects and exams are delivered regularly in classes.
- **Other Assessments:** Students are also measured regularly in non-curricular areas such as class attendance and discipline.

These assessments will be used to evaluate student progress and modify instruction for both individuals and groups of students. Data analysis will be supported by the school site administrative team and Green Dot Education Team (Area Superintendent and Content Area Coaches).

Measuring Pupil Outcomes: Summative Assessment Performance Targets

Performance Targets Aligned to State Priorities (school-wide and for applicable subgroups)

Ánimo Ellen Ochoa established targets for ELA and Math on the SBAC Common Core assessment from baseline data received from the 2016-17 administration of the test. LCAP goals and targets may be adjusted based on the school's annual update and reflection on prior year academic achievement. Ánimo Ellen Ochoa will strive to achieve targets and expects to be held to the same accountability standards as District schools.

Measuring Progress Towards Outcomes: Formative Assessment

All students will be held accountable to the State Standards and supported to reach the Green Dot objectives for performance. Ánimo Ellen Ochoa will use quarterly assessments aligned to benchmark student progress in core areas including English, Math, Science and History. This program includes pacing guides, exams, data reports and analysis of student scores. Student data will be analyzed by subgroup to monitor the achievement of African American students, English Language Learners, and Special Education students. The school will monitor subgroup data after each assessment and provide appropriate intervention and resources for students as needed. The goals of the program are listed below:

- Provide the ability for schools to track individual student progress
- Create common assessment tools across the organization that allow teachers to use common data to inform instruction
- Create the opportunity for collaboration amongst teachers so that best practices can be shared across the organization
- Provide multiple opportunities for students to get accustomed to standardized testing

Ánimo Ellen Ochoa agrees to the following:

- All teachers must administer interim assessments.
- Teachers must give the assessment by the scan deadline.
- All teachers will participate in collaboration days to share reflections on their data and collaborate on next steps for unit planning.
- Ánimo Ellen Ochoa administrators must help teachers devise a plan for sharing interim data with students and parents.
- Ánimo Ellen Ochoa administrators must monitor the implementation of next steps devised by teachers after assessment is received.

In addition to passing the required number of courses appropriately distributed, graduating students complete a capstone 8th grade project that demands evidence of student learning for their three years of education at Ánimo Ellen Ochoa, demonstrating their proficiency in the goals we have set for students, which include:

- Ability to show leadership in the community setting
- Demonstration of problem-solving skills
- Showing respect for differences among people and cultures
- Confidence in academic ability and interpersonal relations
- Evidence of working cooperatively and negotiating effectively with others

This is designed to be an open-ended project in which students are given flexibility in their choice of activities for the capstone project, and we envision that students will complete this assignment with creativity and enthusiasm measuring their growth on schoolwide learning outcomes. By the end of their 8th grade year, such students will present a portfolio documenting their learning growth and acquisition of skills such as:

- Reading, writing, and mathematical competency
- Academic rigor of synthesis, analysis, and evaluation
- Technological acumen
- The ability to work in a team setting
- Initiative, perseverance, and motivation

Data Analysis and Reporting

The achievement of Ánimo Ellen Ochoa will be measured in both growth and absolute measures and will be compared to the achievement of LAUSD Resident schools that are similar in demographics and other characteristics (e.g., proximity to school, incoming student performance). Additionally, Ánimo Ellen Ochoa will analyze the school's academic performance by using publicly available data to compare the academic achievement of its students to the academic achievement of comparison District schools, and ensure that Ánimo Ellen Ochoa is also serving similar demographic characteristics as LAUSD neighborhood schools. The school will monitor the California Department of Education's California School Dashboard as information becomes available regarding measurable outcomes for all indicators. Ánimo Ellen Ochoa will also evaluate itself based on the criteria used in law and by the Charter Schools Division.

Role of Data to Monitor and Improve the Academic Program

College-prep, rigorous assessments that are aligned to State Standards will be provided to all Ánimo Ellen Ochoa students. Teachers will be trained to use the Backwards Design Model for developing instructional units. This model requires teachers to use the State Standards as a starting point for curriculum development. By adhering to this model, Ánimo Ellen Ochoa will ensure that student report card grades measure the level of student mastery of the standards. Teachers will also use student achievement results on assessments to determine areas for re-teaching. Teachers will meet at least once a semester to examine student work using protocols to assess student levels of proficiency with regards to standards. Teachers will use student performance on weekly and quarterly assessments to guide their planning and instruction.

Ánimo Ellen Ochoa will rely heavily on data collected from assessments to personalize learning for each student and to ensure proper placement in classes. Incoming 6th graders take placement exams (one in reading, and one in math) during the summer. The reading test is the Reading Inventory and this test determines a student's lexile level so that Ánimo Ellen Ochoa can determine which students are reading at an Advanced, Basic, Below Basic, or Far Below Basic level. Students who score Basic, Below Basic, or Far Below Basic on the reading assessments are placed in a year-long Read 180 course to support them in language arts. The math test is the iReady assessment used to determine math proficiency. The math test is the iReady assessment used to determine math proficiency. Students who score On Level, One Level Below, or Two or More Levels Below on the math assessments may be placed in a course specially designed to support them in their math classes.

Ánimo Ellen Ochoa staff will also use data from state assessments, diagnostic assessment (e.g. RI and iReady) and classroom assessments on a quarterly basis to inform instruction and student placement. Ánimo Ellen Ochoa will use all of these indicators to monitor student growth and school progress. Teacher recommendations of student performance the prior year may contribute to the placement of students. Should a parent or student question their academic placement in a course, a parent conference will be held to review applicable data with an administrator, counselor and/or teacher. The staff will analyze student achievement data to determine the areas of highest need and to develop specific goals and steps to be taken to increase

student achievement. Each department will set goals at the beginning of each year to determine steps to be taken to achieve the goals. The department then establishes steps to take, including resources to be used, to help them reach this goal. In addition, the review of student grades each quarter leads to discussions about the types of assessments each teacher uses as well as the ways in which teachers are grading. Administrators may provide professional development for the whole school or individual departments on grading practice based on needs. Administrators may audit gradebooks on a bi-weekly basis to assess teachers grading practices and provide support as needed.

Student achievement and assessments will also be discussed during department meetings and grade level meetings. The master schedule aims to provide all teachers in a department with a common planning period so they can meet weekly to collaborate. Additionally, departments/grade levels will meet on early release Fridays to discuss progress towards department goals and curriculum pathways. Each grade level will function as a Student Success Team that collaborates to develop individualized intervention plans for struggling students and/or high achieving students in need of a challenge. Administrators, counselors, teachers, parent and clinical services personnel will also be invited to participate in the Student Success Teams to ensure students are receiving the support they need to be successful.

Green Dot believes a critical piece to student success is a student's ability to assess his/her own work against set standards. "Plan, Do, Study, and Act" are the steps used by staff when creating unit plans and daily lesson plans. This technique is founded on the notion that teachers must clearly define what they expect students to learn if students are to achieve at high levels. Students must have visible targets for work, be able to evaluate their own work, and set goals for their own effort. Ánimo Ellen Ochoa uses the College Reading Teaching Framework to facilitate success of student self-assessment.

Methods to Ensure that All Statewide Standards are Met and Pupil Assessments Conducted

The philosophy of Ánimo Ellen Ochoa, Green Dot schools, Green Dot board members, and community stakeholders is that we will work together to set specific and measurable goals to ensure that all Green Dot schools meet their obligations with regard to student performance and school operations in order to support ongoing learning and improvement. Goals and objectives to ensure that students meet statewide standards for academic performance will involve the following four-step process—Plan, Do, Study, Act.

- ***PLAN: Setting measurable standards and goals:*** Staff has identified what students should know (content standards) and what they should be able to do (performance standards) in all learning areas at critical points in their education. Steps in this process include: reviewing the school's mission, purpose, and expectations, reviewing state and district standards, developing exit outcomes and graduation standards, and listing specific academic outcomes that students will demonstrate in each subject area, grade, or skill level.
- ***DO: Linking standards to curriculum and assessment:*** Standards, curriculum, and assessment are aligned with each other, with state guidelines, and with the school's educational goals. Professional development includes training in the use of data-driven decision making, and educators review the alignment of assessment and curriculum with the state content standards at least twice a year.
- ***STUDY: Measuring student performance and monitoring progress toward goals:*** Progress is objectively measured by the annual statewide assessments for each grade. Classroom teachers may also measure achievement using the interim benchmark assessments and classroom performance assessments. Progress is communicated to parents on a regular basis. Progress reports are issued quarterly and parents have daily access to student grades on PowerSchool.
- ***ACT: Using the data to identify strengths and areas of improvement:*** Staff will set baseline expectations for incoming students (e.g., information from previous assessments), recommend additional support if needed, administer all assessments, including school, district, and state-required testing (e.g., state-required tests, proficiency tests), develop evaluative comparisons with similar populations using disaggregated data, set priorities for professional development, and assist with the allocation of resources.

