

## Green Dot Public Schools California Technology Device Check-Out & Home-Use Permission Form

Before a student is granted permission to check out an assigned technology device, the student and their parent or guardian must sign and return this Permission Form.

The technology device that your child is being issued is an educational tool and should be used in that capacity. You are encouraged to review Section C. 7.0 (Acceptable Use of Technology), Section C. 19.0 (Student Fees), and Section C. 20.0 (Textbooks, Instructional Materials, and Green Dot Issued Technological Devices) of the Student Policy Manual, and the Acceptable Use of Technology Policy & Agreement, which govern the student's use of Green Dot technology. Failure to comply with these policies may result in loss or restriction of device check-out and home-use privileges.

By signing below, you, as the parent/guardian, assume financial responsibility for the device.

If the technology device has a failure of an internal part, it will be repaired or replaced at no cost to you. **If the technology device assigned to the student is willfully lost, stolen, or damaged, you may be held responsible for the costs of any repair or replacement.**

**All technology is the property of Green Dot Public Schools California, which reserves the right to demand the immediate return of the technology device at any time.** The device must only be used by the student who is listed on, and has signed, this Permission Form below.

If you, as the parent/guardian, do NOT give permission for your child to check out the technology device for use at home, please check the appropriate box below and the school will honor your request.
