

### E-rate - Q&A - FY25-CA02

1. Please confirm the hours of site availability for deployment.  
**The hours of site availability for deployment varies by school site but in general will be after school hours (3pm PST until 10pm PST).**
2. Please confirm the use of a C-10 contractor's license will be required.  
**Answer: The use of a C-10 contractor's license is required for ITEM 3 in the event a change is needed on the existing electrical outlets. The use of a C-7 contractor's license is required for ITEM 2 in the event a change is needed on the existing ethernet cabling. No contractor's license is needed for ITEM 1.**
3. Could the district please provide a list of sites applicable to this RFP?  
**Answer: The list of sites pertaining to each item number can be found starting on page 29 in the RFP.**
4. Could the district please provide an equipment list by site?  
**Answer: The list of sites pertaining to each item number can be found starting on page 29 in the RFP.**
5. Regarding Item 3 (UPS): Please let us know how many UPS's are to be replaced at each of the school sites that are part of this project.  
**Answer: The list of UPSes to be installed at each site is listed on page 33 of the RFP.**
6. RFP FY25-CA02 states GDPDC intends to implement this project over multiple years. Can you please provide bidders with an idea of your implementation schedule?  
**Answer: The implementation plan is To be Determined, generally expected to be over 3 years, subject to district needs and available budget. At this time, we plan to implement ITEM 1 in FY28, ITEM 2 in FY27 and ITEM 3 in FY26.**