In addition, Ánimo Ellen Ochoa has a performance dashboard developed by Green Dot in order to measure the performance of all stakeholders in the school. The scorecard includes teacher, parent and student surveys, which are part of the matrix shown below. Communication of these outcomes will include student self-reflection activities integrated into classroom instruction post-assessment. Teacher reflection and analysis of data in professional development will be integrated into the year-long professional development calendar. Communication to parents may be in large group settings such as parent workshops or open forums. Individual communication to parents will come in the form of progress reports, grade reports, parent conferences and school letters.

Identification of Who will be Accountable for Student Progress

Green Dot’s governing board will hold the principal of Ánimo Ellen Ochoa ultimately accountable for the success of the school and student performance. By implementing the Green Dot school model, the Ánimo Ellen Ochoa staff will be data-driven, results-oriented and accountable for student progress in the classroom. The culture at Ánimo Ellen Ochoa will be based upon constant reflection and improvement.

Green Dot’s education team conducts program reviews annually with each school where academic and cultural outcomes are assessed and a strategic plan is put in place to ensure targets will be met. Green Dot uses student performance data as a cornerstone of its management of its schools and provides extensive development to school leadership and staff so that each school will consistently improve and surpass the goals outlined within its charter petition. The Green Dot program review includes an analysis of relevant data related to the Green Dot model. Specific cultural outcomes include an analysis of stakeholder data including teacher and counselor surveys, student surveys, and parent / family surveys. An analysis of staff stability, student discipline and safety data, attendance, and teacher effectiveness provide an overall assessment of both student and staff culture.

Grading, Progress Reporting and Promotion/Retention

Ánimo Ellen Ochoa is committed to providing a standards-based education for each of its students, and exhausting our resources to provide academic intervention to support achievement at or beyond proficiency for all students.

Grading

Green Dot requires that all of its teachers publish a grading policy for each course. Teachers publish course grading policies in each course’s syllabus and review the grading policy with the school site principal for approval. Ánimo Ellen Ochoa ’s Principal will work with teachers and departments to align grading policies across the school site. Rubrics for individual assignments may vary by teacher, department or school site. Grading weights and/or percentages may be established by school-wide or by individual departments to reflect departmental priorities (e.g. Laboratory experiments, writing assignments, etc.). Each school and course generally adheres to the following standard grading policy:

- 1) Students are given letter grades for assignments
 - A = superior work, the student consistently excels in quality of work
 - B = above average work, the student maintains a good standard of work
 - C = average work, the students does expected work at a moderate level of achievement
 - D = below average level of achievement. While this is a passing grade, the student may have to remediate the course to advance to the next level of instruction.
 - F = student does not meet minimum requirements; no credit is given.
 - The grade of “I” (Incomplete) may only be given when extended illness or other unusual circumstances, or an eligible student’s participation in Charter School’s Extended Semester Program warrant giving the student additional time to fulfill the course work. These grades must be removed within eight weeks of the next semester, or they become an “F”.
- 2) Courses typically assign a percentage of a student’s total course grade to each of the following categories: homework, quizzes, mid-terms, finals, and class projects. A “typical” class will

assign 15% of the total course grade to homework, 20% to quizzes, 20% to midterms, 30% to final exams, and 15% to class projects such as portfolios, presentations, or other authentic assessments.

Parent Communications

Parent-Student-Teacher Conferences

Green Dot Public Schools commits to good communication between home and school. When a student experiences academic difficulties, a parent conference (a meeting with parents/guardians and an administrator or team of teachers) is scheduled with the student to identify areas of difficulty and possible strategies for remediation. An action plan that aims to meet the needs of the students will be formulated at that meeting.

Progress Reports

Progress reports will be mailed home at the end of the first and third quarter. Progress reports are not final and indicate a student's performance to-date in the semester.

Report Cards

Report cards will be issued at the conclusion of each semester. Report cards will be mailed home and include final grades that will be reflected on a student's transcript.

Promotion/Retention

To be considered for promotion to the next grade level, each middle school student (grades 6 - 8) must obtain sufficient academic credit in required courses during that school year. Middle school students are required to receive academic instruction and participate in the subject areas of English, Reading, Mathematics, Science, History and Writing. On-going communication with parents via conferences, progress reports, and report cards would provide initial notification of concerns with student academic performance. If a school is going to retain a student, a conference will be held with the Principal, counselor, student and parent to ensure due process and clear supports are in place for improving student outcomes. The school considers multiple measures such as attendance, course grades, academic data, and age/maturity.

Any student who misses in excess of 15 days in a semester in a class period may not earn credit in that course. Students who fail more than two courses per school year may not be promoted to the next grade level (i.e., that student may be retained in the same grade level for the following school year). Students who fail one or two courses in a school year may be required to pass summer school to be promoted to the next grade level.

Green Dot administration reserves the right to review special circumstances and allow consideration to be given.

Element 4: Governance

Nonprofit Public Benefit Corporation

Ánimo Ellen Ochoa is an independent charter school operated by Green Dot Public Schools California (“Green Dot California”), a nonprofit public benefit corporation as defined per Education Code section 47604. Green Dot California is governed by the Green Dot California’s Board of Directors (“Board” or “California Board” or “California Board of Directors”) in accordance with its adopted bylaws, which shall be consistent with the terms of this charter. Ultimate responsibility for the governance of Ánimo Ellen Ochoa will rest with the Green Dot California Board of Directors.

Green Dot Governing Structure

Green Dot California Board Membership

The Green Dot California Board frequently discusses additions to its membership based on the need to add expertise and/or balance representation of the communities served by Ánimo Ellen Ochoa and other Green Dot California schools. Prospective Board members meet with the President and Chief Executive Officer and Board President before being invited to join the Board of Directors. All prospective Board members are required to visit a Green Dot California school and observe a Board meeting prior to being nominated. The California Board is a self-perpetuating board. California Board members are elected or re-elected at an annual, regular or special meeting of the California Board. Once a person is nominated for election to the California Board, the California Board undergoes a thorough review process including reviewing the nominee’s professional background, community involvement, and commitment to Green Dot’s mission. The California Board then votes to elect the nominee. Unless a California Board member dies, resigns or is removed from office by action of the California Board, each California Board members generally holds office for a term expiring on the second 31st day of December occurring after the date the California Board member takes office and, if the California Board member’s office otherwise would become vacant, thereafter until the California Board member’s successor is elected. The California Board may provide that the initial term of a California Board member expires on the first 31st day of December occurring after the date the California Board member takes office to provide for staggered expiration of the terms of California Board members. After an initial term, California Board members generally are up for reelection every two years. The National Board is not involved in the vetting, designation, appointment, or selection of California Board members. The National Board can, by majority vote of the quorum needed to transact business, elect to remove a California Board member if it deems that the California Board member fails to uphold the values of the Green Dot organization as outlined in the intellectual property license agreement. The California Board, by a majority vote of the California Board

members then in office, may remove a California Board member with the written consent of the National Board. In addition, the California Board, by resolution, may declare vacant the office of a California Board member who has been declared of unsound mind by an order of court, or who has been convicted of a felony, or who has been found by final order or judgment of any court to have breached a duty under Part 2, Chapter 2, Article 3 of the California Nonprofit Corporation Law.

The California Board may execute any powers delegated to it by law, and shall discharge any duty imposed upon it by law, and may delegate to the California President and Chief Executive Officer and/or the Chief Academic Officer, any of those duties, as permitted by law and the Board's Bylaws. The Board, however, retains ultimate responsibility over the performance of those powers or duties so delegated. Such delegation will: be in writing; specify the appropriate entity or persons (including, but not limited to, Green Dot's Organizational Leadership Team ("OLT") members) designated by the Board; describe in specific terms the authority of the Board being delegated, any conditions on the delegated authority or its exercise and the beginning and ending dates of the delegation; and require an affirmative vote of a majority of California Board members at a meeting compliant with the Brown Act. The National Board has no powers or responsibilities to govern Green Dot California's operations, and the California Board has not delegated any such power or responsibility to the National Board.

Board Meetings

The entire California Board meets at least on a quarterly basis. The Executive Committee of the Board meets four times a year and the Audit Committee meets as needed to support the preparation of the audit. Green Dot will ensure compliance with key Brown Act requirements by providing annual Brown Act training to the Board of Directors, and by assigning the duties to post agendas and minutes in compliance with the Brown Act to a Charter School employee who is trained in Brown Act requirements.

Notwithstanding the foregoing, the Board may modify or suspend these practices to the extent allowed by an executive order issued by a public official, or any other law, where warranted in the interests of health and safety, e.g., in response to a public health crisis or other disaster event.

Quorum and Motion Requirements

All this outreach is centralized at Green Dot, and once compiled, the principal and teachers engage in the interviewing process.

Charter School shall comply with all requirements of the *Crawford v. Board of Education, City of Los Angeles* court order and the LAUSD Integration Policy adopted and maintained pursuant to the Crawford court order by the District’s Student Integration Services (collectively the “Court-ordered Integration Program”). The Court-ordered Integration Program applies to all schools within or chartered through LAUSD.

Charter School has set forth below its initial plan for achieving and maintaining the LAUSD’s Racial and Ethnic Balance goal of a 70:30 or 60:40 ratio. (Ratio represents the percentage of Predominantly Hispanic Black Asian Other (PHBAO) compared to Other White (OW)). The written plan lists specific dates and locations of recruitment activities that Charter School will undertake in order to achieve the District’s Racial and Ethnic Balance goal. Charter School shall monitor the implementation and outcomes of the initial plan, and modify it as necessary throughout the term of the Charter to achieve the District’s goal. Upon request, Charter School shall provide the District with a copy of its current written plan.

The District receives neither average daily attendance allocations nor Court-ordered Integration Program cost reimbursements for charter school students. The District may receive the Targeted Instructional Improvement Block Grant (TIIBG) for its Court-ordered Integration Program. The District retains sole discretion over the allocation of TIIBG funding, where available, and cannot guarantee the availability of this funding.

Every effort will be made to reach out to the students and families in our attendance areas during recruitment as well as all segments of the community that are reflective of Los Angeles Unified School District. We expect to hold several informational meetings during the winter and spring of each school year, where we will share information about Ánimo Ellen Ochoa with families and their children, including how the application processes will work and how the random public lottery will operate (if the number of lottery forms exceeds the capacity of the grade level). These methods have proved very successful at Green Dot’s existing schools and Green Dot will continue to make efforts to comply with the order from Crawford et al. v. Board of Education of the City of Los Angeles (1976) 17 Cal.3d 280.

While open to all students, Ánimo Ellen Ochoa will seek to serve the students who reside in East Los Angeles and the surrounding area. The community-based recruiting effort will start in the Fall (October – December) of each year of the petition and annually may include:

- 1) Direct middle school recruiting at schools such as: Eastman Avenue Elementary; Extera Elementary School; Lorena St Elementary; and Ford Blvd. Elementary– Ánimo Ellen Ochoa hopes to make classroom presentations at public feeder schools and feeder charter schools;
- 2) Mailings – Ánimo Ellen Ochoa intends to send out flyers to area families informing them of the option to apply;
- 3) Open house meetings – Ánimo Ellen Ochoa will host numerous open houses throughout the recruiting period to inform parents about the school;
- 4) Community partnerships – Ánimo Ellen Ochoa will work community leaders to “get the word out” about the school;

- 5) Community walks – Ánimo Ellen Ochoa may go door to door, talk to families, and hand out information about the school; and
- 6) Direct advertising – Ánimo Ellen Ochoa may advertise in local media, including Spanish-language newspapers, neighborhood newspapers, church bulletins and the like. All information, collateral, meetings, and communications will be made in English and Spanish and any other language Ánimo Ellen Ochoa deems appropriate based on the needs of the community. We believe these outreach efforts will attain a racial and ethnic balance at Ánimo Ellen Ochoa reflective of the surrounding community and LAUSD.

The charter school shall maintain an accurate accounting of the ethnic and racial balance of students enrolled in the school. Ánimo Ellen Ochoa will use the PowerSchool software program to track demographic information on each individual student.

It is our goal to improve the educational opportunities for economically disadvantaged students. Ánimo Ellen Ochoa aims to serve the most impacted populations in the neighborhood and plans to do as well as or better than nearby community schools in conducting outreach for potential students, attracting a diverse student population, and serving the highest needs students within the surrounding areas. Every effort will be made to reach out to all eighth graders in our attendance areas during recruitment as well as all segments of the community that are reflective of Los Angeles Unified School District. Our outreach will include flyers sent out to families of students who would typically attend Robert Louis Stevenson Middle School, Griffith Middle School, or Belvedere Middle School to ensure that all students in the area have an opportunity to attend a Green Dot school. Community members will be notified through community meetings, mailings, personal phone calls and possibly newspaper advertisements. We expect to hold at least three informational meetings during the winter and spring annually.

Ánimo Ellen Ochoa will provide to LAUSD all requested information using District forms, including the ethnic survey. The Charter School will provide LAUSD with data for the District’s integrated student information system (MiSiS) for all enrolled students to assist with compliance monitoring. After the Charter School submits the ethnic survey information during the first year of operation, Budget Services, Financial Planning Division and Office of Student Integration Services will use the information listed below for compliance purposes:

- Norm Day Classification
- Total School Enrollment
- Number of Students by Grade Levels
- Number of Students by Ethnicities and Grade levels
- List of Register-Carrying Teachers in Classrooms
- List of all Certificated Personnel
- Unfilled Classroom Teacher Positions
- Fiscal Year-End Financial Report
- Number of Students Living Outside the LAUSD Attendance

Ánimo Ellen Ochoa will monitor the implementation and outcomes of its plan and make adjustments as needed. Ánimo Ellen Ochoa will provide a copy of the recruitment plan to LAUSD upon request.

How the Plan Will Achieve LAUSD’s Racial and Ethnic Balance Goals, Special Education Percentages, and English Learner Percentages

Prior to each lottery season that begins in October of each year, every Green Dot school will develop a recruitment plan in collaboration with the school operations team, school administrators, home office operations team, and community members. The home office operations team will provide each school with their current racial and ethnic data, along with data of their population of special education and English

Learner students, including redesignated fluent English proficient students. This data will guide the recruitment plan for the following year to help the Charter School achieve the District's racial and ethnic balance goals and a population of special education and English Learner (including redesignated fluent English proficient) students, in line with the population of the neighborhood and the population percentages of the District, as feasible. Collateral used for recruitment and enrollment packets will be distributed in English and Spanish to assist families of English Learner students during the enrollment process. Recruitment collateral, along with school websites, will highlight special education and English Learner intervention programs offered at the school to encourage families to enroll. As needed, Green Dot commits to having a representative available to speak with Spanish only families, and give information to families inquiring about special education and English Learner intervention programs.

Charter School shall provide specific information, in its outreach materials, websites, at community meetings, open forums, and regional center meetings, that notifies parents that Charter School will enroll and provide services for all students, and provides a standard District contact number for access to additional information regarding enrollment.

Charter School shall comply with all applicable federal and state laws regarding homeless and foster youth, including but not limited to the provisions of AB 379 (2015) and Chapter 5.5 (commencing with Section 48850) of Part 27 of Division 4 of Title 2 of the Education Code, as amended from time to time. Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the applicable provisions of AB 379.

Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.

Charter School shall not request or require submission of a student’s IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

Charter School shall not discourage a student from enrolling or seeking to enroll in the Charter School, nor encourage a current student from disenrolling, for any reason, including, but not limited to, the student's academic performance, nationality, race, ethnicity, or sexual orientation or because the student is a student with disabilities, academically low achieving, an English learner, neglected or delinquent, homeless, economically disadvantaged, or a foster youth. The Charter School shall not request or require a student’s records to be submitted before enrollment. The Charter School shall post on its web site the

California Department of Education notice of these requirements and shall provide the notice to parents/guardians or students age 18 and older when the parent/guardian or student inquiries about enrollment, before conducting an enrollment lottery, and before disenrollment of a student. (Ed. Code §§ 47605, 47605.6)

Charter School shall adopt policy that is consistent with the model policy developed by the California Attorney General addressing the Charter School’s response to immigration enforcement, notify parents/guardians of their children's right to a free public education regardless of immigration status or religious beliefs, prohibit the collection of information or documents regarding the immigration status of students or their family members, and fulfill other requirements of Education Code section 234.7.

PREGNANT AND PARENTING STUDENT ACCOMMODATIONS

Charter School shall provide specified accommodations to pregnant and parenting students, including, but not limited to, the provision of parental leave and reasonable accommodations on campus to a lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. If Charter School operates multiple school sites, this information shall be disaggregated by school site. (Ed. Code § 221.9.)

Admissions Requirements

Ánimo Ellen Ochoa will admit all pupils who wish to attend the school as per Education Code section 47605(e)(2)(A). If the number of pupils who wish to attend our school exceeds capacity, enrollment shall be determined by a random public drawing as described below.

Student Recruitment

Ánimo Ellen Ochoa is committed to serving all students, including low-income, economically disadvantaged students, special education students, English Learners and educationally disadvantaged students. As with other Green Dot Public Schools California schools, Ánimo Ellen Ochoa tailors its student recruiting efforts and student enrollment processes to attract all students from the communities in which it serves. All of the methods outlined in Element 7, Means to Achieve Racial and Ethnic Balance, are reflective of this mission. Specific activities that will be employed by Ánimo Ellen Ochoa include:

- The use of English and Spanish marketing collateral and materials;
- Extensive grassroots marketing; and
- Simple, easy-to-use and easy-to-understand forms and brochures.

Lottery Preferences and Procedures

Charter School will implement the following admissions process, including an open enrollment period, lottery if necessary and official enrollment process. Existing students will be exempt from the public random drawing (lottery).

Per Education Code section 47605(e)(2)(B), preference shall be given to:

1. Students with siblings currently enrolled at Ánimo Ellen Ochoa who reside within LAUSD boundaries²⁸
2. Children of Green Dot California and Green Dot National regular employees who reside within LAUSD boundaries (not to exceed 10% of total enrollment)
3. All other students who reside within LAUSD boundaries
4. Students with siblings currently enrolled at Ánimo Ellen Ochoa who do not reside within LAUSD boundaries
5. Children of Green Dot California and Green Dot National regular employees who do not reside within LAUSD boundaries (not to exceed 10% of total enrollment)
6. All other students who do not reside within LAUSD boundaries

Enrollment Period

Each party interested in enrolling at Ánimo Ellen Ochoa will be asked to complete a lottery form requesting contact information during the interest period (open enrollment period), which begins October 1st and ends no later than the first full week of December. A copy of all lottery forms will be maintained. Lottery forms request minimal student information and parent contact information and are made available both online and in paper form. The dates of the open enrollment period will be made public on Green Dot's website prior to the opening of the open enrollment period. If the number of completed lottery forms exceeds the capacity, a random, public drawing (lottery) will determine enrollment. The lottery will be held each year no earlier than the first Monday of December and no later than the third Friday of December. The date and time of the lottery will be made public on Green Dot's website prior to the opening of the open enrollment period. The process and procedures, as well as timeline, will also be made available to all interested parties in hard copy at the school's main office. Additionally, this information will be distributed, as appropriate, during the recruitment efforts described above. The lottery will be held at the school or a large community center, church, auditorium, or any public venue capable of seating all applicants comfortably. The lottery will take place on a weekday evening or weekend morning to help ensure all interested parties can attend. No test or assessment shall be administered to applicants prior to acceptance and enrollment into the school.

Lottery Procedures

At the lottery, a presentation will be made in English and/or Spanish to all interested parties about the lottery process and rules. Parents and families do not have to be present to gain admission. The lottery will be conducted using an automated online system to ensure that the process is fair and equitable for all applicants. Lottery forms submitted prior to the lottery form deadline are verified for the preferences outlined above. Applicants will receive preference in the automated system, depending on the preferences the applicant qualified for in the verification process. Qualifying lottery forms will receive preference in the automated lottery system, per the preferences outlined above.

Representatives from the school, typically the Principal and School Operations Manager, will host and present the lottery to parents and families, while a representative from Green Dot's Home Office will be charged with conducting the computer-automated portion of the lottery process. Parents and families will see a database that contains the names from each lottery form submitted to the Charter School for the upcoming school year. The Green Dot Home Office representative will sort applicants into separate tiers

²⁸ Applicants who are siblings and apply to the same Green Dot school together are given sibling admissions preference as soon as one sibling is accepted into the school during the lottery.

to give priority to the preferences in the charter petition. Applicants in tier 1 will be selected first, tier 2 second and so on until all applicants have received a lottery number. After the computer randomization is complete, the acceptance and waitlist results will be projected on the screen in the front of the room. Applicants will be admitted to the school in the order they are drawn, up to the grade-level capacity. The school reserves the right to select more than the applicable capacity for admission to ensure the school's overall enrollment is stable as long as the overall enrollment would not exceed the authorized enrollment capacity. Principals will work with the Home Office to discuss the conditions of the increase, such as historical attrition rates, enrollment capacity, master scheduling, facility capacity, etc. Should the Principal elect to enroll more students than the capacity, an announcement will be made at the lottery and additional students will be enrolled based on the lottery and the methods described. If the capacity, or adjusted capacity mentioned in the preceding sentence, for the upcoming school year is already exceeded, the school will run a waitlist lottery to determine the order of the waitlist. The school will maintain records documenting the fair execution of the lottery including the names placed into the lottery, the name of the automated online system used to conduct the lottery, the names of admitted students, and the names and order of those placed on the waiting list. The information will be maintained according to state and county document retention requirements as applicable. Annual training of lottery procedures and use of the online database is provided for appropriate school staff, including the School Operations Manager, to ensure the fair execution of lottery and waitlist procedures.

Post Lottery Procedures

All families who submitted a lottery form, including both those who did and did not attend the lottery event, will be notified in writing about the results of the lottery by the appropriate school staff within one week of the lottery via a notification letter sent to the address indicated on the form. The letter will indicate whether the child was accepted or waitlisted, and, if waitlisted, the number on the waitlist for the applicant. For students identified on the acceptance list, the letter will include steps the parents/guardians of the applicants must take to enroll the applicant in the school, such as attendance to the school's enrollment event. Schools will host at least one enrollment event for families and make three separate phone calls on three different days to confirm enrollment to families unable to attend the enrollment event.

Waitlist Management Procedures

If a lottery is required, a numbered waiting list will be created at the time of the lottery and will be ordered randomly by the automated lottery system, per the preference tiers outlined above. After the lottery, the waiting list is never re-ordered. Lottery forms submitted after the close of the enrollment period, or after capacity is reached (if no lottery is required), will be added to the waitlist; ordered on a first-come, first served basis. Should a vacancy occur, admission will be offered to the next applicant at the top of the waiting list. Students admitted off the waiting list will be notified via telephone. If the school is unable to contact the family via telephone, the family will be notified in writing via a letter sent to the address indicated on the lottery form. Families contacted from the waitlist will have 10 calendar days to accept the seat at the school. The timeline will be reasonable and take into account the needs of the school community. Typically, three separate phone calls on three different days are made, with accompanying documentation in the online database. If parents/guardians of applicants do not respond within ten calendar days, the applicant will be removed from the waitlist, and the next applicant's parents/guardians will be contacted.

The waiting list expires annually on the last day of the school year for which the student applied.

Element 9: Annual Financial Audits

“The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.” (Ed. Code § 47605(c)(5)(I).)

Charter School shall provide for an annual audit that shall be conducted in compliance with applicable state and federal laws, including but not limited to the requirements of Education Code sections 47605(c)(5)(I) and 41020 as they may be amended from time to time. Charter School shall ensure compliance with the requirements of section 41020(f)(2), which makes it unlawful, absent an Education Audits Appeal Panel waiver, for a public accounting firm to provide audit services to a local educational agency if the lead audit partner, or coordinating audit partner, having primary responsibility for the audit, or the audit partner responsible for reviewing the audit, has performed audit services for that local educational agency in each of the six previous years.

The auditor shall be on the State Controller’s list of educational auditors and shall be hired by the Green Dot California Board of Directors. This audit will be conducted in accordance with the applicable Generally Accepted Accounting Principles and will verify the accuracy of Green Dot’s and Ánimo Ellen Ochoa’s financial statements (including their Statement of Financial Position, Statement of Activities and Statement of Cash Flows), attendance and enrollment accounting practices, and review internal controls. To the extent required by law, the scope of this audit will be expanded to include any relevant items or processes identified by the Office Management and Budget such as Circular A-133. The Green Dot Finance and Accounting department works with the auditors to ensure all materials are provided, and processes, controls and policies are followed in accordance with regulations and requirements, as part of the services covered by the Service Fee.

Green Dot will use an independent auditor that is Certified Public Accountants licensed in the State of California.

It is required that annual audits will be completed within five and one-half months of the close of each fiscal year. Thereafter, a copy of the auditor's findings will be forwarded to Los Angeles Unified School District, the County Superintendent of Schools, the California Department of Education, and the State Controller's Office. All financial statements will be submitted to LAUSD by December 15th following the close of the fiscal year. If the Charter School were to have a finding, material weakness or audit exceptions, it would be addressed and corrected immediately. Audit exceptions would be addressed by the school in collaboration with the Green Dot Finance and Accounting department and the Audit Committee as soon as they were discovered. They would be addressed with the Board of Directors at the December Board meeting where the Audit is reviewed. If a global change in process were required, it would be brought up to the Audit Committee of the Board and if material the Board of Directors for approval. In addition, the principal of Ánimo Ellen Ochoa will act upon these recommendations and report such actions to Los Angeles Unified School District. (EC Section 47605 (c)(5)(I)).

The Superintendent shall make any adjustments necessary in future apportionments of all state funds, to correct any audit exceptions revealed by those audit reports. In addition, per AB 1994, Ánimo Ellen Ochoa will provide an annual financial report to LAUSD in a format developed by the Superintendent of Public Instruction. Ánimo Ellen Ochoa will submit its annual audit to the State Controller, COE, CDE and LAUSD. HOMEWORK TO SUSPENDED STUDENTS

For any student who has been suspended from school for two or more schooldays, Charter School shall provide student with the homework the student would otherwise have been assigned if requested by the student or student's parent/guardian. If a homework assignment is requested and turned in to the student's teacher either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, but it is not graded before the end of the academic term, then that assignment shall not be included in the calculation of the pupil's overall grade in the class. (Ed. Code § 48913.5)

STUDENTS WITH DISABILITIES

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program ("IEP"), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School's administrator will convene a Link Determination meeting to ask the following two questions:

A. Was the misconduct caused by, or directly and substantially related to the student's disability?

B. Was the misconduct a direct result of the Charter School's failure to implement Section 504?

NOTIFICATION OF THE DISTRICT

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
 - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
 - B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, involuntary removals, and reinstatements, and make such outcome data readily available to the District upon request.

REHABILITATION PLANS

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School’s governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

READMISSION

Charter School’s governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School’s governing board shall readmit the pupil, unless Charter School’s governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be

made available to the pupil and the pupil’s parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil’s parent/guardian within a reasonable time.

REINSTATEMENT

Charter School’s governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

GUN-FREE SCHOOLS ACT

Charter School shall comply with the federal Gun-Free Schools Act.

Discipline Foundation Policy

Students shall not be suspended or expelled for academic failure. Students shall only be suspended or expelled for actions as defined by Element 10 of this charter petition.

Green Dot has a progressive student discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Student Policy Manual, which is prepared to be consistent with applicable law, this charter petition and any policies and procedures as stated herein. The discipline policy of Ánimo Ellen Ochoa will be reviewed with students and parents, by the Principal or designee, upon admission to Ánimo Ellen Ochoa and the signing of the Student Policy Manual. Parents and students who fail to sign the Student Policy Manual do not relieve any obligation to adhere to Green Dot’s student discipline plan, but by signing the Student Policy Manual, students and parents confirm receipt and acknowledge their understanding of and their responsibility to the standards set forth in the student discipline policy. The plan includes day-to-day discipline including, but not limited to, warnings, school detentions, parent-teacher communication, student conduct agreements, counseling referrals, written assignment or reflections, in-school suspensions, Saturday schools, campus community service, disciplinary probation, and guidelines for suspension and expulsion. Understanding the impact of a loss of instructional time, students are provided assignments for completion during an out-of-school suspension and are afforded the opportunity to complete work upon return should it not be available at the time of the suspension.

Ánimo Ellen Ochoa’s student discipline policy defines student responsibilities, unacceptable behavior, and the consequences for noncompliance. The discipline policy promotes learning and protects the safety and well-being of all students, staff, and visitors at the school and serves the best interests of the school’s students and their parents/guardians. Green Dot and Ánimo Ellen Ochoa administrators have reviewed the suspension and expulsion portion of the California Education Code prior to preparing the procedures and the list of enumerated offenses for which a student may/must be suspended or expelled. These procedures are prepared to provide due process to all students. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students.

The Charter School’s discipline plan follows the District’s Discipline Foundation Policy. The school implements school-wide behavior supports and alternatives to out-of-school suspension. The school follows the Structures for Success, Teaching Expectations, Observing and Monitoring student behavior, Interacting Positively and Correcting Fluently (“STOIC”) classroom management model from Safe and

Civil schools as foundation for addressing student behavior.²⁹ This comprehensive model focuses on providing students with clear expectations, actively supervising student behavior and correcting misbehavior promptly and with positive interactions. The STOIC model creates transparent expectations for students and staff and is the framework for the school's positive behavior and intervention systems. Examples include: merit card program, teacher and student mediation, in-school suspension, parent-student shadow days, written student reflections and campus community service. Merit cards are a part of positive behavior support system that acknowledges students' positive contribution to the school community both inside and outside of the classroom. The merit card program may include recognition events and/or celebrations of students who reach a threshold amount of merits.

The MTSS model outlines academic, behavioral and social-emotional supports for all students at different tiers. All students receive behavioral supports at the Tier 1 level through a school-wide Positive Behavior Support System representing universal practices. At the Tier 2 level, more intensive support may be provided with mentoring programs, behavior support groups, and other interventions both in the classroom or outside the classroom for students not responding to Tier 1 supports. If a student continues to struggle, the MTSS team will determine if there are specific individual interventions (Tier 3) necessary to address the student's needs or if a referral to the Student Success Team is required. A Student Success Team referral may take place based on the need for individualize behavioral interventions, but would also include a comprehensive review of the student's needs academically as, well as social-emotionally. If, through the process, the Student Success Team suspects a disability, an assessment plan would be created in order to complete a comprehensive psychoeducational evaluation. For students with an IEP who are having behavioral challenges and who are in need of additional behavioral supports and interventions which are not currently in the IEP, the school would convene an IEP team meeting in order to add or revise a behavior support plan or consider other behavioral supports or whether or not a functional behavior assessment is warranted. The IEP team may also consider a re-evaluation of the student in order to determine a possible change in eligibility or to gather additional information to plan other changes to the student's plan.

The Charter School will monitor behavioral data, including in and out of school suspensions, attendance, and classroom-based infractions to ensure a data-driven approach to supporting student interventions and alternatives to suspension. When applicable, restorative practices will be implemented as alternatives to suspension.

Any campus community service issued pursuant to this Discipline Foundation Policy may take place before, after or during the school day. Any campus community service issued during the school day shall not prohibit a student's time for lunch or remove that student from instructional time.

Language translation and other necessary accommodations will be provided for students and parents as needed during any discipline conference, including the Discipline Review Board and Discipline Review Panel.

Progression of Disciplinary Procedures

A restorative approach will be applied whenever possible to build connection with the school community. Restorative practices may include, but are not limited to, community circles, mediation, restorative dialogue and conferences. School Behavior data is monitored through PowerSchool, Green Dot's student information system. PowerSchool provides teachers and administrators the ability to log positive

behavior, interventions, and consequences as needed. Additionally, Green Dot's internal Tableau system includes customized reports that school sites use to monitor progress over time.

Teacher Detention

Teachers are responsible for the day-to-day discipline in their classrooms with the understanding that teachers have many different roles beyond just disciplinarian. Teachers work with their students to meet their individual needs and teachers and students work together to find a common ground in the classroom, to ensure that learning can take place. Teachers are provided professional development on classroom management during summer professional development, and on-going throughout the school year during weekly Professional development. Professional development will include data analysis, review of school policies, alignment of grade level teams on student expectations and de-escalation strategies. Disciplinary options available to the teachers as a Teacher Detention include: warnings, teacher detentions, parent-teacher communication, student conduct agreements, counseling referrals, written assignment or reflections, and discipline referral to the Principal. Teacher detentions may take place during a student's lunch period, but would not prohibit a student time for eating lunch.

As a general rule, any teacher may assign a Teacher Detention to a student for minor classroom misconduct (e.g., chewing gum, passing notes, making inappropriate noises, minor inappropriate conflicts with others, cheating). Minor inappropriate conflicts with others may be determined at the teacher's discretion and include engaging in a verbal argument, inappropriate or disruptive banter or distracting others from the learning environment after multiple redirections of the behavior. Parents will be notified of a teacher detention directly from the teacher assigning the consequence or through the school-wide notification system. When a student has not responded to appropriate in-class interventions or there is a serious violation of the rules, he/she will be referred to the Principal. A serious violation includes any violation listed under the "Grounds for Suspension of Expulsion" section included below.

Administrative Detention

Administrative Detentions are typically held after school. During the detention period, students are to sit quietly. No activity such as listening to music or sleeping is permitted. The detention will consist of an activity (e.g., writing an assignment, sitting quietly in a classroom, assisting with cleaning the campus) that appropriately corresponds to the student's misconduct that led to the detention. Students may also complete classroom assignments and homework or complete a reflection on their misconduct. School events, activities, or athletics are not valid reasons for missing an Administrative Detention.

Once a student is issued an Administrative Detention, the student's parent/guardian is notified by telephone by the Principal or designee. Administrative Detentions are held multiple days per week to allow students to serve their detention on a day that is convenient for the family. Green Dot will use a progressive discipline system as defined in Ánimo Ellen Ochoa's Student Policy Manual to intervene in student behavior.

Grounds for Suspension and Expulsion

Suspension

Suspension is intended to maintain established policies and standards of behavior to promote learning and protect the safety and well-being of all students.

An in-school suspension shall be preceded by a conference conducted by the Principal or designee with the student and that student's parent/guardian and, whenever practical, the teacher, supervisor, or school employee who referred the student to the Principal or designee.

If a student is issued an in-school suspension without this conference, both the parent/guardian and student

shall be notified by the Principal or designee of the student’s right to return to school for the purpose of a conference. Parents are notified via phone, written in-school suspension notice and in person if possible.

A student serving an in-school suspension reports to school at the regular time in compliance with the Ánimo Ellen Ochoa’s school uniform requirements. Additional information about Ánimo Ellen Ochoa’s school uniform requirements can be found in the Student Policy Manual. Any student in need of a uniform may request assistance from the main office. Uniforms will be provided free of charge upon request. Each teacher will give the student written assignments that he/she must complete under the direct supervision of the Principal or designee. Teachers may conference with the student during their planning period to provide direct instructional support as needed. In addition to instructional support, students will be provided with counseling services as deemed appropriate. Social-emotional learning curriculum may be used to allow for individual reflection and to prepare the student to reintegrate into the school community. The student will not attend any classes or school-scheduled breaks (e.g., nutrition/recess, lunch). The student will eat lunch in the assigned room. The assigned room may be a classroom, counseling center or other office space, as deemed appropriate by the school, and will be supervised at all times by an appropriately credentialed Ánimo Ellen Ochoa staff member.

Whether suspension occurs in or out of school, the maximum number of consecutive days a student may be suspended is five (5) days, unless the suspension is extended pending an expulsion hearing with Green Dot’s Discipline Review Panel (“DRP”). Students shall not be suspended for more than a total of twenty (20) school days in a school year, unless a suspension has been extended pending an expulsion hearing. If the student has an IEP or 504 Plan and the suspension would result in the student having been suspended for more than ten (10) days cumulatively, the Charter School must determine whether or not a manifestation determination is required. The will Discipline Review Panel (“DRP”) consist of at least the following members and no more than five staff members:

- Area Superintendent, Vice President of Schools, or Chief Academic Officer
- Two administrators from a campus not bringing forth the case³⁰
- Two teachers/counselors from a campus not bringing forth the case

For students on suspension pending an expulsion hearing, the Charter School entered a Memorandum of Understanding (“MOU”) with the District. This MOU dictates that the District will provide instructional services for students on suspension pending an expulsion hearing. If the Charter School exits the MOU or the parent declines alternative placement, the School will work directly with parents/guardians to facilitate the pick-up and delivery of academic work for each course through the Charter School’s main office. Work may be picked up and delivered on a daily basis, but this should occur at least once per week. Home schooling or the facilitation of an instructor to the student’s home for a designated amount of time per week will be utilized for students on an as-needed basis. School administration will arrange for students to take exams, both teacher-administered and state tests, in Ánimo Ellen Ochoa’s main office under appropriate supervision as needed.

Suspension Procedures

In advance of a student discipline determination, including a decision to suspend a student, the Charter School administrators will conduct a thorough investigation collecting evidence, including statements from possible witnesses, to ensure that all relevant information is considered before assigning interventions or consequences. Suspensions shall be initiated by the Principal or designee according to the following procedures:

1. Conference

³⁰ Administrators, teachers and counselors are scheduled in advance to serve on DRPs. To ensure impartially, replacements can be made at any time.

Suspension shall be preceded by a conference conducted by the Principal or designee with the student and that student’s parent/guardian and, whenever practical, the teacher, supervisor, or school employee who referred the student to the Principal or designee.

The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified by the Principal or designee of the student’s right to return to school for the purpose of a conference. Parents are notified via phone, written suspension notice and in person if possible.

At the conference, subject to any omitted conference due to an emergency situation described in the preceding paragraph, the student shall be informed of the reason for the disciplinary action and the evidence against them. The student shall be given the opportunity to present their version and evidence in their defense. This conference shall be held within two (2) school days of the date that the Charter School received knowledge of the suspendable offense, unless the student’s parent or legal guardian waives this right, expressly is unwilling to attend, or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent or guardian to attend a conference with the Principal or designee. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent or guardian at the conference. As a part of the conference, the Charter School will work with parents/guardians and students to facilitate the daily pick up and delivery of academic work through the Charter’s School’s main office. A student will be eligible to make- up any assignments missed during a suspension.

2. Notice to Parents/Guardians

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date and time when the student may return to school following the suspension. The notice will also include rights and procedures for suspension appeal. If the Principal or designee wishes to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice shall request that the parent/guardian respond to the Principal or designee the next school day. There shall be no penalty to the student should the parent fail to respond to this request.

³¹ Education Code Section 48915(c) identifies all offenses in this Category I column without reference to other EC sections, except for Education Code Section 48915(d) that specifically refers to Education Code 48900(n).

*A decision to expel a student for any of the above acts shall be based on a finding of one or both of the following: (1) other means of correction are not feasible or have repeatedly failed to bring about proper conduct, and (2) due to the nature of the act, the student's presence causes a continuing danger to the physical safety of the student or others.

Student Discipline Review Board

Each school year, the Charter School will create a standing committee of at least five members for its Discipline Review Board ("DRB"), which is an advisory committee to the Principal or designee (Assistant Principal or Dean of Students) on student discipline-related issues. The DRB convenes to hold a parent conference when a student commits a serious violation of the discipline code (Categories I and II as identified in matrix above) or has broken the terms of that student's particular individualized student conduct agreement. The DRB is a site-based committee that may recommend interventions following a serious disciplinary infraction or advise a principal to recommend expulsion to the DRB. The DRB does not determine suspensions or expulsions. The DRB is comprised of at least 3 teachers, and may also include a classified employee, counselor, or dean. The DRB will not include more than 7 staff members. The Principal or designee is the facilitator of the DRB and convenes a DRB conference when needed. All other members of the DRB participate in this DRB conference by reviewing evidence, asking pertinent questions of the Principal, students and/or family member, discussing interventions, and make a recommendation for next steps. It is the responsibility of the Principal or designee to have available all pertinent materials for each gathering.

The Principal or designee should schedule the DRB conference when the suspension paperwork is issued for a serious violation of the discipline code (Categories I and II as identified in the matrix above) or when the student has broken the terms of that student's particular individualized student conduct agreement. While it is important that all evidence is collected in advance of the DRB conference, it must occur before the student returns to school at the end of the suspension period. The DRB may recommend to the Principal or designee disciplinary action, terms of probation, and expulsion. The Principal or designee considers the DRB's recommendation and makes the final disciplinary decision or expulsion recommendation. While five (5) school days is the maximum initial suspension allowed; following the DRB conference, suspension may be extended pending the results of the Discipline Review Panel ("DRP") hearing, as the student does not return to campus while they are pending the expulsion hearing, which will be held within 30 school days.

Expulsion – Dismissal from School

A student may be expelled from Ánimo Ellen Ochoa for any of the violations listed above in the section titled: "Matrix for Suspension/Expulsion Recommendation," upon recommendation from the Principal pursuant to the DRB conference and after a DRP hearing.

Upon an expulsion recommendation by the Principal or designee, the student and the student's guardian or representative will be invited to a conference with the Principal or designee to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing. Students shall not be suspended for more than a total of twenty (20) school days in a school year, unless a suspension has been extended pending an expulsion hearing.

It is a federal mandate (Federal Gun Free Schools Act of 1994) that a school expel, for a period of not less than one year (except on a case-by-case basis if modified by Green Dot's Chief Academic Officer and such modification is in writing), any student who is determined to have brought a firearm to school. The following violations shall result in an immediate suspension and a recommendation for expulsion:

- Brandishing a knife at another person;
- Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the student had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal;
- Unlawfully selling a controlled substance;
- Committing or attempting to commit a sexual assault or committing a sexual battery (as defined in 48900[n]); and
- Possession of an explosive or destructive device.

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

A student may not be suspended or expelled for any misconduct unless that act is related to school activity or school attendance occurring within a school under the jurisdiction of the Principal or occurring within any other school district. That act may occur at any time, including, but not limited to 1) while on school grounds, 2) while going to or coming from school, 3) during the lunch period whether on or off the campus, or 4) during or while going to or coming from a school-sponsored activity.

Authority to Expel

Students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by the neutral and impartial Discipline Review Panel ("DRP") following a hearing before it. The DRP will consist of at least the following members and no more than five staff members:

- Area Superintendent, Vice President of Schools, or Chief Academic Officer
- Two administrators from a campus not bringing forth the case³²
- Two teachers/counselors from a campus not bringing forth the case

³² Administrators, teachers and counselors are scheduled in advance to serve on DRPs. To ensure impartially, replacements can be made at any time.

At the beginning of the academic school year, a schedule is composed for all administrators to be “on call” for a particular month should their presence be needed at a DRP hearing.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled within the thirty (30) school days after the Principal or designee determines that the student will be recommended for expulsion. A hearing will be held even if a student does not request a hearing for purposes of creating a record that the expulsion was done in accordance with Green Dot procedures.

The DRP hearing shall be held in closed session (complying with all student confidentiality rules under FERPA) unless the student makes a written request for a public hearing at least three (3) days prior to the hearing.

Written notice will be mailed by the Principal or designee at least seven calendar days before the DRP hearing and will include student identification information, a description of the alleged misconduct, the applicable expulsion provision as listed in the above Matrix for Suspension/Expulsion Recommendations, student rights for due process, a description of the expulsion proceedings, the right to representation by counsel or advocate, the right to question all witnesses who testify at the hearing, the right for the hearing to be held in public session, the right to inspect and obtain all copies of documentation, the right to present evidence on the student’s behalf, the date, time and location of the hearing, the right to receive language translation, the right to request a reasonable accommodation, and the right to request a postponement. Upon mailing the written notice, the Principal or designee’s responsibility, it shall be deemed served upon the student.

A record of the hearing shall be made and will be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Within ten (10) school days after this hearing, the DRP facilitator (an Area Superintendent, Vice President of Schools, or Chief Academic Officer) will provide the student/parent/guardian/authorized representative with the Findings of Fact, which will include a description of the outcome of the hearing. If the DRP recommends against expulsion, the student will be immediately reinstated and permitted to return to an instructional program. If the DRP confirms the Principal’s or designee’s recommendation for expulsion, the Findings of Fact will include an expulsion order, a rehabilitation plan, and any other recommendations the DRP determines to be appropriate. The rehabilitation plan typically requires a student to maintain satisfactory attendance, enrollment in a school setting, make academic progress, and not return to the school campus from which they were expelled. Depending on the expellable offense, counseling may be recommended. A sample Findings of Fact template is available upon request. If a student is expelled, Green Dot’s Education Team will assist parents in finding a new placement for an expelled student by advising parent to call the local district Student Discipline Office if they want their child to attend a local district school or to work with the Los Angeles County Office of Education for an alternative school placement.

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by Discipline Review Panel at the time of the expulsion order. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to the Charter School for readmission. Upon request from a student’s parent or guardian, or a pupil who holds their own educational rights, the decision to readmit a student shall be made by the Discipline Review Panel. The DRP will determine whether the student has successfully completed the rehabilitation plan. The student’s readmission is also contingent upon the capacity of the Charter School at the time of the student seeks readmission.

In a hearing in which a student is alleged to have committed or attempted to commit a sexual assault or to have committed a sexual battery, a complaining witness shall be given five days' notice before being called to testify, and shall be entitled to have up to two adult support persons, including, but not limited to, a parent, guardian, or legal counsel, present during their testimony. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential. These requirements shall not preclude the person presiding over an expulsion hearing (i.e. Area Superintendent, Vice President of Schools, or Chief Academic Officer) from removing a support person whom the presiding person finds is disrupting the hearing. Further, in a hearing in which a student is alleged to have committed or attempted to commit a sexual assault or to have committed a sexual battery, evidence of specific instances of a complaining witness' prior sexual conduct is to be presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence to be heard. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A decision to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the DRP determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Appeal Rights

Students/parents/guardians have the right to appeal suspensions and expulsions. In order to appeal a suspension or expulsion, the student/parent/guardian must submit a written appeal to the Chief Academic Officer outlining the reason for the appeal, attaching any supporting documentation, within 30 calendar days from the date of the suspension or, in the event of an expulsion, within 30 calendar days from the date of the DRP's issuance of its Findings of Facts.

If requested, a suspension/expulsion appeal meeting will be held with the Chief Academic Officer and the student/parent/guardian. The Chief Academic Officer will review the supporting documentation attached to the written appeal and hear the basis for the appeal from the student/parent/guardian/authorized representative. A decision will be made on the appeal based on a review of all evidence and the Finding of Facts within 10 calendar days from the date of the expulsion appeal meeting unless an extension is mutually agreed upon between the student/parent/guardian/authorized representative and the Chief Academic Officer. If denied, the student/parent/guardian/authorized representative may appeal this decision to the Green Dot Board of Directors within 10 calendar days of the denied appeal. An appeal hearing will be scheduled to be heard by the Board within 30 calendar days of receipt of the appeal to the Board.

If the expulsion appeal goes to the Board, the Green Dot Discipline Appeal Committee ("DAC") will hold a closed session meeting to hear the appeal. The DAC is a Board Committee whose membership consists entirely of Board members. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

The DAC's duly authorized jurisdiction includes student expulsion hearings. The DAC will review all relevant materials including, but not exclusive to:

- All documents submitted during the DRP hearing by the student and the school,
- The Findings of Fact and Expulsion Order,
- Appeal letter(s) to the Chief Academic Officer and Response, and
- Letter from parent requesting an appeal to the Board.

The scope of the Board's review shall be limited to:

1. Whether the DRP acted without or in excess of its jurisdiction;
2. Whether there was a fair hearing;
3. Whether there was a prejudicial abuse of discretion in the hearing; and
4. Whether there is relevant and material evidence, which, in the exercise of reasonable diligence, could not have been produced or was improperly excluded at the hearing.

Post-Board Appeal Process

The DAC will issue a decision within 10 calendar days from the date of the expulsion appeal DAC meeting unless an extension is mutually agreed upon between the student/parent/guardian/authorized representative and the DAC. If the DAC upholds the appeal such that the expulsion is overturned, the student will be immediately reinstated and permitted to return to an instructional program. If the DAC confirms the recommendation for expulsion, the decision will include the DRP's and/or Chief Academic Officer's expulsion order, a rehabilitation plan, and any other recommendations the DAC determines to be appropriate. With any decision upholding an expulsion, the DAC shall provide students/parents/guardians/authorized representatives with support from Green Dot to find alternative placement. Green Dot provides parents/guardians with LACOE contact information for support to find an alternative placement, and Green Dot acts a liaison to the LAUSD Suspension and Expulsion Unit as needed.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Element 11: Employee Retirement Systems

“The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.” (Ed. Code § 47605(c)(5)(K).)

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School’s participation in, and/or coverage of its staff members by, the State Teachers’ Retirement System (CalSTRS), the Public Employees’ Retirement System (CalPERS), and/or federal social security.

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a “government plan” governed by section 414(d) (e.g., CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan’s requirements.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School’s existence under the same CDS code, if mandated by applicable legal and retirement plan requirements.

Subject to prevailing applicable law, Ánimo Ellen Ochoa teachers, administrators, counselors, special education program administrators, school psychologists, and clinical supervisors shall be a part of the State Teachers’ Retirement System (STRS) throughout the duration of the charter school’s existence under the same CDS code. Subject to prevailing applicable law, other employees (e.g., school operations managers, office assistants) shall be covered by the Public Employees’ Retirement System (PERS) and Social Security as appropriate throughout the duration of the charter school’s existence under the same CDS code.

Green Dot shall submit retirement contributions to LACOE in a timely manner. Green Dot ensures the accuracy of the STRS/PERS reporting to LACOE based on their long history of working with LACOE. Green Dot Human Resource staff ensure that staff are properly enrolled in STRS/PERS and Green Dot payroll staff ensure the creditable/reportable compensation is properly reported to CalSTRS and CalPERS. Green Dot accounting staff ensure that employer and employee contributions are remitted to STRS/PERS.

Element 12: Public School Attendance Alternatives

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(c)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil’s school district of residence in accordance with applicable law and that school district’s policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school’s charter. If LAUSD is the pupil’s school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

Ánimo Ellen Ochoa is a school of choice; no student is required to attend.

Ánimo Ellen Ochoa will support families interested in learning about their enrollment options by guiding them to nearby schools using resources such as LAUSD’s Resident School Finder and connecting them to the Local District Operations for placement. Office staff, counselors, and administrators are all prepared to answer such questions and take individual meetings as requested by families seeking enrollment options.

Element 13: Rights of District Employees

“The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.” (Ed. Code § 47605(c)(5)(M).)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.

Element 14: Mandatory Dispute Resolution

“The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.” (Ed. Code § 47605(c)(5)(N).)

GENERAL PROVISIONS

Any claim, controversy or dispute between the District and Charter School arising out of, or relating to, this Charter, except for any claim, controversy or dispute related to the authorization, non-renewal, revision, and/or revocation of this Charter, (“Dispute”) shall be resolved pursuant to the terms of this Element 14.

Notwithstanding any other provision of law, each party shall bear and be solely responsible for all of its own attorneys’ fees, costs and expenses associated with any Dispute, including, but not limited to, any written/oral communication, meeting, Issues Conference, mediation, arbitration, administrative and/or civil action (including all levels of appeal), and no party shall be ordered to pay, or be awarded, any other party’s attorneys’ fees, costs or expenses in connection therewith, regardless of who may be deemed the prevailing party. Any fees, costs and expenses charged by a mediator or arbitrator (including all associated administration fees, costs and expenses) shall be shared equally by the parties regardless of the outcome or award. To that effect, any order or award of attorneys’ fees, costs and/or expenses, or mediator’s or arbitrator’s fees, costs or expenses (including any associated administration fees, costs and expenses), issued by a mediator, arbitrator, judicial officer (including all levels of appeal) or jury in any Dispute shall be deemed invalid as a matter of law and unenforceable by one party against the other party.

The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.” (Ed. Code § 47605(c)(5)(O).)

REVOCACTION OF THE CHARTER

The District may revoke the Charter pursuant to the provisions set forth in the Charter Schools Act of 1992, as they may be amended from time to time. - Charter School committed a material violation of any of the conditions, standards, or procedures set forth in the Charter.
- Charter School failed to meet or pursue any of the pupil outcomes identified in the Charter.
- Charter School failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.
- Charter School violated any provision of law.

Prior to revocation, and in accordance with Education Code section 47607(g) and state regulations, the LAUSD Board of Education will notify Charter School in writing of the specific violation, and give Charter School a reasonable opportunity to cure the violation, unless the LAUSD Board of Education determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. Revocation proceedings are not subject to the dispute resolution provisions set forth in this Charter.

Pursuant to Education Code section 47607.3, a charter school identified for needing assistance and provided advice and assistance from the California Collaborative for Educational Excellence based on failure to satisfy state evaluation rubrics may be subject to revocation.

CLOSURE ACTION

The decision to close Charter School, by the governing board of Charter School must be documented in a “Closure Action”. A Closure Action shall be deemed to have been automatically taken when any of the following occur: the Charter is revoked (subject to the provisions of Education Code section 47607(f)) or non-renewed by the LAUSD Board of Education and Charter School has exhausted its revocation or non-renewal administrative appeal rights pursuant to Education Code sections 47605(k) and 47607(j), or its administrative appeal rights have lapsed, or the charter school voluntarily closes at any stage of the administrative appeal process; the governing board of Charter School votes to close Charter School; or the Charter lapses.

Financial Close-Out

After receiving notification of closure, the California Department of Education (CDE) will notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.
2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.
3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School's annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.

Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

1. Preliminary budgets
2. Interim financial reports
3. Second interim financial reports
4. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

Disposition of Liabilities and Assets

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School's governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District's personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.
2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.
3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.
4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated as or by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School's governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

- a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.
- b. Make final federal tax payments (employee taxes, etc.)
- c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

In the event that the school closes, the Chief Executive Officer and President will serve as the school's closure agent.

Additional Provisions

FACILITIES

Charter School shall comply with all geographic and site limitations and related requirements set forth in Education Code sections 47605.1, 47602(a), and 47605(a).

District-Owned Facilities

If Charter School is using District facilities as of the date of the submission of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School's occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminous with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education's approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and shall be subject to inspection by the District's Facilities Services Division, OEHS, and other District offices in the same manner as other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with

other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- **Use:** Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code 47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.
- **Furnishings and Equipment:** The District shall retain ownership of any furnishings and equipment, including technology, (“F&E”) that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.
- **Leasing; Licensing:** Use of the District facilities by any person or entity other than Charter School shall be administered by the District. The parties may agree to an alternative arrangement in the use agreement.
- **Programs, Services, and Activities Outside Instructional Program; Third Party Vendors:**
 - (i) Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term “instructional program” is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on “average daily attendance” and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.
 - (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.
- **Minimum Payments or Charges to be Paid to District Arising from the Facilities:**
 - (i) Pro Rata Share: The District shall collect, and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and
 - (ii) Taxes; Assessments: Generally, Charter School shall pay any assessment or fee imposed upon or levied on the LAUSD facilities that it is occupying or Charter School’s legal or equitable interest created by the use agreement.

- **Maintenance & Operations Services:** In the event the District agrees to allow Charter School to perform any of the operation and maintenance services, the District shall have the right to inspect the District facilities, and the costs incurred in such inspection shall be paid by Charter School.
 - (i) **Co-Location:** If Charter School is co-locating or sharing the District facilities with another user, the District shall provide the operations and maintenance services for the District facilities and Charter School shall pay the Pro Rata Share. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.
 - (ii) **Sole Occupant:** If Charter School is a sole occupant of District facilities, the District shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the District facilities in accordance with applicable laws and LAUSD's policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.
- **Real Property Insurance:** Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD's property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall **not** have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

Non-District-Owned Facilities

Occupancy and Use of the Site: Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site as a charter school. Charter School shall not exceed the operating capacity of the site and shall operate within any limitations or requirements provided by the Certificate of Occupancy and any applicable permit. Charter School may not open or operate without providing a copy of an appropriate Certificate of Occupancy to the CSD. If Charter School intends to move or expand to another facility during the term of this Charter, Charter School shall adhere to any and all District policies and procedures regarding charter material revision and non-material amendment. Prior to occupancy or use of any such additional or changed school site, Charter School shall provide an appropriate Certificate of Occupancy to the CSD for such facility. Notwithstanding any language to the contrary in this Charter, the interpretation, application, and enforcement of this provision are not subject to the Dispute Resolution Process outlined in Element 14.

This requirement shall also apply to the

construction, reconstruction, alteration of or addition to the facility. Charter School shall resolve in a timely manner any and all corrective actions, orders to comply, and notices issued by any authorized building and safety agency. Charter School cannot exempt itself from applicable building and zoning codes, ordinances, and ADA/Section 504 requirements. Charter School shall maintain on file readily accessible records that document facilities compliance and shall promptly provide such documentation to the CSD upon request.

AHERA requires that any building leased or acquired that is to be used as a school or administrative building shall maintain an asbestos management plan.

Facsimile or reproduced signatures may be acceptable upon review by the Division of Risk Management and Insurance Services. However, the District reserves the right to require certified copies of any required insurance policies.

In the event that Charter School owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State's adjustment to allocation of special education revenues from Charter School, Charter School authorizes the District to deduct any and all of the in lieu property taxes that Charter School otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. Charter School further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to Charter School. Should this revenue stream be insufficient in any fiscal year to cover any such costs, Charter School agrees that it will reimburse the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

Charter School shall supervise and manage any and all student body funds in a manner consistent with the provisions of Education Code sections 48930-48938. The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

All charter schools are required to interface with My Integrated Student Information System (MiSiS) via a web based Application Programming Interface (API). MiSiS is a suite of applications which is designed to capture all student data.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil’s basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil’s parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil’s educational rights holder, and shall inform the pupil, the pupil’s parent or guardian, or the pupil’s educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil’s parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, “involuntarily removed” includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).” (Ed. Code § 47605(c)(5)(J).)

GENERAL PROVISIONS

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform him or her of the basis for which the pupil is being involuntarily removed and his or her right to request a hearing to challenge the involuntary removal. If a parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated in this section.

HOMEWORK TO SUSPENDED STUDENTS

For any student who has been suspended from school for two or more schooldays, Charter School shall provide student with the homework the student would otherwise have been assigned if requested by the student or student's parent/guardian. If a homework assignment is requested and turned in to the student's teacher either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, but it is not graded before the end of the academic term, then that assignment shall not be included in the calculation of the pupil's overall grade in the class. (Ed. Code § 48913.5)

STUDENTS WITH DISABILITIES

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If

a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
- B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

NOTIFICATION OF THE DISTRICT

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
 - Copy of parental notice of expulsion hearing
 - Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
 - If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA including the Expulsion Analysis page of the pre-expulsion IEP
 - If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
 - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
 - B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School

must notify the superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, involuntary removals, and reinstatements, and make such outcome data readily available to the District upon request.

REHABILITATION PLANS

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

READMISSION

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

REINSTATEMENT

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

GUN-FREE SCHOOLS ACT

Charter School shall comply with the federal Gun-Free Schools Act.

Element 11 – Employee Retirement Systems

“The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.” (Ed. Code § 47605(c)(5)(K).)

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School’s participation in, and/or coverage of its staff members by, the State Teachers’ Retirement System (CalSTRS), the Public Employees’ Retirement System (CalPERS), and/or federal social security.

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a “government plan” governed by section 414(d) (e.g., CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan’s requirements.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School’s existence under the same CDS code, if mandated by applicable legal and retirement plan requirements.

Element 12 – Public School Attendance Alternatives

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(c)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil’s school district of residence in accordance with applicable law and that school district’s policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school’s charter. If LAUSD is the pupil’s school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

Element 13 – Rights of District Employees

“The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.” (Ed. Code § 47605(c)(5)(M).)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.

Any fees, costs and expenses charged by a mediator or arbitrator (including all associated administration fees, costs and expenses) shall be shared equally by the parties regardless of the outcome or award. To that effect, any order or award of attorneys’ fees, costs and/or expenses, or mediator’s or arbitrator’s fees, costs or expenses (including any associated administration fees, costs and expenses), issued by a mediator, arbitrator, judicial officer (including all levels of appeal) or jury in any Dispute shall be deemed invalid as a matter of law and unenforceable by one party against the other party.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

Disposition of Liabilities and Assets

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School's governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District's personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.
2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.

Additional Provisions

FACILITIES

Charter School shall comply with all geographic and site limitations and related requirements set forth in Education Code sections 47605.1, 47602(a), and 47605(a).

District-Owned Facilities

If Charter School is using District facilities as of the date of the submission of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and

commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School's occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminous with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education's approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and shall be subject to inspection by the District's Facilities Services Division, OEHS, and other District offices in the same manner as other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- Use: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code

47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.

- Furnishings and Equipment: The District shall retain ownership of any furnishings and equipment, including technology, (“F&E”) that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.
- Leasing; Licensing: Use of the District facilities by any person or entity other than Charter School shall be administered by the District. The parties may agree to an alternative arrangement in the use agreement.
- Programs, Services, and Activities Outside Instructional Program; Third Party Vendors:
 - (i) Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term “instructional program” is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on “average daily attendance” and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.
 - (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.
- Minimum Payments or Charges to be Paid to District Arising from the Facilities:
 - (i) Pro Rata Share: The District shall collect, and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and
 - (ii) Taxes; Assessments: Generally, Charter School shall pay any assessment or fee imposed upon or levied on the LAUSD facilities that it is occupying or Charter School’s legal or equitable interest created by the use agreement.
- Maintenance & Operations Services: In the event the District agrees to allow Charter School to perform any of the operation and maintenance services, the District shall have the right to inspect the District facilities, and the costs incurred in such inspection shall be paid by Charter School.

- (i) **Co-Location**: If Charter School is co-locating or sharing the District facilities with another user, the District shall provide the operations and maintenance services for the District facilities and Charter School shall pay the Pro Rata Share. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.
 - (ii) **Sole Occupant**: If Charter School is a sole occupant of District facilities, the District shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the District facilities in accordance with applicable laws and LAUSD's policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.
- **Real Property Insurance**: Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD's property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall **not** have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

Non-District-Owned Facilities

Occupancy and Use of the Site: Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site as a charter school. Charter School shall not exceed the operating capacity of the site and shall operate within any limitations or requirements provided by the Certificate of Occupancy and any applicable permit. Charter School may not open or operate without providing a copy of an appropriate Certificate of Occupancy to the CSD. If Charter School intends to move or expand to another facility during the term of this Charter, Charter School shall adhere to any and all District policies and procedures regarding charter material revision and non-material amendment. Prior to occupancy or use of any such additional or changed school site, Charter School shall provide an appropriate Certificate of Occupancy to the CSD for such facility. Notwithstanding any language to the contrary in this Charter, the interpretation, application, and enforcement of this provision are not subject to the Dispute Resolution Process outlined in Element 14.

This

requirement shall also apply to the construction, reconstruction, alteration of or addition to the facility. Charter School shall resolve in a timely manner any and all corrective actions, orders to comply, and notices issued by any authorized building and safety agency. Charter School cannot exempt itself from applicable building and zoning codes, ordinances, and ADA/Section 504 requirements. Charter School shall maintain on file readily accessible records that document facilities compliance and shall promptly provide such documentation to the CSD upon request.
